CHIEF'S PREFACE

The Department Policy Manual provides the framework to perform our law enforcement mission.

These policies have been established as a result of an ever-changing assimilation of legal and best-practice principles in the law enforcement profession. These policies, coupled with professional training, provide you with the tools to carry out your law enforcement responsibilities.

We are tasked with providing effective service to our community in a professional and ethical manner. All members of this department are held to the highest standard by the citizens we serve and adherence to these policies is one of the requirements of these standards. As Chief of Police, I am honored to work with such a dedicated group of individuals.

This manual is effective immediately. Department personnel are responsible for knowing and adhering to its contents.

LAW ENFORCEMENT CODE OF ETHICS

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

MISSION STATEMENT

The North Riverside Police Department mission is to preserve public safety and quality of life within the Village of North Riverside, to respond effectively to the changing needs of the community, and to promote mutual respect between the Police Department and the people we serve.

Our Statement Of Values:

These values guide the operation of the Department and the conduct of its members. These are our fundamental beliefs from which our Department sets policy, delivers services and implements programs. Values set standards for our members in executing their public safety duties.

Our Highest Priority is the Protection of Human Life. This belief is reflected in every aspect of our department's conduct.

We treat members of the public with respect and dignity. We maintain the highest levels of integrity and professionalism in all actions. We will treat all those we serve in a compassionate, sensitive, courteous and professional manner, regardless of sex, race, lifestyle or reason for police contact. The integrity of the Department must not be compromised. There can be no question or suspicion among the citizenry regarding Department ethics. Professionalism requires impeccable conduct, careful protection of all citizens' rights and the maintenance of high levels of accountability from all members of the Department.

We are committed to solving neighborhood problems. We care about the quality of life in North Riverside and believe that our services must answer their needs. The Department will provide a rapid and effective response to life threatening situations and other public safety emergencies. Yet, we must seek new ways to address the contemporary neighborhood problems of crime, fear of crime, disorder, and physical and social decay.

We maintain open communication with the community we serve. Their input helps to determine police policies, priorities and strategies. The Department recognizes the need to collaborate with the public in order to reduce crime, disorder, fear and all those negative factors lessening the quality of life. We cannot effectively deal with these by ourselves. Through open communication, we strive to increase public understanding of law enforcement complexities, to ensure the certainty that Department priorities match community expectations, and to inform the public of the reasons for police actions.

We believe that policing strategies must preserve and advance democratic values. The Law enforcement officer in a democratic country must be the living expression of the values and potentialities of democracy. Police officers must, as a matter of course, know and use the most effective techniques for enforcing the law and maintaining order. Moreover, they must perform their duties in a manner that helps to preserve and extend the precious values of a democratic society. Thus, police must respect and protect the rights of all citizens as guaranteed by the Federal and States Constitution. These rights include the right to move throughout the Village without fear, the right to be free of harassment and discrimination and the right to speak and/or demonstrate one's opinion in a lawful and orderly way.

203.3 TRAINING PLAN

It is the responsibility of the Patrol Commander to develop, review, update and maintain a training plan and to ensure that mandated basic, in-service and department-required training is completed by all members as needed or required. The training plan should include the anticipated costs associated with each type of training, including attendee salaries and backfill costs. The plan should include a systematic and detailed method for recording and logging of all training for all members.

While updates and revisions may be made to any portion of the training plan at any time it is deemed necessary, the Patrol Commander shall review the entire training plan on an annual basis.

The plan will include information on curriculum, training material, training facilities and scheduling. The plan will address federal, state and department-required, minimum-mandated training of officers and other members.

203.3.1 STATE-MANDATED TRAINING

Officers must successfully complete the Minimum Standards Basic Law Enforcement Training Course or a similar ILETSB-approved training program within six months of full-time employment (50 ILCS 705/8.1).

- (a) The basic training requirement may be waived if the employee is eligible for certification by meeting training and certification standards within the parameters, extensions, and exceptions set by ILETSB (50 ILCS 705/8.1).
- (b) State-mandated training requirements every year include (50 ILCS 705/7):
 - 1. ILETSB-approved use of force training.
 - 2. Legal updates.
- (c) State-mandated training requirements every three years include (50 ILCS 705/7; 50 ILCS 705/10.19; 725 ILCS 203/20):

203.4 TRAINING NEEDS ASSESSMENT

The Training Section will conduct an annual training-needs assessment of the Department. The needs assessment will be reviewed by staff. Upon approval by the staff, the needs assessment will form the basis for the training plan for the fiscal year.

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the electronic mail (email) system provided by the Department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., Illinois Freedom of Information Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

204.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message, including any attachment, that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

204.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the email system is prohibited, will not be tolerated and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Deputy Chief. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure should minimize the misuse of an individual's email, name and/or password by others.

204.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the Illinois Freedom of Information Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

North Riverside Police Department

North Riverside PD Policy Manual

Electronic Mail

The Freedom of Information Officer or Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

Administrative Communications

205.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

205.2 DEPARTMENT E-MAIL

Department E-mail may be issued periodically by the Chief of Police to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

205.3 CORRESPONDENCE

In order to ensure that the letterhead and name of the Department are not misused, all external correspondence shall be on Department letterhead. Personnel should use Department letterhead only for official business and with approval of their supervisor.

205.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police or a Deputy Chief.

Supervisory Staffing Levels

206.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

206.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of at least one regular supervisors on duty whenever possible. The Patrol Commander will ensure that at least one field supervisor is deployed during each watch whenever possible.

206.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and unforeseen circumstances, a qualified corporal may be used as field supervisors in place of a patrol sergeant.

With prior authorization from the Patrol Commander, a qualified corporal may act as the Shift Sergeant for a limited period of time.

Retiree Concealed Firearms

207.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of North Riverside Police Department identification cards under the Law Enforcement Officers' Safety Act (LEOSA) and Illinois law (18 USC § 926C; 50 ILCS 705/10).

207.2 QUALIFIED RETIREES

207.4 ILLINOIS LAW ENFORCEMENT TRAINING AND STANDARDS BOARD PERMITS

Retirees who wish to carry a concealed firearm may apply for an ILETSB permit through the Illinois Retired Officer Concealed Carry (IROCC) office. Application information is available on the IROCC website (20 Ill. Adm. Code 1720.250).

207.5 FORMER OFFICERS RESPONSIBILITIES

A former officer with a card issued under this policy shall immediately notify the Shift Sergeant of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions Policy.

207.5.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the [officer_deputy] and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

North Riverside Police Department

North Riverside PD Policy Manual

Use of Force

300.2.1 DUTY TO INTERCEDE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force.

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor as soon as feasible.

300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

A peace officer, or any person whom he has summoned or directed to assist him, need not retreat or desist from efforts to make a lawful arrest because of resistance or threatened resistance to the arrest. He is justified in the use of any force which he reasonably believes to be necessary to effect the arrest and of any force which he reasonably believes to be necessary to defend himself or another from bodily harm while making the arrest. However, he is justified in using force likely to

North Riverside Police Department

North Riverside PD Policy Manual

Use of Force

cause death or great bodily harm only when he reasonably believes that such force is necessary to prevent death or great bodily harm to himself or such other person, or when he reasonably believes both that:

- (1) Such force is necessary to prevent the arrest from being defeated by resistance or escape; and
- (2) The person to be arrested has committed or attempted a forcible felony which involves the infliction or threatened infliction of great bodily harm or is attempting to escape by use of a deadly weapon, or otherwise indicates that he will endanger human life or inflict great bodily harm unless arrested without delay.

A peace officer making an arrest pursuant to an invalid warrant is justified in the use of any force which he would be justified in using if the warrant were valid, unless he knows that the warrant is invalid.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.

Use of Force

- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the North Riverside Police Department for this specific purpose.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.3.6 RESPIRATORY RESTRAINTS

A member shall not apply direct pressure to the throat, windpipe, or airway of a person with the intent to reduce or prevent the intake of air (chokehold) unless deadly force is justified (720 ILCS 5/7-5.5). A member shall not use a chokehold or any lesser contact with the throat or neck area of another in order to prevent the destruction of evidence by ingestion (720 ILCS 5/7-5.5).

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

North Riverside Police Department

North Riverside PD Policy Manual

Use of Force

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the TASER device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.

Use of Force

- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.

North Riverside Police Department

North Riverside PD Policy Manual

Use of Force

- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 - 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT SERGEANT RESPONSIBILITY

The Shift Sergeant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

300.9 USE OF FORCE ANALYSIS

At least annually, the Patrol Deputy Chief should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects, or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.

- (d) Policy revision recommendations.

Guidelines for Investigations of Use of Force Incidents Involving Death or Great Bodily Harm

301.1 PURPOSE AND SCOPE

This policy is established to provide guidelines for responding to, reporting and investigating use of force incidents involving death or great bodily harm by department personnel, and to familiarize personnel with procedures to be followed in these incidents.

This policy is intended for internal department use only and should not be construed as the creation of a higher standard of safety or care in any civil or criminal procedure with respect to third party claims. The department will respond to use of force incidents involving death or great bodily harm in a controlled, preplanned fashion designed to balance the need to preserve the integrity of the department, while also protecting the rights of its officers. The department will investigate, or cause to be investigated, any known or use of force incidents involving death or great bodily harm by its officers or peace officers of another jurisdiction.

If an outside agency is requested to investigate such an incident involving department members, the department will conduct an administrative review of the incident at an appropriate time as directed by the Chief of Police or designee. No actions shall be taken by the department that will interfere with the investigation conducted by an outside agency.

301.2 SUPERVISORY RESPONSE FOLLOWING A USE OF FORCE INCIDENT INVOLVING DEATH OR GREAT BODILY HARM

This department's goal is to minimize the negative effects and potential threat to health of any involved officers.

- (a) Upon notification that an officer has been involved in a use of force incident involving death or great bodily harm, the on duty supervisor will immediately respond to the scene. The initial responsibilities of the responding supervisor and back up officers are:
 - 1. Determine if the scene is safe to approach and which approach is best.
 - 2. Establish a perimeter to prevent further criminal violence either by the offender(s) or others coming on scene and to protect persons present from all associated hazards.
 - 3. Assess the scene for injuries to officers and others. Get medical assistance.
 - 4. Determine if the suspect(s) is still at large. Obtain a description and initiate a search.
 - 5. Establish a command post location and staging area for police, EMS and support units.
 - 6. Secure the scene. Identify and control evidence that could be lost contaminated, or destroyed.

North Riverside Police Department

North Riverside PD Policy Manual

Guidelines for Investigations of Use of Force Incidents Involving Death or Great Bodily Harm

7. Identify, isolate, and control witnesses.
- (b) Upon initial response, the supervisor should focus his attention to officer safety and public safety concerns. The involved officer(s) will provide a response to their supervisor to public safety questions, if physically able. This early stage should focus on what happened and what areas are to be included in the scope of the investigation. Detailed explanations or justifications of officer's actions are premature and not required at this point in time. A further detailed accounting of the incident will be obtained at the appropriate time. Due to the immediate need to take action, officers do not have the right to wait for legal or union representation before answering these limited questions:
 1. If you know of anyone who was injured, what is his or her location?
 2. In what direction did you fire your weapon(s)?
 3. If any suspects are at large, what are their descriptions?
 4. What was their direction of travel?
 5. How long ago did they flee and what are they wanted for?
 6. With what weapons are they armed with?
 7. Does any evidence need to be preserved and if so where is it located?
 8. Did you observe any witnesses and where are they?
- (c) Request appropriate manpower response. Insure that proper command notification is implemented.
- (d) After securing the scene and witnesses, focus should be moved to the involved officer(s). The department recognizes that officers involved in shooting situations or use of force incidents involving death or great bodily harm are likely to experience one or more of the following physiological reaction.
 1. A sense of slow motion, caused by accelerated thought process.
 2. A sense of detachment, including auditory blocking.
 3. Tunnel vision.
 4. A skewed sense of time, space relations.
 5. Nausea or vomiting.
 6. An increase in blood pressure.
 7. Rapid heartbeat.
 8. Loss of control of bodily functions.
 9. Speech impairment.

North Riverside Police Department

Guidelines for Investigations of Use of Force Incidents Involving Death or Great Bodily Harm

10. Uncontrollable crying.
 11. Shock.
 12. Guilt.
 13. Anger.
 14. Disbelief.
- (e) Officers should be removed from the scene as soon as feasible. Any physical or psychological health issues must be attended to. Officers involved in shootings or serious injury events should attend a confidential psychological evaluation.
1. Officers involved shall be transported as soon as feasible to the hospital for medical evaluation. Assign a supportive peer officer to accompany and remain with the officer and provide assistance. The support officers will secure all equipment of the involved officer. The equipment shall remain in the identical condition as when secured. No weapon will be unloaded or changed in condition.
 2. Arrange to have the involved officer contact family, clergy, and or legal counsel. Officer(s) involved either directly or as a witness shall not be placed in the rear seat of a squad car. No officer will be held or isolated in any area without a peer support officer.
 3. The Chief of Police or his designee shall, where feasible, will personally go to the home of the officer involved to make notification to family members and provide transportation to the hospital or other location as required. If the officer involved is injured, every reasonable effort will be made to make in person notification. If it is not feasible to make in person contact, only then shall telephone contact be initiated. Every effort will be made to assist the family member(s) with transportation and support person(s).
 4. After the medical evaluation and treatment (if required), the officer will be provided transportation to his or her home. The involved officer shall not be permitted to drive themselves home. No investigative examination or interview of the officer will take place until the Chief of Police or his/her designee authorizes such.
 5. Should the incident take place outside the jurisdictional boundaries of the agency, the first responding officer or supervisor will immediately take charge and control of the involved officer and remain with them at all times. The involved officer and the supporting/responding officers should take into consideration the direction and assistance of the local agencies officers. However, where the directions or orders of another agency are contrary to the general orders or operating procedure of the Police Department, the officer involved or responding/supporting officers shall not be required to follow any directive of

North Riverside Police Department

Guidelines for Investigations of Use of Force Incidents Involving Death or Great Bodily Harm

another police agency or take commands of any officer of another agency without the express authorization of the Chief of Police or his designee.

(f) On-Scene Investigation

1. Secure and protect the crime scene.
2. Begin detailed witness canvass. Identify all witnesses and persons present who indicate that they did not witness anything. Keep a detailed record of such persons but do not interview. Prior to the interview by investigators, any witness to the events should be controlled and isolated so as to not allow contamination of memory by others. As soon as a police vehicle is available, witness(s) agreeing to be transported, will be taken individually to the police station for an interview. In case a witness absolutely needs to leave, a summary of events should be taken in the presence of at least two officers and detailed contact information should be gathered for the investigators. The witness(s) should be informed that the interview should take place at the earliest opportunity.
3. Begin evidence identification. Evidence Technicians shall be requested from the State Police or other Police agency. The Chief of Police shall designate which agency to be contacted. In the event that the Chief of Police is not available, his or her designee shall make such decision. Evidence will not be disturbed, moved, or collected until specific permission has been granted by the lead investigator. An exception to this is allowed when evidence is at risk of being lost, destroyed, or contaminated if not collected immediately.

(g) Assignment of Investigator(s) or Request for outside agency assistance.

1. The Chief of Police, or designee will determine if the incident will be investigated by department personnel or whether to request the Illinois State Police Public Integrity Task Force or other agency to respond and investigate.
 - (a) If department personnel are utilized, the following guidelines will be adhered to:
 1. No person involved in the incident will be a part of the investigation unit, other than to file necessary reports.
 2. Generally, supervisory personnel will be used to conduct the investigation.
 3. No one will be assigned to investigate an incident that includes a person of senior rank to him or her.
 4. The State' Attorney's Office will be advised and this agency will comply with any of the existing requirements of that office.
 - (b) The following procedures will be used if the Illinois State Police Public Integrity Task Force is requested:

North Riverside Police Department

North Riverside PD Policy Manual

Guidelines for Investigations of Use of Force Incidents Involving Death or Great Bodily Harm

1. Contact the Illinois State Police Public Integrity Task Force.
 2. The Illinois State Police Public Integrity Task Force will generally have a one - two hour response time.
 3. The Illinois State Police Public Integrity Task Force will begin with an examination of the scene and a briefing from the requesting supervisor. Generally, the Task Force will interview civilian witnesses, non-involved officers, and lastly interview the involved officer(s).
 4. The Task Force will provide a review of information to the Chief of Police after the incident and initial subsequent investigation. This will be followed by a detailed written investigation after all of the evidence has been processed and all outside reports are available.
- (h) Release of Information:
1. The Chief of Police or his or her designee, will be responsible for the issuance of any statements to the public, including the news media. No identification of involved personnel will take place without the express authorization of the Chief of Police or his designee. No member of the department will make any comment or release any information to any person outside the police department without the express authorization of the Chief of Police.
- (i) Officer involved in the use of force involving death or great bodily injury to any person(s) shall:
1. Be temporarily removed from line of duty assignments.
 2. Be assigned to meet with a trained and licensed psychologist or licensed social worker experienced in dealing with these incidents for a minimum of one session, prior to the officer being authorized to return to full duty.
 3. Be ordered to take paid administrative leave at the discretion of the Chief of Police or his designee.
 4. The department may choose to engage the Northern Illinois Critical Incident Stress Debriefing Team. If the CISD Team is requested all personnel involved in the event will be included. The CISD team can be reached by calling 800-225-CISD, 24 hrs.
- (j) Any firearms, less-lethal tools, other instruments, or items involved in the incident will be identified and collected by evidence technicians and held for investigation. Firearms or other equipment not involved in the incident shall not be taken into evidence unless there is a specific identifiable need to do so. In the event an officer's duty handgun is taken for evidentiary purposes.

Deadly Force Review

302.1 PURPOSE AND SCOPE

This policy establishes a process for the North Riverside Police Department to review the use of force by its employees.

302.2 POLICY

The North Riverside Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REVIEW BOARD

The Use of Deadly Force Review Board will be convened when the use of deadly force by an employee results in very serious injury or death to person.

The Use of Deadly Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Deadly Force Review Board to investigate the circumstances surrounding any use of force incident.

302.3.1 COMPOSITION OF THE BOARD

The Use of Deadly Force Review Board shall be comprised of the following persons:

Deputy Chief of Police

Patrol Commander

Current labor union president or designee

The Deputy Chief will serve as the Chairperson.

The Deputy Chief will convene the Use of Deadly Force Review Board as necessary. It will be the responsibility of the Patrol Commander to notify the Chief of Police of any incidents requiring board review. The Patrol Commander will also ensure that all relevant reports, documents, and materials are available for consideration and review by the board. The actions of the Use of Deadly Force Review Board will not interfere with any investigation conducted by the Illinois State Police Public Integrity Unit or review of the incident by the Cook County State's Attorney Office.

302.3.2 RESPONSIBILITIES OF THE BOARD

The Use of Deadly Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

North Riverside Police Department

North Riverside PD Policy Manual

Deadly Force Review

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

If it appears that the actions of the employee may result in criminal charges or disciplinary action by the Department, the board will conduct the interviews in accordance with department disciplinary procedures. The board does not have the authority to recommend discipline.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Patrol Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the North Riverside Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 SHIFT SERGEANT RESPONSIBILITIES

The Shift Sergeant may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 RANGE OFFICER RESPONSIBILITIES

The Range Officer shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Range Officer or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Range Officer for disposition. Damage to Village property report shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Control Devices and Techniques

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

303.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate paramedics or medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.

Control Devices and Techniques

- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the range locker. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Control Devices and Techniques

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.10 TRAINING FOR CONTROL DEVICES

The Patrol Commander shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER devices.

304.2 POLICY

The TASER® device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment are required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon or could wear on their vest as long as the pouch is designed to hold the Taser, not putting the Taser in a pouch designed for a radio or cell phone. The pouch will also be on the side opposite the duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.
- (c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.

Conducted Energy Device

- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

304.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.

Conducted Energy Device

- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

304.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence.

Conducted Energy Device

The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

304.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related arrest/crime report and the TASER device report form. Notification shall also be made to a supervisor in compliance with the Use of Force Form. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

304.6.1 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) should be examined by qualified paramedics or medical personnel

Conducted Energy Device

as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.

If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or Range Officer and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

304.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Patrol Commander. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Patrol Commander is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Patrol Commander should ensure that all training includes:

- (a) A review of this policy.

North Riverside Police Department

North Riverside PD Policy Manual

Conducted Energy Device

- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of accidentally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the accidental application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer (50 ILCS 727/1-10; 50 ILCS 727/1-30).

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.1.1 DEFINITIONS

Definitions related to this policy include:

Officer-involved death - Any death of an individual that results directly from an action or directly from an intentional omission, including unreasonable delay involving a person in custody or intentional failure to seek medical attention when the need for treatment is apparent, of a law enforcement officer while the officer is on-duty, or otherwise acting within the scope of his/her employment, or while the officer is off-duty, but performing activities that are within the scope of his/her law enforcement duties. It also includes any death resulting from a motor vehicle crash, if the law enforcement officer was engaged in law enforcement activity involving the individual or the individual's vehicle in the process of apprehension or an attempt to apprehend (50 ILCS 727/1-5).

305.2 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.3 CONTROL OF INVESTIGATIONS

The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.3.1 NORTH RIVERSIDE POLICE DEPARTMENT OFFICER_DEPUTY WITHIN THIS JURISDICTION

The North Riverside Police Department is responsible for the criminal investigation of the suspect's actions, the civil investigation, and the administrative investigation. The criminal investigation of the officer-involved shooting will be conducted by the State's Attorney and or the Illinois State Police Public Integrity Unit.

North Riverside Police Department

The officer's employing agency will be responsible for any civil and/or administrative investigation(s).

305.3.3 NORTH RIVERSIDE POLICE DEPARTMENT OFFICER_DEPUTY IN ANOTHER JURISDICTION

The agency where the incident occurred has criminal jurisdiction and is responsible for the criminal investigation of the incident. That agency may relinquish its criminal investigation of the suspect(s) to another agency. The North Riverside Police Department will conduct timely civil and/or administrative investigations.

305.3.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings:

305.3.5 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the North Riverside Police Department would control the investigation if the suspect's crime occurred in North Riverside.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The

Officer-Involved Shootings and Deaths

investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

305.3.6 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.3.7 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.4 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.4.1 DUTIES OF INITIAL ON SCENE SUPERVISOR

Upon arrival at the scene of an officer-involved shooting, the first uninvolved supervisor should:

- (a) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.
- (b) Attempt to obtain a brief overview of the situation from any non-shooter officer(s).
 - 1. In the event that there are no non-shooter officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.
- (c) If necessary, the supervisor may administratively order any officer from this department to immediately provide publicsafetyinformation necessary to secure the scene and pursue suspects.
 - 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.
- (d) Absent a voluntary statement from any officer(s), the initial on scene supervisor should not attempt to order any officer to provide any information other than public safety information.
- (e) Provide all available information to the Shift Sergeant and the Communications Center. If feasible, sensitive information should be communicated over secure networks.
- (f) Take command of and secure the incident scene with additional personnel until relieved by a detective supervisor or other assigned personnel.

North Riverside Police Department

North Riverside PD Policy Manual

Officer-Involved Shootings and Deaths

- (g) As soon as practical, shooter officers should respond or be transported (separately, if feasible) to the station for further direction.
 - 1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers pending further direction from a supervisor.
 - 2. When an officer's weapon is taken or left at the scene (e.g., evidence), the officer will be provided with a comparable replacement weapon or transported to the station by other officers.

305.4.2 SHIFT SERGEANT RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Sergeant shall be responsible for coordinating all aspects of the incident until relieved by the Chief of Police or a Deputy Chief.

All outside inquiries about the incident shall be directed to the Shift Sergeant.

305.4.3 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigation Deputy Chief
- State's Attorney and Illinois State Police Public Integrity Unit rollout team
- Outside agency investigators (if appropriate)
- Deputy Chief supervisor
- Civil liability response team
- Psychological/Peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Chief of Police

305.4.4 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
 - 1. Involved NRPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 - 2. Requests from involved non-NRPD officers should be referred to their employing agencies.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

Officer-Involved Shootings and Deaths

- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved NRPD officer. A licensed psychotherapist may also be provided to any other affected NRPD members, upon request.
 - 1. Interviews with a licensed psychotherapist will be considered privileged.
 - 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 - 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications with peer counselors are confidential and may only be disclosed in accordance with 5 ILCS 840/20.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved NRPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Sergeant to make schedule adjustments to accommodate such leave.

305.5 CRIMINAL INVESTIGATION

The [DistrictCountyAttorney]'s Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting that does not result in death. Officer-involved deaths shall be investigated by outside agency investigators as provided in the applicable intergovernmental agreements.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the [DistrictCountyAttorney]'s Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) NRPD supervisors and Deputy Chief personnel should not participate directly in any voluntary interview of NRPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

North Riverside Police Department

North Riverside PD Policy Manual

Officer-Involved Shootings and Deaths

- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.5.1 DETECTIVE PERSONNEL

Once notified of an officer-involved shooting, it shall be the responsibility of the Investigations Sergeant to assign appropriate detective personnel to handle the investigation of related crimes. Detectives will be assigned to work with investigators from the Office of the State's Attorney and or the Illinois State Police Public Integrity Unit and may be assigned to separately handle the investigation of any related crimes not being investigated by the Office of the State's Attorney. Additional investigative resources and personnel from MCAT or WESTAF may be called to assist with the investigation and/or collection of evidence.

All related departmental reports except administrative and/or privileged reports will be forwarded to the Patrol Commander for approval. Privileged reports shall be maintained exclusively by those personnel authorized such access. Administrative reports will be forwarded to the Deputy Chief of Police.

305.5.2 CRIMINAL INVESTIGATION

It shall be the policy of this department to utilize the Office of the State's Attorney to conduct an independent criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, detective personnel from this department may be assigned to "partner" with investigators from the Office of the State's Attorney so as to not duplicate efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators will be given the next opportunity to interview involved officers in order to provide them with an opportunity to give a voluntary statement. The following shall be considered for the involved officer:

- (a) Supervisors and the Deputy Chief should not participate directly in any voluntary interview of officers. This will not prohibit such personnel from monitoring such interviews or indirectly providing areas for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney, prior to speaking with criminal investigators. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

Officer-Involved Shootings and Deaths

- (c) Any voluntary statement provided by an officer will be made available for inclusion in the administrative or other related investigations.
- (d) Absent consent from the involved officer or as required by law, no administratively coerced statement(s) will be provided to any criminal investigators.

305.5.3 REPORTS BY INVOLVED OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved officer may write the report, it is generally recommended that such reports be completed by assigned investigators who should interview involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by involved suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures, but should also be included for reference in the investigation of the officer-involved shooting.

305.5.4 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or other major incident may be lost or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.

North Riverside Police Department

North Riverside PD Policy Manual

Officer-Involved Shootings and Deaths

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Available personnel should be assigned to promptly contact the suspect's family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to contact with officers.

305.5.5 OFFICER-INVOLVED DEATH INVESTIGATIONS

The Chief of Police should ensure that the North Riverside Police Department enters into appropriate intergovernmental agreements to investigate officer-involved deaths involving members of the NRPD by appropriately trained outside investigators as required by the Police and Community Relations Improvement Act (50 ILCS 727/1-1 et seq.). The agreement should establish any compensation arrangement for participation in investigations and establish responsibilities for expeditiously providing a complete report to the State's Attorney and a public report if no charge or indictment is brought against the officer.

305.6 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved NRPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Deputy Chief and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy) (50 ILCS 725/1 et seq.).

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
 1. A sample shall be compelled in the case of a shooting that caused injury or death of a person as soon as practicable but no later than the end of the officer's shift or tour of duty (50 ILCS 727/1-25).
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas, with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

North Riverside Police Department

North Riverside PD Policy Manual

Officer-Involved Shootings and Deaths

- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. The interview shall take place at the facility to which the administrative investigator is assigned or the police facility that has jurisdiction over the place where the incident occurred. The interview shall also be conducted at a reasonable time of day and during the time when the officer is on-duty as operational requirements and the nature of the incident permit. The interview shall be of reasonable duration and allow for reasonable periods of rest and personal necessities of the officer (50 ILCS 725/3.1; 50 ILCS 725/3.3; 50 ILCS 725/3.5).
 - 3. The officer shall not be subject to professional or personal abuse, including offensive language (50 ILCS 725/3.6).
 - 4. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview and shall inform the NRPD of any person who will be present on his/her behalf (50 ILCS 725/3.4; 50 ILCS 725/3.9). The officer shall have the right to be represented by counsel and may request counsel at any time before or during the interview and shall have a reasonable time and opportunity to obtain counsel (50 ILCS 725/3.9). However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - 5. A complete record of the administrative interview shall be made and a complete transcript or copy shall be made available to the officer without charge and without undue delay. Such record may be electronically recorded (50 ILCS 725/3.7). The officer may also record the interview.
 - 6. The officer shall be informed in writing of the nature of the investigation and the name, rank and unit/command of the assigned administrative investigator, the interviewers and all persons who will be present on behalf of the NRPD (50 ILCS 725/3.2; 50 ILCS 725/3.4). If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights in writing and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally (50 ILCS 725/3.8).
 - 7. The Deputy Chief shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - 8. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

Officer-Involved Shootings and Deaths

9. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.
- (d) Investigators should take reasonable steps to avoid interfering with the outside criminal investigation conducted under the requirements of 50 ILCS 727/1-10 (50 ILCS 727/1-15).

305.7 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or Village Attorney's Office as appropriate.

305.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.9 DEBRIEFING

Following an officer-involved shooting or death, the North Riverside Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

305.9.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Administration Deputy Chief is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

North Riverside Police Department

North Riverside PD Policy Manual

Officer-Involved Shootings and Deaths

The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Deputy Chief personnel.

305.9.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police or the authorized designee should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.10 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Sergeant, Investigation Deputy Chief and Chief of Police in the event of inquiries from the media.

No involved NRPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Deputy Chief.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

305.11 REPORTING

The Patrol Deputy Chief will ensure that the Telecommunications Supervisor is provided with enough information to meet the reporting requirements for any officer-involved shooting or death that qualifies to be reported to the Department of State Police (50 ILCS 709/5-12).

 - 1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.
- (b) The firearm shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (c) It will be the responsibility of the member to submit the firearm to the Range Officer for inspection prior to being personally carried. Thereafter the firearm shall be subject to periodic inspection by the Range Officer.

Firearms

- (d) Prior to carrying any off-duty firearm, the member shall demonstrate to the Range Officer that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner.
- (e) The member will successfully qualify with the firearm prior to it being carried.
- (f) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Range Officer, who will maintain a list of the information.
- (g) If a member desires to use more than one firearm while off-duty, he/she may do so, as long as all requirements set forth in this policy for each firearm are met.
- (h) Members shall only carry department-authorized ammunition.
- (i) When armed, officers shall carry their badges and North Riverside Police Department identification cards under circumstances requiring possession of such identification.

306.3.7 AMMUNITION

Members shall carry only department-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Range Officer when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

306.4 FIREARMS QUALIFICATIONS

All sworn personnel are required to comply with the Peace Officer Firearm Training Act (50 ILCS 710).

306.4.1 NON QUALIFICATION

If any officer is unable to qualify for any reason, including injury, illness, duty status, or scheduling conflict, that officer shall submit a memorandum to his/her immediate supervisor prior to the end of the required shooting period.

Members who repeatedly fail to qualify will be relieved from field assignment and appropriate disciplinary action may follow.

Sworn members who fail to qualify on their first shooting attempt shall be provided remedial training until proficiency is demonstrated and will be subject to the following requirements:

- (a) Additional range assignments may be required until consistent weapon proficiency is demonstrated.
- (b) Members shall be given credit for a range qualification after remedial training and a qualifying score is obtained.
- (c) No range credit will be given for the following:

Firearms

1. Unauthorized range make-up.
2. Failure to qualify after remedial training.

306.4.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

306.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Range Officer. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

306.4.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Range Officer. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

306.5 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms (50 ILCS 710/0.01 et seq.).

Members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.5.1 INJURED ANIMALS

With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

306.6 REPORT OF FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional

statements and reports shall be made in accordance with the Officer-Involved Shooting Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her shift supervisor.
- (b) If off-duty at the time of the incident, a written report shall be submitted provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.6.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.6.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

306.6.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.7 RANGE OFFICER DUTIES

The range will be under the exclusive control of the Range Officer. All members attending will follow the directions of the Range Officer. The Range Officer will maintain a roster of all members attending the range and will submit the roster to the Patrol Commander after each range date. Failure of any member to sign in and out with the Range Officer may result in non-participation or non-qualification.

The range shall remain operational and accessible to Department members during hours established by the Department.

The Range Officer has the responsibility of making periodic inspection, at least once a year, of all duty weapons carried by members of this department to verify proper operation. The Range

Officer has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until inspected and approved by the Range Officer.

The Range Officer has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Range Officer shall complete and submit to the Patrol Commander documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Range Officer should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Patrol Commander.

306.8 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their North Riverside Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The North Riverside Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the North Riverside Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.

Firearms

- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.8.1 REPAIR OR MODIFICATIONS OF DUTY WEAPONS

The Range Officer shall be the only person authorized to repair or modify any department-owned weapon. All repairs and/or modifications of department issued weapons not performed by the Range Officer must be approved in advance by the Range Officer and accomplished by a departmentally approved gunsmith.

Any repairs or modifications to the officer's personally owned weapon shall be done at his/her expense and must be approved by the Range Officer.

306.9 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her North Riverside Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Firearms

306.10 CARRYING FIREARMS OUT OF STATE

- (b) Qualified retired officers shall also carry certification of having met firearms qualification within the past 12 months.
- (c) The officer is not the subject of any current disciplinary action.
- (d) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (e) The officer will remain subject to this and all other Department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that allow private persons or entities to prohibit or restrict the possession of firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Visiting active and retired peace officers from other states are subject to all requirements set forth in 18 USC 926B and 18 USC 926C.

306.11 PROBATIONARY OFFICERS

Probationary Police Officers with the North Riverside Police Department shall only carry firearms authorized by the Chief of Police or his/her designee.

- (a) The handgun shall be in good working order and on the department list of approved firearms.
- (b) Probationary Police Officers may not carry off duty until the completion of their Field Training Program.
- (c) Probationary Police Officers who have not completed their Field Training Program are only considered on duty when:
 - 1. They are on police academy grounds during academy hours or;
 - 2. While they are on an assigned shift under the supervision of a Field Training Officer.
- (d) Probationary Police Officers may not carry off duty regardless of the fact that they possess a valid concealed carry permit.
- (e) Probationary Police Officers must transport their firearms in the following manner to and from their place of residence:

Firearms

1. The firearm must be unloaded and locked in a secure case inside the trunk of their vehicle.
2. The ammunition should be either carried inside of their duty bag or may be placed into a locked glove compartment.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

307.1.1 VEHICLE PURSUIT DEFINED

An active attempt by a peace officer in an authorized emergency vehicle to apprehend an actual or suspected law violator, who is attempting to avoid apprehension through evasive tactics.

307.2 OFFICER RESPONSIBILITIES

It shall be the policy of this department that a vehicle pursuit shall be conducted only with emergency lights and siren. The driver of an authorized emergency vehicle may proceed past a red or stop signal or stop sign, exceed the maximum speed limits, and disregard regulations governing direction of movement or turning in specified directions provided the driver slows as may be required and necessary for safe operation and does not endanger life or property (625 ILCS 5/11-205).

The driver of an authorized emergency vehicle is not relieved from the duty of driving with due regard for the safety of all persons, nor do such provisions protect the driver from the consequences of his/her reckless disregard for the safety of others (625 ILCS 5/11-205(e)).

To reduce the likelihood of a pursuit occurring, an officer intending to stop a vehicle for any violation of the law, except a traffic law, should, whenever possible and without creating a threat to public

Vehicle Pursuits

safety or officers, close the distance between the two vehicles. In situations where appropriate and prudent, awaiting the arrival of assisting officers, prior to activating emergency lights, an audible device, or otherwise signaling the suspect to stop may be warranted.

Upon approaching an intersection controlled by traffic signals or signs, or any other location at which there is an increased likelihood of a collision, the driver of any pursuit vehicle shall reduce the vehicle's speed so as to avoid a collision with another vehicle or pedestrian.

Officers should make every reasonable effort to ensure that the way is clear before proceeding through an intersection or otherwise increasing speed. Pursuing officers are expected to maintain complete control of their vehicles at all times. Throughout the course of a pursuit, pursuing officers should not attempt to overtake, pull alongside, or pass the suspect's moving vehicle without the specific authorization of a supervisor, if feasible. Officers are discouraged from passing other units involved in a pursuit unless the passing officer receives specific permission from the Primary Unit.

307.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety).
- (d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time.
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
- (f) Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the telecommunicator/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

North Riverside Police Department

North Riverside PD Policy Manual

Vehicle Pursuits

- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) Availability of other resources such as helicopter assistance.
- (l) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner(s) in the police vehicle.

307.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect(s)' escape.

The factors listed in Policy Manual § 307.2.1 are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle(s).

In addition to the factors listed in Policy Manual § 307.2.1 the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing officers and the fleeing vehicle(s) is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle's location is no longer definitely known.
- (c) Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Directed by a supervisor.

Vehicle Pursuits

307.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

307.3 PURSUIT UNITS

Pursuit units should be limited to two vehicles; however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect(s). All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

307.3.1 SEMI-MARKED AND UNMARKED VEHICLES

Semi-marked units may initiate a pursuit providing the proper justification exists, but will relinquish Primary Unit status immediately upon the participation of a marked police car. Upon relinquishing Primary Unit status, semi-marked units shall terminate active involvement in a pursuit unless they are needed to fulfill Secondary Unit responsibilities or are otherwise directed by a supervisor. A semi-marked police vehicle is not identifiably marked by a distinctive color scheme; red and/or blue lights may be mounted within the vehicle, equipped with siren.

Unmarked or other departmental vehicles, except for marked, semi-marked, may not initiate a pursuit without the authorization of a supervisor unless there is an imminent threat to life or great bodily harm represented by the continued freedom of the suspect. An unmarked police vehicle has no distinctive identifiable marking but may have portable emergency warning lights.

307.3.2 PRIMARY UNIT RESPONSIBILITIES

The decision to initiate and/or continue a pursuit requires weighing the public safety need to immediately apprehend the suspect against the degree of risk to which peace officers and others are exposed as the result of a pursuit. Officers are reminded that they are under no legal obligation to initiate a pursuit, and that in many circumstances the safety of the public will dictate that no pursuit be initiated, and/or it be discontinued.

Upon the initiation of a pursuit, the pursuing officer shall immediately activate the vehicle's emergency warning lights, audible device, and headlights if not already activated.

North Riverside Police Department

North Riverside PD Policy Manual

Vehicle Pursuits

The Primary Unit will notify the Communications Center that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of known occupants.
- (f) The identity or description of the known occupants.
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

307.3.3 SECONDARY UNIT(S) RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- (a) The officer in the secondary unit should immediately notify the telecommunicator and supervisor, if feasible, of entry into the pursuit. Until such time that a supervisor assumes responsibility, only one Secondary Unit shall become involved in an ongoing pursuit.
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.
- (d) Upon joining the pursuit or being assigned Secondary Unit responsibilities, the vehicle's emergency warning lights, audible device, and headlights shall be activated.
- (e) If so requested by the Primary Unit or if directed by a supervisor to do so, the Secondary Unit may assume Primary Unit responsibilities. Otherwise, the Secondary Unit may not attempt to overtake or pull alongside the Primary Unit.
- (f) Secondary Unit personnel are responsible for serving as a backup to the Primary Unit. As such, they will respond to directions from the Primary Unit personnel unless otherwise directed by a supervisor or circumstances do not allow.

Vehicle Pursuits

307.3.4 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) Police officers involved in a pursuit shall not proceed in a direction opposite to the flow of traffic on a divided highway without the specific authorization of a supervisor, if feasible. In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an air unit.
 - 2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 - 3. Requesting other units to observe exits available to the suspect(s).
- (d) Notifying the Illinois State Police and/or other agency if it appears that the pursuit may enter their jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

307.3.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

Vehicle Pursuits

307.3.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect(s).

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

307.3.7 AIRCRAFT ASSISTANCE

When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

307.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The patrol supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon notification that a pursuit is in progress, the supervisor shall assume responsibility for the monitoring and control of the pursuit as it progresses.
- (b) The supervisor shall immediately determine whether the pursuit was initiated in accordance with the provisions of this guideline and shall permit the pursuit to be continued only if said guideline has been fully complied with to the best of the supervisor's knowledge.
- (c) Upon being notified of a pursuit, the supervisor shall verify the following:
 - 1. That no more than the required or necessary number of units are involved in the pursuit.
 - 2. That the proper radio frequency is being used.
 - 3. That other agencies are notified as necessary and appropriate.

North Riverside Police Department

North Riverside PD Policy Manual

Vehicle Pursuits

- (d) The supervisor shall continuously review the incoming information to determine whether the pursuit should be continued or terminated.
- (e) The supervisor shall order a pursuit terminated after concluding danger to the pursuing peace officers or the public outweighs the need for the immediate apprehension of the suspect.
- (f) The supervisor may order a pursuit terminated if the suspect's identity is established to the point where later apprehension is likely and there is no immediate threat to public safety.
- (g) The supervisor should order a pursuit terminated whenever the weather, road, or traffic conditions substantially increase the danger to the public posed by the pursuit beyond the need for immediate apprehension.
- (h) The supervisor should order a pursuit terminated whenever the distance between the pursuing and fleeing vehicles is so great that further pursuit is futile.
- (i) In controlling the pursuit, the supervisor shall be responsible for the coordination of the pursuit as follows:
 - 1. Directing pursuit or support units into or out of the pursuit.
 - 2. The assignment of a Secondary Unit to the pursuit.
 - 3. The re-designation of Primary, Secondary, or other support units as necessary.
 - 4. The approval, disapproval, and coordination of pursuit tactics.
 - 5. The approval or disapproval to cross jurisdictional boundaries in the continuation of the pursuit.
 - 6. Ensure compliance with inter-jurisdictional pursuit agreements.
- (j) The supervisor may approve and assign additional backup or support units to assist the Primary and Secondary Units based upon their analysis of:
 - 1. The nature of the offense for which the pursuit was initiated.
 - 2. The number of suspects and any known propensity for violence.
 - 3. The number of peace officers in the pursuit vehicles.
 - 4. Any damage or injuries to the assigned Primary or Secondary Units or peace officers.
 - 5. The number of peace officers necessary to safely make an arrest at the conclusion of the pursuit.
 - 6. Any other clear and articulable facts that would justify the increased hazards caused by adding more than the Primary and Secondary Units to a pursuit.

North Riverside Police Department

North Riverside PD Policy Manual

Vehicle Pursuits

- (k) When the pursuit is terminated, the supervisor shall require that all participating agencies are notified, and identify an on scene supervisor or designee to monitor the arrest and transportation procedures.
- (l) The supervisor shall require throughout the duration of the pursuit that this guideline is followed by all peace officers.

307.4.1 SHIFT SERGEANT RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Shift Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Shift Supervisor will be responsible for the completion of the "Pursuit Driving Report".

The Shift Supervisor shall review all pertinent reports for content and forward to the Deputy Chief of Police. The Pursuit Driving Report will be copied for reference with the original report(s) being sent to the Illinois Law Enforcement Training and Standards Board as required.

307.5 COMMUNICATIONS

If the pursuit is confined within the Village limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or telecommunicator. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

307.5.1 THE COMMUNICATIONS CENTER RESPONSIBILITIES

- (a) Upon notification that a pursuit has been initiated, the Communications Center will:
 - 1. Give priority to the Primary Unit.
 - 2. Notify other units of pursuit, including location, direction of travel, and vehicle description.
 - 3. Keep the channel clear.
 - 4. Notify the Shift Sergeant and/or patrol supervisor if feasible.
 - 5. Receive and records all incoming information on pursuit.
 - 6. Keep Shift Sergeant and/or the patrol supervisor apprised of progress of pursuit.
 - 7. Request status when the pursuing peace officer fails to make frequent contact.
 - 8. Notify neighboring jurisdictions of the pursuit approaching their boundaries.
 - 9. Perform relevant records and motor vehicle checks.
 - 10. Coordinate and dispatch backup assistance and air support units under the direction of the supervisor.

Vehicle Pursuits

(b) Radio frequency management:

1. Pursuit communication will be handled on the frequency designated by the pursuing agency unless one or more of the following conditions exist:
 - (a) The pursuit has or may extend into other jurisdictions.
 - (b) The supervisor directs a switch to ISPERN.
2. Upon using the ISPERN frequency, the Primary Unit shall conform to ISPERN guidelines.

307.5.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspect(s). The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.6 INTER-JURISDICTIONAL PURSUITS

Officers involved in inter-jurisdictional pursuits are required to comply with their department's guidelines and inter-jurisdictional agreements. Only pursuit tactics permitted by this policy may be utilized by North Riverside Police Department officers, irrespective of what is requested by the other agency.

When a pursuit enters another agency's jurisdiction:

- (a) The primary unit will advise the Communications Center that the pursuit is leaving this jurisdiction.
- (b) The controlling supervisor will decide whether to continue the pursuit based upon the totality of circumstances known.
- (c) As soon as practicable the Communications Center will notify the involved jurisdiction.
- (d) If two units from the other agency are actively involved in the pursuit, the officers will not engage in the pursuit unless directed to do so by a supervisor.

307.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the North Riverside Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and ISP units, a request for ISP assistance will

Vehicle Pursuits

mean that they will assume responsibilities for the pursuit. For the same reasons, a request for assistance from the ISP should include confirmation that the ISP will relinquish control.

307.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing peace officers.

As soon as practical, a supervisor or the Shift Supervisor should review a request for assistance from another agency. The Shift Sergeant or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the Village limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Police Immobilization Technique), ramming, heading off, or roadblock procedures.

307.7.1 WHEN USE AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

North Riverside Police Department

Vehicle Pursuits

It is imperative that officers act within the bounds of legality, good judgment.

307.7.2 DEFINITIONS

Boxing-in/Rolling Roadblock - The surrounding of a suspect's moving vehicle with moving pursuit vehicles which are then slowed to a stop along with the suspect's vehicle. Boxing in/rolling roadblocks are mobile stop techniques.

Heading Off - An attempt to terminate a pursuit by pulling ahead of, behind or toward a suspect's moving vehicle to force it to the side of the road or to otherwise come to a stop. Heading off is a forcible stop technique.

Roadblocks - A restriction or obstruction used or intended for the purpose of preventing free passage of motor vehicles on a roadway in order to effect the apprehension of a suspect. This includes placement of vehicles as well as use of devices to disable a vehicle. A roadblock is a stationary stop technique.

Spikes or Tack Strips - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

Vehicle Contact Action (Ramming, Police Immobilization Technique (PIT)) - Any action undertaken by the pursuing officer intended to result in contact between the moving police vehicle and the pursued vehicle. Vehicle contact actions are forcible stop techniques.

307.7.3 USE OF FIREARMS/VEHICLE CONTACT ACTION

Officers involved in a pursuit shall not discharge any firearm from or at a moving vehicle, nor engage in any vehicle contact action except as a last resort in which it reasonably appears necessary to prevent imminent death or serious bodily injury to a peace officer or another person where deadly force would otherwise be legally justified. Where feasible, an officer should obtain authorization from a supervisor before discharging a weapon from or at a moving vehicle.

307.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to peace officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers who have not received certified departmental training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

Those tactics which reasonably may be construed to be a use of deadly force should be employed only as a last resort in which it reasonably appears necessary to prevent imminent death or serious bodily injury to a peace officer or another person where deadly force would otherwise be legally justified. Where feasible, an officer should obtain authorization from a supervisor before applying any tactic which may be reasonably foreseen to be a use of deadly force.

Intervention tactic application circumstances include:

Vehicle Pursuits

- (a) Officers may use stationary stop techniques to terminate any pursuit so long as the technique is employed in a fashion that is not reasonably calculated to cause death or great bodily harm to persons in the pursued vehicle or others in the vicinity (e.g. the pursued vehicle has sufficient time and distance to stop before reaching the roadblock or the technology employed is designed to disable the vehicle without the loss of control). Where feasible, an officer should obtain authorization from a supervisor before implementing stationary stop techniques. Absent exigent circumstances, such techniques should not be employed by officers that have not been trained in application of the selected technique.
- (b) Officers may use mobile stop techniques to terminate any pursuit so long as the technique is employed in a fashion that is not reasonably calculated to cause death or great bodily harm to persons in the pursued vehicle or others in the vicinity. Where feasible, an officer should obtain authorization from a supervisor before implementing mobile stop techniques. Absent exigent circumstances, such techniques should not be employed by officers that have not been trained in application of the selected technique.
- (c) At low speeds the use of forcible stop techniques is permitted when there is legal justification for the use of force. Where feasible, an officer should obtain authorization from a supervisor before implementing forcible stop techniques. Absent exigent circumstances, such techniques should not be employed by officers that have not been trained in application of the selected technique.
- (d) At high speeds the use of forcible stop techniques is permitted only when there is legal justification for the use of deadly force. Where feasible, an officer should obtain authorization from a supervisor before implementing forcible stop techniques. Absent exigent circumstances, such techniques should not be employed by officers that have not been trained in application of the selected technique.

307.7.5 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

307.8 REPORTING REQUIREMENTS

Officers shall complete an appropriate report of the pursuit incident and assign a case reporting number to each pursuit incident. If involved in inter-jurisdictional pursuit, obtain an Illinois State Police Emergency Radio Network (ISPERN) number in addition to their own case reporting number.

North Riverside Police Department

North Riverside PD Policy Manual

 - 10. A preliminary determination that the pursuit appears to be in compliance with this policy or additional review and/or follow up is warranted.
- (c) The "Pursuit Driving Report" shall be completed. The "Pursuit Driving Report" should be submitted through the chain of command for internal evaluation and review to determine:
 - 1. Guideline compliance.
 - 2. Operational needs.
 - 3. Future training needs.
- (d) The "Pursuit Driving Report" will be submitted to the Illinois Law Enforcement Training Standards Board, 600 South Second Street, Suite 300, Springfield, Illinois 62704, by each agency involved in a pursuit.

307.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

All sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

307.9 APPLICATION OF VEHICLE PURSUIT POLICY

This policy has been created with input from the Illinois Law Enforcement Training Standards Board; Police Pursuit Guidelines (revised March, 2004), in accordance with 50 ILCS 705/7.5.

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

308.2 RESPONSE TO CALLS

Officers dispatched using emergency lights and siren shall consider the call an emergency response and proceed immediately. Officers responding using emergency lights and siren shall continuously operate emergency lighting equipment, and shall sound the siren as reasonably necessary.

The driver of an authorized emergency vehicle may (625 ILCS 5/11-205):

- (a) Park or stand, irrespective of the provisions of the Illinois Vehicle Code (625 ILCS).
- (b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be required and necessary for safe operation.
- (c) Exceed the maximum speed limits so long as he/she does not endanger life or property.
- (d) Disregard regulations governing direction of movement or turning in specified directions.

The driver of an authorized emergency vehicle is not relieved from the duty of driving with due regard for the safety of all persons, nor do such provisions protect the driver from the consequences of his/her reckless disregard for the safety of others (625 ILCS 5/11-205(e)).

Officers should only respond using emergency lights and siren when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond using emergency lights and siren shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.2.1 EMERGENCY RESPONSE DEFINITION

By definition as it applies to these policies, an emergency response may include the activation and continuation of any and all available emergency lighting equipment and the appropriate sounding of the siren as necessary.

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

North Riverside Police Department

North Riverside PD Policy Manual

Officer Response to Calls

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

308.3.1 NUMBER OF UNITS ASSIGNED

Normally, no more than two units should respond to an emergency call unless the Shift Supervisor authorizes and additional unit(s).

308.4 INITIATING CODE 3 RESPONSE

If an officer believes an emergency response to any call is appropriate, the officer shall proceed with due caution utilizing any and all emergency equipment as needed. Generally, no more than two units should utilize an emergency response to any situation. Should another officer believe an emergency response is appropriate, the Communications Center shall be notified and the Shift Supervisor will make a determination as to whether one or more officers providing an emergency response is appropriate.

308.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue an emergency response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue the emergency response when directed by a supervisor.

Upon receiving authorization or determining an emergency response is appropriate, an officer shall immediately give the location from which he/she is responding.

308.6 COMMUNICATIONS RESPONSIBILITIES

A telecommunicator shall assign an emergency response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the telecommunicator shall obtain authorization from the Shift Sergeant or the acting supervisor prior to assigning units to an emergency response. The telecommunicator shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Immediately notify the Shift Sergeant.
- (c) Confirm the location from which the unit is responding.

Officer Response to Calls

- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance).
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Shift Sergeant or field supervisor.

308.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Shift Sergeant or the acting supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practical.

The shift supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Sergeant or acting supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

308.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and respond accordingly. In all cases, the officer shall notify the Shift Sergeant, and the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.

309.2 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

309.3 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

North Riverside Police Department

When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred (725 ILCS 5/112A-30). Factors that should not be used as sole justification for declining to take enforcement action include:

Domestic Violence

309.3.4 ELECTRONIC SURVEILLANCE ALERTS

Certain individuals released after a violation of an order of protection may be subject to electronic surveillance by GPS as a condition of release, probation or conditional discharge (725 ILCS 5/110-5(f); 730 ILCS 5/5-8A-7).

Upon being dispatched in response to an electronic surveillance alert, officers should make a reasonable attempt to locate the domestic violence victim who is being protected and assist the victim in providing for his/her safety. A reasonable attempt to locate the offender should also be made.

If the offender is located within a prohibited location of the victim, an officer should consider whether an arrest for a violation of the conditional discharge, bail, supervision or order of protection is appropriate.

Each response to an electronic surveillance alert shall be documented in an incident or arrest report.

309.4 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should (725 ILCS 5/112A-30):

309.5 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

Domestic Violence

309.5.1 ORDERS OF PROTECTION

When a person informs an officer of the existence of an Order of Protection, the officer should run the information thru LEADS to determine whether a valid Order of Protection is in effect and, if so, the terms and requirements of the order. If no information on an Order of Protection is found, the officer should ask the person who brought the matter to his/her attention if a copy of the order is available for the officer to examine and verify.

If an Order of Protection has been issued but not yet served, the officer shall follow the Short Form Notification procedure as directed by statute (750 ILCS 60/222.10).

When an officer has probable cause to believe a subject has violated any criminal court enforced provision of a valid Order of Protection, an arrest should be made.

309.6 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

309.7 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

309.7.1 ORDERS OF PROTECTION

Before serving an Order of Protection the serving officer should conduct an inquiry to determine whether the respondent has been issued a concealed carry license (CCL). If the respondent is

Domestic Violence

found to be in possession of a CCL, the officer shall seize the CCL and forward the notification of the order and license to the Illinois State Police within seven days of the date the order was served (430 ILCS 66/70).

309.8 LEGAL MANDATES AND RELEVANT LAWS

Officers confronted with a tenancy issue should carefully assess the totality of the circumstances and make a reasonable determination of the action to be taken. Safety of those involved in the dispute, other persons present in the household, is the officers paramount concern. Case law in this area is continually developing and supervisory and legal advice may be required in some circumstances.

- (a) Absent an arrest situation, officers may request a person who is not in lawful possession of the premises to leave when:
 - 1. The complainant is in lawful possession of the premise (as exhibited by rent receipts, lease, deed, verification by apartment manager, etc.)
 - 2. The complainant has requested that the person leave the premises.
- (b) The officer will stand by until the suspect removes essential belongings.
- (c) If the suspect does not leave upon request, an arrest should be made under the appropriate trespass statute.
- (d) If the complainant requesting removal of the suspect and cannot show proof of lawful possession, the officer should refer to the complainant for an Order of Protection or other appropriate civil remedy.
- (e) If appropriate, a domestic violence situation involving a tenancy issue may be resolved through the proper application for an Order of Protection.

309.8.1 STANDARDS FOR ARRESTS

- (a) Whenever an officer has reason to believe that a person has been the victim of domestic abuse, the officer shall immediately use all reasonable means to prevent further abuse including arresting the abusing, neglecting and exploiting party, where appropriate (725 ILCS 5/112A-30).
- (b) Officers investigating reports of domestic violence should consider the appropriate charges, including Domestic Battery, Aggravated Domestic Battery and Interfering with the Reporting of Domestic Violence (720 ILCS 5/12-3.2; 720 ILCS 5/12-3.3; 720 ILCS 5/12-3.5).
- (c) Officers investigating a domestic violence incident, who encounter an individual on bail or bond for a domestic violence arrest, should attempt to determine if there are reasonable grounds to believe that the individual is violating a condition or bond or bail by making contact or communicating with the victim, or by entering or remaining at the victim's residence within 72 hours following the defendant's release (725 ILCS 5/110-10(d)).

North Riverside Police Department

North Riverside PD Policy Manual

Domestic Violence

309.8.2 REPORTS AND RECORDS

The North Riverside Police Department is required to record, compile and report to the Illinois State Police information regarding domestic crimes.

- (a) Officers shall include in their reports the victim's statements as to the frequency and severity of prior incidents of domestic violence by the person and the number of prior calls for law enforcement assistance to prevent domestic violence (750 ILCS 60/303; 725 ILCS 5/112A-29).
- (b) Reports must also include information regarding the victim, suspect, date and time of the incident, any injury inflicted, any weapons involved, and the relationship between the victim and the suspect so that the Telecommunications Supervisor is provided with enough information to meet the reporting requirements of 50 ILCS 709/5-12.

309.8.3 SPECIFIC VICTIM ISSUES

Officers should:

- (a) Provide or arrange for accessible transportation for the victim (and, at the victim's request, any minors or dependents in the victim's care) to a medical facility for treatment of injuries or to a nearby place of shelter or safety (750 ILCS 60/304).
- (b) Provide the victim with one referral to an accessible service agency (750 ILCS 60/304).

309.8.4 COURT ORDER RELATED TO PEACE OFFICERS

Before serving an Order of Protection, the serving officer should conduct an inquiry to determine whether the respondent has been issued a concealed carry license (CCL). Workplace Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines for responding to incidents involving workplace violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Workplace violence - The commission or threatened commission of an act of violence, harassment or stalking as defined under the Illinois Criminal Code of 2012 against a person at his/her place of work. Place of work means any property that is owned or leased by the employer and at which the official business of the employer is conducted, as defined by the Workplace Violence Prevention Act (820 ILCS 275/10).

310.2 POLICY

It is the policy of this department to investigate workplace violence as a serious crime and to facilitate employer and victim access to appropriate civil remedies and community resources whenever feasible.

310.3 INVESTIGATIONS

The following guidelines should be followed by officers when investigating workplace violence cases:

- (a) Calls of reported, threatened, imminent or ongoing workplace violence may also involve incidents of domestic violence. Members should consider whether a related domestic violence investigation should also be conducted, as provided in the Domestic Violence Policy.
- (b) Members should take reasonable steps to prevent any further workplace violence, including making an arrest where appropriate.
- (c) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (d) Officers should advise the employer and victim about seeking medical attention and preserving evidence (specifically including photographs of injury or damage).
- (e) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

Workplace Violence

- (f) All responses to calls of workplace violence should be documented in an appropriate report.

310.4 EMPLOYER AND VICTIM ASSISTANCE

Officers should:

- (a) If a suspect is arrested, advise the employer and victim that there is no guarantee the suspect will remain in custody.
 - 1. Members should also provide the employer's and victim's contact information to the jail staff to enable notification upon the suspect's release from jail.
- (b) If no arrest is made, inform the victim of the victim's right to request that a criminal proceeding be initiated where appropriate, including specific times and places for meeting with the State's Attorney's office, a warrant officer or other official in accordance with local procedure.

a condition of bond or bail, for example by making contact or communicating with a domestic violence victim within 72 hours of release (725 ILCS 5/110-10(d)).

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for North Riverside Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the North Riverside Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be permissible. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with the subject's clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the North Riverside Police Department (34 USC § 11133).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or a juvenile who has violated 720 ILCS 5/24-3.1 by possessing a handgun (28 CFR 31.303; 705 ILCS 405/5-105).

Non-secure custody - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

Temporary Custody of Juveniles

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession or tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

312.2 POLICY

Legal authority for taking custody of juvenile offenders is found in the Illinois Juvenile Court Act (705ILCS 405).

312.2.1 CONSTITUTIONAL RIGHTS ADVISEMENT

In any case where a juvenile is taken into temporary custody, the juvenile should be promptly advised of his/her constitutional rights to ensure the admissibility of any spontaneous statements, whether or not questioning is intended.

312.2.2 NOTIFICATION OF A JUVENILE'S ARREST

Officers shall immediately make a reasonable attempt to notify the parent or other person legally responsible for the minor's care or the person with whom the minor resides that that minor has been arrested and where he/she is being held (705 ILCS 405/5-405.)

312.2.3 QUESTIONING OF A JUVENILE

Prior to any questioning of a juvenile who is in custody, the interviewing officer should consider the totality of the circumstances confronting the juvenile and make a reasonable determination of the juvenile's ability to assess the situation and make an intelligent waiver of their rights. Factors to consider in this determination include:

- Age of the juvenile
- Intelligence of the juvenile
- Background of the juvenile
- Experience level
- Mental Capacity
- Education level
- Physical Condition
- Duration of the detention
- Duration of the questioning
- The juvenile's apparent difficulty in comprehending the process

Physical and mental duress, promises, threats, or denial of the opportunity to confer with parent before or during the interrogation are not appropriate for the juvenile interviews.

Temporary Custody of Juveniles

INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS: No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation. A juvenile under 13 years of age at the time of the commission of any of the offenses listed in 705 ILCS 405/5-170 must be represented by legal counsel during the entire custodial interrogation of the juvenile.

- (a) Unconsciousness
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention, or mental health assistance, and notify a supervisor of the situation.

These juveniles should not be held at the North Riverside Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed.

312.3.1 TEMPORARY CUSTODY REQUIREMENTS

When an officer comes in contact with a Juvenile offender, suspect, or victim in circumstances that warrant the youth being taken into Temporary or Limited Custody, the following procedures shall be followed:

- (a) The on duty Juvenile Officer must be notified. If the Juvenile is to be charged and released and not to be detained for Interview or Interrogation or any other circumstance that would be necessitate a Limited Custody situation, the Juvenile Officer can be notified and not be required to be present.
- (b) The officer who takes the Juvenile into custody will immediately make a reasonable attempt to contact a parent or guardian legally responsible for the care of the Juvenile, or the person with whom the Juvenile resides, and notify them that the Juvenile has been taken into custody and where he/she is being held. The dates and times of the notification and or attempts should be thoroughly documented in the case report. (705 ILCS 405/2-6.

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the North Riverside Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the North Riverside Police Department without authorization of the arresting officer's supervisor or the Shift Sergeant.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult, or transferred to a juvenile custody facility, or to other authority as soon as practicable, and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the North Riverside Police Department (34 USC § 11133; 20 Ill. Adm. Code 720.30).

A juvenile taken into protective custody for prostitution should be reported to the Illinois Department of Children and Family Services (720 ILCS 5/11-14).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

The officer shall submit a completed report to the Shift Sergeant.

312.4.4 JUVENILE'S PERSONAL PROPERTY

The officer placing a juvenile into a detention room must make a thorough search of the juvenile's property. This will ensure all items likely to cause injury to the juvenile or the facility are confiscated and placed in a property bag. The property shall be inventoried in the juvenile's presence and sealed into the bag. The property will be maintained by the reporting officer or juvenile officer and/or secured in the property/evidence lockers until the juvenile is release from the custody of the North Riverside Police Dept.

312.4.5 MONITORING OF JUVENILES

The juvenile shall constantly be monitored by the audio/video system during the entire detention. An in-person visual inspection shall be done to ensure the welfare of the juvenile and shall be conducted at least once each 15 minutes, on the unscheduled basis, until the juvenile is released. This inspection shall not be replaced by video monitoring. The inspection shall be conducted by a designee of the shift supervisor and logged on the juvenile cell sheet.

More frequent visual inspections should be made as circumstances dictate as in the case of an injured or ill juvenile being detained, or if specific circumstances exist such as a disciplinary problem or suicide risk. In such instances the shift supervisor shall be fully informed about the special circumstances in order to evaluate continued detention of such juvenile.

312.4.6 MANDATED JUVENILE PROVISIONS

313.4.2 STABILIZE THE SITUATION

Officers must quickly assess the situation in an effort to ensure the immediate safety of all persons. Officers shall also consider the following:

- (a) Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately when possible. Frequently it is wrongfully assumed that elderly persons are incapable of accurately

Adult Abuse

reporting the incident. Do not automatically discount the statement of an elderly person.

- (b) Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence such as injuries that may change in appearance should be photographed immediately.
- (c) Assess and define the nature of the problem. Officers should assess the available information to determine the type(s) of abuse that may have taken place or the potential for abuse in the future that may be eliminated by our intervention.
- (d) Make on-scene arrests when appropriate. Immediate arrest of an abuser (especially when the abuser is a family member or caretaker) may leave the elderly victim without necessary support and could result in institutionalization. The effect of an arrest on the victim should be considered and weighed against the assessed risk and the competent victim's desires. The present and future safety of the victim is of utmost importance.

313.4.3 SUPPORT PERSONNEL

The following person(s) should be considered if it appears an in-depth investigation is appropriate:

- Patrol Supervisor
- Detective Sergeant
- Evidence collection personnel
- Department on Aging's Elder Abuse and Neglect Program personnel

313.4.4 EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse.

An officer shall assist adults with disabilities in obtaining a warrant or injunctive order to protect them from abuse. An adult with disabilities, for this purpose, is (20 ILCS 2435/1 et seq.):

- (a) A person age 18 through 59.
- (b) Who resides in a domestic living situation.
- (c) Whose physical or mental disability impairs his/her ability to seek or obtain protection from abuse, neglect or exploitation.

313.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

North Riverside Police Department

North Riverside PD Policy Manual

Adult Abuse

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- (j) Whether a protective order petition should be filed on behalf of the victim when there is a reasonable belief that the victim is incapable of filing a petition for him/herself (750 ILCS 60/201). Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

313.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact the Illinois Department on Aging or other designated social services agency. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to the Illinois Department on Aging or other designated social services agency.

Adult Abuse

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

Adult Abuse

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including Illinois Department on Aging or other social services agency designated to investigate adult abuse, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigation Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

313.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives there should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigation Unit supervisor so an interagency response can begin.

313.10 STATE MANDATES AND OTHER RELEVANT LAWS

313.10.1 RECORDS RESPONSIBILITIES

The Records is responsible for:

- (a) Providing a copy of the adult abuse report to the Department on Aging or the designated social services agency as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

313.10.2 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Management and Release Policy (320 ILCS 20/8).

- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

314.2 POLICY

The North Riverside Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against members in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DISCRIMINATION PROHIBITED

314.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law (775 ILCS 5/1-103; 775 ILCS 5/2-102; 820 ILCS 180/30).

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

North Riverside Police Department

North Riverside PD Policy Manual

Discriminatory Harassment

314.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment (775 ILCS 5/2–102). It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and Illinois Department of Human Rights guidelines.
- (b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with Village or departmental rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated (820 ILCS 180/20; 820 ILCS 180/30).

314.3.5 HARASSMENT

Harassment is any unwelcome conduct based on a classification or status protected by law that has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment, either within or outside of the physical area the individual is assigned to work (775 ILCS 5/2-101).

Harassment, including sexual harassment, against non-employees in the workplace or while on-duty (including contractors and consultants conducting business with the Department) is prohibited (775 ILCS 5/2-102).

Discriminatory Harassment

314.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, Village Administrator or the Village Administrator.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violation of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

314.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of each supervisor and manager shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including sexual harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or Village Administrator in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

314.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating

Discriminatory Harassment

or counseling members, or issuing discipline in a manner that is consistent with established procedures.

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination or harassment shall be fully documented, and promptly and thoroughly investigated.

314.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Village Administrator or the Village Administrator.

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

Discriminatory Harassment

314.6 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

314.7 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the Village Administrator, or the Village Administrator, depending on the ranks of the involved parties.
- Maintained in accordance with the established records retention schedule.

314.8 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. 314.8.3 STATE-REQUIRED TRAINING

All members should also participate annually in harassment and discrimination prevention training (5 ILCS 430/5-10.5).

The Patrol Commander should develop a training program that meets the requirements for harassment and discrimination training in 5 ILCS 430/5-10.5 and which includes sexual harassment prevention training consistent with the model sexual harassment prevention program created by the Illinois Department of Human Rights (775 ILCS 5/2-109).

Child Abuse

315.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when North Riverside Police Department members are required to notify the Illinois Department of Children and Family Services (DCFS) of suspected child abuse.

315.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency (325 ILCS 5/3).

315.2 POLICY

The North Riverside Police Department will investigate all reported incidents of alleged criminal child abuse and ensure DCFS is notified as required by law.

315.3 MANDATORY NOTIFICATION

Members of the North Riverside Police Department shall notify DCFS when they have reasonable cause to believe a child known to them in their official capacity was abused by a parent, immediate family member, any person responsible for the child's welfare, any individual residing in the same home as the child or a paramour of the child's parent. Members must also report any case of a neglected child (325 ILCS 5/4; 325 ILCS 5/3).

For purposes of notification, abuse includes physical injuries, risk of physical injuries, sex offenses, torture, excessive corporal punishment, female genital mutilation, etc. Neglect includes failure to provide necessary nourishment or medical care or blatant disregard of parent or caretaker responsibilities. Full definitions of abuse and neglect are provided in 325 ILCS 5/3.

315.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (325 ILCS 5/7):

- (a) All notifications of suspected child abuse or neglect shall be made immediately, either to DCFS on the statewide, toll-free telephone number, in person or by telephone through the nearest DCFS office (325 ILCS 5/7.6; 89 Ill. Adm. Code 300.30).
- (b) Notification, when possible, shall include:
 1. The name and address of the child and his/her parents or other persons having custody.

Child Abuse

2. The child's age, the nature of the child's condition, including any evidence of previous injuries or disabilities.
 3. Any other information that the person filing the report believes might be helpful in establishing the cause of abuse or neglect and the identity of the person believed to have caused such abuse or neglect.
- (c) A member who suspects that a child has died as a result of child abuse or neglect shall also immediately report his/her suspicion to the appropriate Medical Examiner (325 ILCS 5/4.1).

315.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.

315.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

Child Abuse

- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- (k) Other investigative steps taken in compliance with any applicable county Child Advocacy Advisory Board protocol the North Riverside Police Department follows (55 ILCS 80/3).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DCFS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DCFS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (325 ILCS 5/5):

- (a) A court has ordered the removal of the child.
- (b) A court has not ordered the removal of the child but there is reason to believe the child cannot be cared for at home or in the custody of the person responsible for the child's welfare without endangering the child's health or safety, and there is no time to apply for a court order for temporary custody of the child.

Child Abuse

315.6.1 PROCEDURE

A department member taking a child into temporary protective custody shall immediately (325 ILCS 5/5):

- (a) Make every reasonable effort to notify the person responsible for the child's welfare.
- (b) Notify DCFS.

See the Abandoned Newborn Infant Protection Policy for guidance regarding the Abandoned Newborn Infant Protection Act (325 ILCS 2/10 et seq.).

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

Child Abuse

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

315.10 STATE MANDATES AND OTHER RELEVANT LAWS

Illinois requires or permits the following:

315.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (325 ILCS 5/11).

This department has adopted the Illinois Child Advocacy Advisory Board's protocol governing the investigation of child maltreatment including sexual abuse, physical abuse, exploitation and neglect of a child.

All investigations and interviews conducted by this department shall comply with this protocol, with the procedures to be used in investigating and prosecuting cases arising from alleged child maltreatment and in coordinating treatment referrals for the child and his/her family (55 ILCS 80/3).

315.10.3 ASSISTANCE TO CHILD PROTECTIVE SERVICES INVESTIGATORS

Upon receiving a request for assistance from a child protective services investigator involving an investigation of a high-risk report of child abuse or neglect officers should determine the reason for the request. If the protective services investigator reasonably believes that the person being investigated has a potential for violence, officers should accompany him/her. However, if resources are limited or unavailable, officers should notify the Shift Sergeant to arrange for the assistance to occur at a mutually agreeable time (325 ILCS 5/7.2).

315.10.4 SEXUAL ABUSE INVOLVING SCHOOL PERSONNEL

In all reported incidents of sexual abuse of a child involving school personnel, including vendors or volunteers, the Investigation Unit supervisor or authorized designee shall notify the relevant school when the investigation has been suspended or completed, as well as the outcome of the investigation (105 ILCS 5/22-85).

315.11 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.
- (c) Availability of therapy services for children and families.

Child Abuse

- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to child abuse investigations.
- (f) Availability of victim advocate or guardian ad litem support.

315.11.1 TRAINING RECORDS

In addition to providing copies of completed mandated reporter training records to the Patrol Commander as required in the Personnel Records Policy, members should maintain records of their completed training and forward copies to their licensing or certification board (325 ILCS 5/4).

316.1 PURPOSE AND SCOPE

This policy provides guidance for handling missing person investigations.

316.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk missing person - A person whose whereabouts are not currently known and whose circumstances indicate that the person may be at risk of injury or death. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Certain exceptions may be permitted with the prior approval of a supervisor as a function of an assignment.

Downloaded information shall be limited to messages, mail, and data files which shall be subject to audit and review by the Department without notice. No copyrighted and/or unlicensed software program files may be downloaded.

Employees shall report any unauthorized access to the system or suspected intrusion from outside sources (including the Internet) to a supervisor.

321.7 PROTECTION OF AGENCY SYSTEMS AND FILES

All employees have a duty to protect the system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential

Information Technology Use

information and are not to be shared. Password length, format, structure and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for an employee to allow an unauthorized user to access the system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

321.8 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Department involving one of its members or a member's duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

The IT staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the department computer system when requested by a supervisor or during the course of regular duties that require such information.

Report Preparation

322.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

322.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and reasonably free of errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard, or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

322.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

322.2.1 CRIMINAL ACTIVITY

When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution.

Incidents to be documented in a written report include:

- (a) All arrests
- (b) All felony crimes
- (c) Non-felony incidents involving crimes against persons, threats or stalking behavior
- (d) Situations covered by separate policy (see the corresponding policy for guidance). These situations include:

- (j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor.

322.2.3 DEATH CASES

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with the Death Investigation Policy. The handling officer should notify and apprise a supervisor of the circumstances surrounding the incident to determine how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

- (a) Sudden or accidental deaths.

Report Preparation

- (b) Suicides.
- (c) Homicide or suspected homicide.
- (d) Unattended deaths (No physician or qualified hospice care in the 20 days preceding death).
- (e) Found dead bodies or body parts.

322.2.4 INJURY OR DAMAGE BY VILLAGE PERSONNEL

Reports shall be taken if an injury occurs that is a result of an act of a Village employee. Additionally, reports shall be taken involving damage to Village property or Village equipment.

322.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

- (a) The injury is a result of drug overdose.
- (b) Attempted suicide.
- (c) The injury is major/serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

322.2.6 STOLEN VEHICLE REPORTS

All incidents involving the theft or recovery of any stolen or converted vehicle shall be reported as soon as practicable to the Illinois State Police as provided in 625 ILCS 5/4-107.

322.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

322.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for departmental consistency.

322.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

Report Preparation

322.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. The original report and the correction form should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

322.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.

Media Relations

323.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

323.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police, however, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, The Deputy Chief, Patrol Commander, Shift Sergeants, Detective Sergeant or designee(s) may prepare and release information to the media in accordance with this policy and the applicable law.

323.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comment(s) to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

323.3 MEDIA ACCESS

Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions:

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 - 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should

North Riverside Police Department

North Riverside PD Policy Manual

Media Relations

be coordinated through the department Chief of Police or other designated spokesperson.

2. Whenever the presence of media or other aircraft poses a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for TFR should be routed through the Shift Sergeant. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).
- (c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee.
- (d) Media interviews with individuals who are in custody shall not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media should be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Chief of Police or designee.

323.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

323.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Shift Sergeant. This log will generally contain the following information:

- (a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

North Riverside Police Department

North Riverside PD Policy Manual

Media Relations

- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Shift Sergeant. Such requests will generally be processed in accordance with the provisions of the Illinois Freedom of Information Act (5 ILCS 140/1, et seq.).

323.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized member dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (see the Records Maintenance and Release and Peace Officer Personnel Files policies) (5 ILCS 140). When in doubt, authorized and available legal counsel should be obtained.

Employees receiving these subpoenas are not compensated for their appearance and arrangements for time off shall be coordinated through their immediate supervisor.

In such situations, the Department will also reimburse any employee for reasonable and necessary travel expenses. Any fees paid to the employee by the attorney of record shall be signed over to the Department.

The Department will receive reimbursement for the employee's compensation through the civil attorney of record who subpoenaed the employee.

Outside Agency Assistance

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

326.2 POLICY

It is the policy of the North Riverside Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

326.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Sergeant's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Shift Sergeant may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

326.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the North Riverside Police Department shall notify his/her supervisor or the Shift Sergeant and the Communications Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

326.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

326.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift Sergeant.

326.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Deputy Chief or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to the Communications Center and the Shift Sergeant to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Patrol Commander should maintain documentation that the appropriate members have received the required training.

Handcuff Policy

327.1 PURPOSE AND SCOPE

This procedure provides guidelines for handling situations involving handcuffing during detentions and arrests. This policy is also applicable to Flexcuffs, which will be considered synonymous with handcuffs for purposes of this policy.

327.2 HANDCUFFING POLICY

Although recommended for most arrest situations, handcuffing is a discretionary procedure and not an absolute rule of the Department. When deciding whether to handcuff an arrestee, officers should carefully balance officer safety concerns with factors including, but not limited to the following:

- The circumstances leading to the arrest.
- The attitude and behavior of the arrested person.
- The age, sex and health of the person.
- Whether the person has a hearing or speaking disability. In such cases consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

It is not the intent of the Department to dissuade officers from handcuffing all persons they believe warrant that degree of restraint, nor is it the intent of this policy to create the atmosphere that in order to avoid risk, an officer should handcuff all persons regardless of the circumstances. In most situations handcuffs should be applied with the hands behind the person. Handcuffs should be removed as soon as the arrested person is safely confined within the jail.

327.2.1 IMPROPER USE OF HANDCUFFS

Handcuffing is never done to punish, to display authority, or as a show of force. Persons are handcuffed only to restrain their hands to ensure officer safety. When practical, handcuffs shall be double locked to prevent tightening which may cause undue discomfort or injury to the hands or wrists.

327.2.2 JUVENILES

Juveniles 14 years of age or older may be handcuffed when the act committed is of a felonious nature or when their acts have amounted to crimes where the officer has a reasonable suspicion the suspect may have a desire to escape, injure themselves, injure the officer, or destroy property.

Juveniles under 14 years of age generally will not be handcuffed unless their acts have amounted to a dangerous felony or when they are of a state of mind which suggests a reasonable probability of their desire to escape, injure themselves, the officer, or to destroy property.

Handcuff Policy

327.2.3 HANDCUFFING OF DETAINEES

Situations may arise where it may be reasonable to handcuff an individual who may after subsequent investigation, be released prior to arrest. Such a situation is considered a detention, rather than an actual arrest. Unless arrested, the use of handcuffs on detainees should continue for only as long as is reasonably necessary to assure the safety of officers and others. Officers should continuously weigh the safety interests at hand against the intrusion upon the detainee when deciding to remove handcuffs from a detainee.

When an individual is handcuffed and released without an arrest, a written report of the incident shall be made to document the details of the detention and need for use of handcuffs.

327.2.4 HANDCUFFING OF ARRESTEES WHO ARE IN LABOR

No arrestee who is in labor shall be handcuffed or restrained by the wrists, ankles or both unless it is reasonably necessary for the safety of the arrestee, officer or others.

Registered Offender Information

328.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the North Riverside Police Department will address issues associated with certain offenders residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered offenders.

328.2 POLICY

It is the policy of the North Riverside Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

328.3 REGISTRATION

The Investigation Sergeant shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Illinois State Police (ISP) in accordance with 730 ILCS 150/8.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

328.4 CONTENTS OF REGISTRATION

The Investigation Sergeant shall assign a detective to reasonably accommodate registration. The assigned detective will:

- (a) Obtain proof of identity and residency.
- (b) Conduct a criminal history check.
- (c) Utilize the ISP Sex Offender Registration Form to process registration and obtain the offender's signature on the completed form.
- (d) Photograph and fingerprint the individual
- (e) Provide the offender with a registration receipt.
- (f) Enter registration information into Law Enforcement Agencies Database System (LEADS).

Registered Offender Information

328.5 MONITORING OF REGISTERED OFFENDERS

The Investigation Sergeant should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the ISP website.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the assigned Investigation Unit detective.

The Investigation Sergeant should also establish a procedure to routinely disseminate information regarding registered offenders to North Riverside Police Department personnel, including timely updates regarding new or relocated registrants.

328.6 DISSEMINATION OF INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be directed to the [Illinois Sex Offender Information website](#).

The Telecommunications Supervisor shall release local registered offender information to residents in accordance with 730 ILCS 152/120 and in compliance with a Freedom of Information Act request.

328.6.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

Registered Offender Information

328.6.2 MANDATORY OFFENDER INFORMATION DISSEMINATION

Information on registered offenders shall be posted at department headquarters (730 ILCS 152/120; 730 ILCS 154/95) and must be made available for public inspection to any person, no later than 72 hours or three business days from the date of a request (730 ILCS 152/120/ 730 ILCS 154/95).

Upon registration of a juvenile sex offender who is also enrolled in school, the department shall provide a copy of the sex offender registration form only to the principal or chief administrative officer of the school and any guidance counselor designated by the chief administrative officer (730 ILCS 152/121).

328.6.3 OFFENDER INFORMATION AVAILABLE VIA THE INTERNET

Information that may be posted on the department's website regarding registered offenders includes (730 ILCS 152/120; 730 ILCS 154/95):

- (a) The offender's name, address and date of birth.
- (b) The offense for which the offender was convicted.
- (c) The offender's photograph or other such information that will help identify the sex offender or violent offender against youth.
- (d) Offender employment information.
- (e) For sex offenders, the following additional information may be posted on the department's website: adjudication as a sexually dangerous person, e-mail addresses, instant messaging identities, chat room identities and other Internet communications identities, all Uniform Resource Locators (URLs) registered or used by the sex offender, and all blogs and other Internet sites maintained by the sex offender or to which the sex offender has uploaded any content or posted any messages or information.

Major Incident Notification

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

329.2 POLICY

The North Riverside Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

329.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Chief of Police and the affected Deputy Chief. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides
- Traffic accidents and locomotive collisions with fatalities
- Officer-involved shooting - on or off duty
- Significant injury or death to employee - on or off duty
- Death of a prominent North Riverside official
- Arrest of Department employee or prominent North Riverside official
- Aircraft crash with major damage and/or injury or death
- In-custody deaths
- Recovery of unidentified human remains

329.4 SHIFT SERGEANT RESPONSIBILITY

The Shift Sergeant is responsible for making the appropriate notifications. The Shift Sergeant shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Shift Sergeant shall attempt to make the notifications as soon as practical. Notification should be made by calling the home phone number or cellular phone.

329.4.1 STAFF NOTIFICATION

In the event an incident occurs described in Policy Manual § 358.2, the Chief of Police shall be notified along with the Deputy Chief and the Detective Sergeant. In the event the Chief of Police is unavailable, the Deputy Chief of Police, Patrol Commander and Detective Sergeant should be notified without delay.

North Riverside Police Department

North Riverside PD Policy Manual

Major Incident Notification

329.4.2 DETECTIVE NOTIFICATION

If the incident requires that a detective respond from home, the immediate Shift Supervisor shall contact the Detective Sergeant and provide the necessary information pertaining to the incident and subsequent notification.

329.4.3 TRAFFIC ACCIDENT FATALITY AND USE OF TRAFFIC ACCIDENT RECONSTRUCTIST

In the event of a traffic fatality or major injury, the Shift Sergeant shall be notified who will then contact the Patrol Commander. After consulting with the Patrol Commander, a mutual aid request to the Cook County Sheriffs Police Dept. or the Illinois State Police for a traffic accident reconstructionist may be initiated.

329.4.4 CHIEF OF POLICE (PIO)

The Chief of Police or designee shall be called if, based upon the information available at the time it appears the media may have a significant interest in the incident.

Death Investigation

330.1 PURPOSE AND SCOPE

The investigation of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

330.2 INVESTIGATION CONSIDERATIONS

Death investigations require certain actions be taken. Paramedics shall be called in all suspected death cases unless the cause of death is obvious (e.g., when the subject has been decapitated or the body is decomposed). Officers are not authorized to pronounce death. A supervisor shall be notified in all death investigations. The Medical Examiner should be notified in all deaths and shall be notified under those conditions listed below in this policy.

The responsible supervisor should determine whether follow-up investigation is required and ensure that a lead investigator is assigned when appropriate. Only officers who have successfully completed the Illinois Law Enforcement Training and Standards Board (ILETSB) program in death and homicide investigations, shall be assigned as lead investigator on any death or homicide investigation (50 ILCS 705/10.11).

330.2.1 MEDICAL EXAMINER REQUEST

Every Medical Examiner has the responsibility to investigate the following as soon as he knows or is informed that the dead body of any person is found, or lying within his/her county, whose death is suspected of being (55 ILCS 5/3-3013):

- (a) A sudden or violent death, whether apparently suicidal, homicidal or accidental.
- (b) A maternal or fetal death due to abortion, or any death due to a sex crime or a crime against nature.
- (c) A death where the circumstances are suspicious, obscure, mysterious or otherwise unexplained or where, in the written opinion of the attending physician, the cause of death is not determined.
- (d) A death where addiction to alcohol or to any drug may have been a contributory cause.
- (e) A death where the decedent was not attended by a licensed physician.

The body shall not be disturbed or moved from the position or place of death without permission of the Medical Examiner.

330.2.2 SEARCHING DEAD BODIES

The Medical Examiner or Deputy Medical Examiner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in 55 ILCS 5/3-3013. The only exception is that an officer is permitted to search the body of a person killed in a traffic

Death Investigation

collision for the limited purpose of locating an anatomical donor card. If such a donor card is located, the Medical Examiner or Deputy Medical Examiner shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Medical Examiner or Deputy Medical Examiner; the investigating officer shall first obtain verbal consent from the Medical Examiner or Deputy Medical Examiner (55 ILCS 5/3-3019).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Deputy Medical Examiner, a receipt shall be obtained. This receipt shall be attached to the death report.

330.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner or Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

330.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner's office will issue a "John Doe" or "Jane Doe" number for the report.

330.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

330.2.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Detective Sergeant shall be notified to determine the possible need for the Detective Sergeant to respond to the scene for further immediate investigation and the possible activation of mutual aid task force(s) such as WESTAF or MCAT.

330.3 SPECIMEN SUBMISSION

As soon as possible, but no later than 30 days after receipt of any blood, buccal or tissue specimen from the Medical Examiner, the Investigation Deputy Chief shall ensure the specimen and department case number is submitted to an approved National DNA Index System (NDIS) participating laboratory within this state for analysis and categorizing into genetic marker groupings and that the results are submitted to the Illinois State Police (55 ILCS 5/3-3013).

330.4 UNUSED MEDICATIONS

If an officer collects any unused prescription medication at the scene of a death investigation, the officer shall (210 ILCS 150/18(g)):

North Riverside Police Department

North Riverside PD Policy Manual

Death Investigation

- (a) Document the number or amount of medication to be disposed of.
- (b) If the medication is collected as evidence, photograph the unused medication and its container or packaging, if available, and include the photograph and documentation with the report.

Identity Theft

331.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

331.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft shall initiate a report for victims residing within the jurisdiction of this department (720 ILCS 5/16-35). For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he/she resides.
- (b) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (c) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and IDOT) with all known report numbers.
- (d) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

331.3 VICTIM ASSISTANCE

- (a) Officers should provide all victims of identity theft with the Attorney General's Identity Theft Resource Guide.
- (b) In a case where another person has been arrested, cited or charged in the victim's name, where a criminal complaint was filed against a perpetrator in the victim's name or where the victim's name has been mistakenly associated with a criminal conviction, the reporting officer should inform the victim of identity theft of his/her right to obtain an expedited judicial determination of factual innocence (720 ILCS 5/16-35(b)).

Limited English Proficiency Services

332.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

332.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the North Riverside Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

332.2 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

North Riverside Police Department

North Riverside PD Policy Manual

Limited English Proficiency Services

- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

As indicated above, the intent of this analysis is to provide a balance that reasonably ensures meaningful access by LEP individuals to critical services while not imposing undue burdens on the Department of departmental personnel.

While this department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right, the above analysis will be utilized to determine the availability and level of assistance provided to any LEP individual or group.

332.3 TYPES OF LEP ASSISTANCE AVAILABLE

North Riverside Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

332.4 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

332.5 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

332.6 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the

North Riverside Police Department

North Riverside PD Policy Manual

Limited English Proficiency Services

non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other Village departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

332.7 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

332.7.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other Village departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.

North Riverside Police Department

North Riverside PD Policy Manual

Limited English Proficiency Services

- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

332.7.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

332.8 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

332.9 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The North Riverside Police Department will take reasonable steps and will work with the Village Administration to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

332.9.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language

North Riverside Police Department

North Riverside PD Policy Manual

Limited English Proficiency Services

is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

332.10 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

332.11 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

North Riverside Police Department

North Riverside PD Policy Manual

Limited English Proficiency Services

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

332.12 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

332.13 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

332.14 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

332.15 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

North Riverside Police Department

North Riverside PD Policy Manual

Limited English Proficiency Services

332.16 TRAINING

In an effort to ensure that all employees in public contact positions (or having contact with those in custody) are properly trained, the Department will provide periodic training to personnel about departmental LEP policies and procedures, including how to access department-authorized telephonic and in person interpreters and other available resources.

Communications with Persons with Disabilities

333.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

333.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters shall have a valid Illinois license to practice interpreting for the deaf (225 ILCS 443/15), unless they are exempt under 225 ILCS 443/25.

333.2 POLICY

It is the policy of the North Riverside Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

333.3 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members

Communications with Persons with Disabilities

should ask the individual to communicate back or otherwise demonstrate their understanding.

- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

333.4 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the North Riverside Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

Communications with Persons with Disabilities

333.5 TYPES OF ASSISTANCE AVAILABLE

North Riverside Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

333.6 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

333.7 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speech reading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

Communications with Persons with Disabilities

333.8 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

333.9 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

333.10 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

333.11 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related

Communications with Persons with Disabilities

report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

333.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

333.12.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

Communications with Persons with Disabilities

- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

333.13 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

333.14 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

333.15 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate.

Communications with Persons with Disabilities

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

333.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

333.17 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Patrol Commander shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Patrol Commander shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

333.17.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

North Riverside PD Policy Manual

Communications with Persons with Disabilities

Training should be mandatory for all the Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Public Safety Video Surveillance System

334.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

334.2 POLICY

The North Riverside Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the Village to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist Village officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

334.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

334.3.1 MONITORING

Images from each camera will be recorded on a 24-hour basis every day of the week. These images will be transmitted to monitors installed in the Communications Center. When activity warranting further investigation is reported or detected at any camera location, the dispatcher may selectively view the appropriate camera and relay any available information to responding units. The Shift Sergeant or the Communications Center personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety camera system to be set up at a location other than the Communications Center for monitoring by other than police personnel when the provision of such access is in furtherance of this policy.

The cameras only record images and do not record sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high value or high threat areas. In addition, the public safety camera system may be useful for the following purposes:

Public Safety Video Surveillance System

- (a) To assist in identifying, apprehending and prosecuting offenders.
- (b) To assist in gathering evidence for criminal and civil court actions.
- (c) To help emergency services personnel maintain public order.
- (d) To monitor pedestrian and vehicle traffic activity.
- (e) To help improve the general environment on the public streets.
- (f) To assist in providing effective public services.

334.3.2 TRAINING

Personnel involved in video monitoring will be appropriately trained and supervised.

334.3.3 PROHIBITED ACTIVITY

Video monitoring will be conducted in a professional, ethical and legal manner. The public safety camera system will not be used to invade the privacy of individuals, to look into private areas or areas where the reasonable expectation of privacy exists. All reasonable efforts will be taken to protect these rights. Video monitoring shall not be used to harass, intimidate or discriminate against any individual or group.

The making of a video record or the transmission of live video by law enforcement officers pursuant to a criminal investigation is generally exempt from the unauthorized video recording prohibitions of 720 ILCS 5/26-4. A search warrant should be obtained in order to record or transmit video of a person inside that person's residence from a public safety camera.

334.3.4 CAMERA MARKINGS

Except in the case of covert operations or confidential investigations, all public areas that are monitored by public safety cameras shall be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs shall be well lit to ensure visibility.

334.4 MEDIA STORAGE

All media will be stored in a secure area with access restricted to authorized persons.

Recordings not otherwise needed for official reasons shall be retained for a period of not less than seven days and thereafter may be erased. The system shall be configured to automatically purge any recordings older than 30 days.

334.5 REVIEW OR RELEASE OR OF VIDEO IMAGES

The reviewing or the release of video images shall be done only with the authorization of the Chief of Police or his/her designee and only with a properly completed written request. Video images needed for a criminal investigation or other official reason shall be collected and booked in accordance with current departmental evidence procedures.

North Riverside Police Department

North Riverside PD Policy Manual

Public Safety Video Surveillance System

334.5.1 PUBLIC AND OTHER AGENCY REQUESTS

Requests for recorded video images from other government agencies or by the submission of a court order or subpoena shall be promptly submitted to the Telecommunications Supervisor, who will promptly research the request and submit the results of such search through the Chief of Police to the Village Attorney's office for further handling. Every reasonable effort should be made to preserve the data requested until the request has been fully processed by the Village Attorney's office.

Video images captured by public safety cameras that are requested by the public or media will be made available only to the extent required by law. Except as required by a valid court order or other lawful process, video images requested under the Public Records Act will generally not be disclosed to the public when such video images are evidence in an ongoing criminal investigation in which a disposition has not been reached.

Child and Dependent Adult Safety

335.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

335.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The North Riverside Police Department will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

335.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, the officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

The officer shall assist the arrestee in the placement of the children or dependent adult with a relative or other responsible person designated by the arrestee. If the officer has reasonable cause to believe that a child may be a neglected child as defined in the Abused and Neglected Child Reporting Act, he/she shall report it immediately to the Department of Children and Family Services (725 ILCS 5/107-2(2)).

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Child and Dependent Adult Safety

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

335.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the Illinois Department of Children and Family Services, if appropriate.
- (e) Notify the field supervisor or Shift Sergeant of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

North Riverside Police Department

North Riverside PD Policy Manual

Child and Dependent Adult Safety

335.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

335.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting employee will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting employee will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

335.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

335.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

North Riverside Police Department

North Riverside PD Policy Manual

Child and Dependent Adult Safety

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

335.5 TRAINING

The Patrol Commander is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

336.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure that the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act (ADA).

336.2 POLICY

It is the policy of the North Riverside Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

336.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or to follow daily routines.

336.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed (720 ILCS 5/48-8; 775 ILCS 30/3). Department members are expected to treat individuals with service animals with the same courtesy and respect that the North Riverside Police Department affords to all members of the public (28 CFR 35.136).

North Riverside Police Department

North Riverside PD Policy Manual

Service Animals

336.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

336.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

336.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services that are reasonably available to an individual with a disability, with or without a service animal.

336.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Abandoned Newborn Infant Protection

337.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the proper managing of incidents of newborn infant abandonment according to the Abandoned Newborn Infant Protection Act (325 ILCS 2/10).

337.2 ACCEPTANCE

Officers must accept a newborn infant relinquished at the Department (325 ILCS 2/20 (c)). The State of Illinois defines a newborn infant as a child who a licensed physician reasonably believes is 30 days old or less at the time the child is initially relinquished (325 ILCS 2/10). Although a person relinquishing a newborn infant retains the right to limited immunity and anonymity, officers should request the person's personal information. Absent any other information, officers should attempt to obtain any known medical information about the newborn infant. Any information obtained should be documented in the report and, if appropriate, transmitted to the hospital or medical facility to which the newborn infant is taken.

If there is no evidence of abuse or neglect of the newborn infant, the relinquishing person has the right to remain anonymous and leave the premises at any time without being pursued or followed. The act of relinquishing a newborn infant does not, in and of itself, constitute a basis for a finding of abuse, neglect or abandonment. If there is suspected abuse or neglect that is not based solely on the newborn infant's relinquishment, the relinquishing person no longer has the right to remain anonymous (325 ILCS 2/30).

337.3 MEDICAL CONSIDERATIONS

After accepting a relinquished newborn infant the officer will request paramedics for a medical evaluation and transportation to the nearest hospital (325 ILCS 2/20 (c)). If the infant is not being transported by the paramedics, the officer will see that transportation of the infant to the nearest hospital is accomplished as soon as transportation can be arranged. Newborn infants will not be transported in a department vehicle equipped with a prisoner screen or in any department vehicle without the appropriate child safety restraint and/or which does not allow for the proper placement of such child safety restraint.

337.4 NOTICE TO RELINQUISHING PERSON

When accepting a newborn infant, officers will offer the relinquishing person an information packet prepared and maintained by the Department for this purpose (325 ILCS 2/35). If possible, the employee will also inform the relinquishing person of the following:

- His/her acceptance of the information is completely voluntary.
- Registration with the Illinois Adoption Registry and Medical Information Exchange is voluntary.
- He/she will remain anonymous if they complete a Denial of Information Exchange.

North Riverside Police Department

North Riverside PD Policy Manual

Abandoned Newborn Infant Protection

- He/she has the option to provide medical information only and still remain anonymous.
- By relinquishing the child anonymously, he/she will have to petition the court of jurisdiction if he/she desires to prevent the termination of parental rights and regain custody of the child.

337.4.1 SUPERVISOR NOTIFICATION

When accepting a newborn infant, officers will notify their immediate supervisor as soon as practical.

337.4.2 DOCUMENTATION

When accepting a newborn infant, officers will generate a report and document all pertinent information.

337.5 RIGHT OF PARENT TO RETURN

If the parent of a relinquished newborn infant returns to reclaim the infant within 72 hours after relinquishing the infant at the Department, an officer must inform the parent of the name and location of the hospital where the infant was transported (325 ILCS 2/20 (c)).

337.6 INFORMATION DISCLOSURE

Employees will not publicly disclose any information concerning the relinquishment of a newborn infant and the individuals involved, except as otherwise provided by law (325 ILCS 2/37).

337.7 INVESTIGATIVE RESPONSIBILITIES

Neither a child protective investigation nor a criminal investigation should be initiated solely because a newborn infant is relinquished (325 ILCS 2/25 (c)).

After accepting a newborn infant, or upon being contacted to assist in regards to a newborn infant relinquished elsewhere, the handling employee should take the necessary steps to ensure that the infant is not a missing child.

If there is suspected child abuse or neglect that is not based solely on the newborn infant's relinquishment, as mandated reporters under the Abused and Neglected Child Reporting Act officers shall report their observations (325 ILCS 2/25(b)). In this instance, officers shall begin their criminal investigation.

337.8 REQUIRED SIGNAGE

The Administration Deputy Chief will ensure that an appropriate sign is posted in a conspicuous place on the exterior of the police facility informing persons that a newborn infant may be relinquished at the facility. The sign and its placement will comply with the prescribed specifications to ensure statewide uniformity (325 ILCS 2/22).

Off-Duty Law Enforcement Actions

338.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the North Riverside Police Department with respect to taking law enforcement action while off-duty.

338.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

338.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medication or any combination thereof that would tend to adversely affect the officer's senses or judgment.

338.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.

Off-Duty Law Enforcement Actions

- (c) The lack of equipment, such as handcuffs, OC or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

338.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call, or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an North Riverside Police Department officer until acknowledged. Official identification should also be displayed.

338.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

338.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

338.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

338.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Shift Sergeant as soon as practicable. The Shift Sergeant shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Off-Duty Law Enforcement Actions

338.6 OFF DUTY TRAINING AND ACTIVITY

When a member is off duty they are still considered a member of the North Riverside Police Department. If a member wishes to attend anything related to law enforcement while off duty they shall first obtain permission from an administrator.

Members shall not attend anything related to law enforcement while they are classified as sick, on vacation, personal day or switched shift unless exempted by an administrator.

It will be the right of the administration to determine what constitutes a relationship to law enforcement for purposes of training or activities outside of work.

Canines

339.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services to the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

339.2 POLICY

It is the policy of the North Riverside Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

339.3 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol Deputy Chief or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
 - 1. Ensure all department vehicles used to transport canines are equipped with a heat sensor monitoring device that meets the requirements of 510 ILCS 83/15.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

339.4 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Shift Sergeant.

339.4.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Sergeant and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.

Canines

- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

339.4.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

339.5 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Sergeant. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

Canines

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

339.5.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

339.5.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

Canines

339.5.3 REPORTING DEPLOYMENTS, BITES AND INJURIES

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The injured person shall be promptly treated by Emergency Medical Services (EMS) personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements (510 ILCS 5/13(b)). The canine shall be under observation for 10 days following any bite. The observation shall consist of the canine being locked in a kennel, performing its official duties in a law enforcement vehicle or remaining under the constant supervision of its handler.

339.6 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an immediate threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

Canines

339.6.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

339.6.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

339.6.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

339.7 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.

North Riverside Police Department

North Riverside PD Policy Manual

Canines

- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the North Riverside Police Department facility.
- (e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the Village at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Sergeant.
- (j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Sergeant.
- (k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.
- (l) The handler shall ensure the canine receives an annual medical examination by a licensed veterinarian (510 ILCS 83/10).

339.7.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

339.8 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

Canines

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the memorandum of understanding (29 USC § 207).

339.9 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Sergeant as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

339.10 TRAINING

Before assignment in the field, each narcotic detection canine team shall be trained and certified to meet current requirements established by the Illinois Law Enforcement Training and Standards Board (ILETSB) (50 ILCS 705/10.12). Cross-trained canine teams or those canine teams trained exclusively for the detection of explosives also should be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members to familiarize them with how to conduct themselves in the presence of department canines. The canine coordinator shall also be responsible for scheduling periodic training for all canine handlers in the recognition and treatment of a canine's exposure to dangerous substances such as opioids.

All canine training should be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Sergeant.

339.10.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the North Riverside Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

Canines

339.10.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

339.10.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

339.10.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the North Riverside Police Department may work with outside trainers with the applicable licenses or permits.

339.10.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(f); 720 ILCS 570/302).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the North Riverside Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

339.10.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

North Riverside Police Department

North Riverside PD Policy Manual

Canines

- (d) All controlled substance training samples will be inspected, weighed and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Office or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

339.10.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41; 225 ILCS 210/2001).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

339.11 CANINE RETIREMENT

When the Patrol Deputy Chief determines a canine is no longer fit for duty it shall be offered to the handler assigned to the animal during its service. If the handler does not wish to keep the

Handcuffing and Restraints

343.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

343.2 POLICY

The North Riverside Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

343.3 USE OF RESTRAINTS

Only members who have successfully completed North Riverside Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

343.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

343.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure herself or others, or damage property.

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

343.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

343.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

343.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

343.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Handcuffing and Restraints

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid commingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

343.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

343.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

343.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

Handcuffing and Restraints

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

343.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

Handcuffing and Restraints

343.9 TRAINING

Subject to available resources, the Patrol Commander should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

- (d) Reviewing each petition for a firearms restraining order (and associated affidavits or court documents, if applicable) to ensure compliance with this policy, department procedures, and state law.

Firearms Restraining Orders

344.4 FIREARMS RESTRAINING ORDERS

An officer who reasonably believes that a firearms restraining order is appropriate should obtain supervisor approval prior to seeking an order.

344.4.1 STANDARDS

Firearms restraining orders may be appropriate if a person poses an immediate and present danger of causing personal injury to him/herself or others by having a firearm in his/her custody or control (430 ILCS 67/35; 430 ILCS 67/40).

Service of firearms restraining orders takes precedence over the service of other orders, except for orders of a similar emergency nature.

If applicable, officers may serve a firearms restraining order upon the named person via short form notification (430 ILCS 67/50).

344.5.1 SAFETY CONSIDERATIONS

Upon receipt of a firearms restraining order, the operations director or the authorized designee should evaluate the circumstances of the order and consider what precautions are appropriate for service.

North Riverside Police Department

North Riverside PD Policy Manual

Officers serving a firearms restraining order should request that the person who is the subject of the order immediately surrender all firearms in his/her custody, control, or possession along with any Firearm Owner's Identification Card and concealed carry license issued to the person. Officers shall take custody of any items surrendered.

344.5.3 RECEIPT OF COURT-ORDERED ITEMS

A receipt identifying all surrendered items should be prepared by the officers and a copy given to the person. The officers should ensure the original receipt is forwarded to the Telecommunications Supervisor as soon as practicable.

(Officers shall notify the Department of State Police within 7 days of receipt of a concealed carry license (430 ILCS 66/70)).

344.5.4 SEARCH WARRANTS

If the person subject to the firearms restraining order refuses to surrender all items subject to the order or if an officer serving a firearms restraining order reasonably believes there are items ordered to be relinquished in the person's custody, control, or possession that have not been surrendered, the officer should consider whether to seek a search warrant.

Officers should be prepared to file a search warrant prior to attempting service of a firearms restraining order. Preparation and service of the search warrant should be done in accordance with the Warrant Service Policy.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of North Riverside, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.
- (c) Calls for service, both routine and emergency in nature.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and Problem Solving activities such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the Patrol and other divisions within the Department, as well as other outside governmental agencies.
- (h) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and problem solving strategies.
- (i) Traffic direction and control.

400.1.2 TERRORISM

It is the goal of the North Riverside Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report. The supervisor should ensure that all terrorism related reports are forwarded to the Detective Sergeant in a timely fashion.

Patrol Function

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the North Riverside Police Department.

400.2.1 CRIME ANALYSIS UNIT

Crime reports shall be completed by a patrol officer who receives information on any criminal activity. The report will be processed and investigated to the fullest extent of the officer's ability, ensuring that all pertinent case and available contact information is obtained. The officer will then forward the report to the Shift Sergeant who shall decide if it warrants turning over to investigations for additional follow-up.

400.2.2 PATROL ROLL CALLS

Patrol sergeants and detective sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol Roll Calls as time permits.

400.2.3 SMART BOARD

The smart board will be available in the Roll Call room for display of suspect information, intelligence reports and photographs. New Departmental Directives will be made available for patrol sergeants and will be discussed at Roll Calls and shift meetings. A copy of the Departmental Directive will be placed on the Roll Call room clipboard.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol sergeant should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention. The NIPAS Mobile Field force should be contacted if the Shift Sergeant deems it necessary.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the North Riverside Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach and partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

401.2 POLICY

The North Riverside Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any bias-based actions by another member.

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

Bias-Based Policing

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 WARNING CITATIONS

The department provides warning citations for use as an alternative to the arrest citation. The issuance of warning citation books to sworn officers will allow for more positive citizen contacts, while at the same time, encouraging those citizens to comply with traffic laws.

- (a) The warning ticket is not intended to replace the arrest citation, but only to complement it. Officers will be held accountable for proper use of discretion when determining which warning tickets or citations apply to a given situation. Officers will be cognizant of the fairness issue involved in the issuance of warning citations. Warning citations should be kept to a minimum, and must be issued in fair impartial judicious manner for all motorists stopped for a motor vehicle of violation.
- (b) An officer may at their discretion, issue a warning ticket in lieu of an arrest citation for any minor moving violation. In this instance, the warning serves only as an official "warning" to the violator and no further enforcement action will be taken.
 - 1. A warning citation MAY be issued for:
 - (a) A license/registration
 - (b) Equipment or other non-moving violation (at officer's discretion).
 - (c) Speed limit citations under 10 miles per hour of posted speed limit.
 - 2. A warning citation MAY NOT be issued for:
 - (a) No State driver's license.
 - (b) Any violation involving alcohol or drugs.
 - (c) Reckless driving.
 - (d) Leaving the scene of an accident.
 - (e) Any violation that may have caused an accident.
 - (f) Any provision of the State of Illinois or North Riverside Village code of laws which involves dangerous driving, personal injury or damage to property.
 - 3. Personnel issuing a written warning must still complete an IDOT TS-2581 form for every traffic violations stop.
 - 4. All North Riverside personnel will be issued a complete copy of Public Act 93-0209.

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations of this policy in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
 - 1. Supervisors should document these discussions, in the prescribed manner.

Training on racial- or bias-based profiling and review of this policy should be conducted as directed by the Training Section.

401.8 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Training Section.

Roll Call Training

402.1 PURPOSE AND SCOPE

Roll Call training is generally conducted at the beginning of the officer's assigned shift. Roll Call provides an opportunity for important exchange between employees and supervisors. A Shift Sergeant generally will conduct Roll Call; however officers may conduct Roll Call for training purposes with supervisor approval.

Roll Call should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations.
- (b) Notifying officers of changes in schedules and assignments.
- (c) Notifying officers of new Departmental Directives or changes in Departmental Directives.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

403.2 CRIME SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the preservation of the scene. Officers shall also consider officer safety and public safety issues, including rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene, it shall be maintained until the officer is relieved by a supervisor.

403.2.1 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation, the availability of resources, capacity of personnel and totality of each circumstance:

- (a) Ensure no suspects are still within the area.
- (b) Broadcast emergency information including all requests for additional assistance.
- (c) Provide first aid to injured parties if it can be done safely.
- (d) Secure the inner perimeter with crime scene tape.
- (e) Protect items of apparent evidentiary value.
- (f) Identify the location of potential witnesses.
- (g) Start a chronological log noting critical times and personnel allowed access.

403.3 SEARCHES AT CRIME OR DISASTER SCENES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.

403.3.1 CONSENT

Officers should seek consent to search from authorized individuals where possible. However, in the case of serious crimes or major investigations it may be prudent to obtain a search warrant. Consent may be sought even in cases where a search warrant has been granted.

Intern Program

Once the application package is received, the Patrol Commander will review it for his consideration. If the applicant's package is satisfactory the Patrol Commander will schedule an interview with the applicant to either accept or deny the internship. In either case the Patrol Commander will inform the University's Internship Coordinator of their decision through either verbal or written means.

If the internship is granted the applicant will sign and submit to the Patrol Commander the North Riverside Police Department's Waiver and Release form and Statement of Insurance Coverage.

The Patrol Commander will schedule a date, based on availability, at least one week after the applicant has completed the required paperwork in its entirety. If approved, a copy will be forwarded to the respective Shift Sergeant that the Intern will be assigned to.

405.2.1 PROGRAM REQUIREMENTS

Once approved, an Intern will be allowed to ride with officers during the dates agreed upon by the Patrol Commander and the University or College. Once the agreed upon termination date is reached the internship will terminate regardless of whether the intern has reached the required number of contact hours. At no time will an intern continue to ride with the North Riverside Police Department past the dates set by agreement between the Patrol Commander and the University or College.

The North Riverside Police Department will host only one internship at a time. At no time shall an intern and a ride-along (as defined in Policy Manual §410) be allowed to ride together in one officer's vehicle.

It is at the discretion of the Patrol Commander to extend any internship.

405.2.2 SUITABLE ATTIRE

Any person approved as an intern is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. The Shift Sergeant, Corporal or Officer In Charge may refuse to allow any intern that is not properly dressed to ride along until the suitable attire is obtained.

405.2.3 INTERN CRIMINAL HISTORY CHECK

All intern applicants are subject to a criminal history check. The criminal history check may include a local records check and an Automated check through LEADS prior to their approval as an intern.

405.3 OFFICER'S RESPONSIBILITY

The Shift Sergeant shall advise telecommunications that an intern is present and which officer they will be assigned to before that officer goes into service. Officers shall consider the safety of the intern at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The telecommunicator will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The internship may be continued or

Intern Program

terminated for that day at this time. The Shift Sergeant shall be immediately notified of any injury or noteworthy incident involving the intern.

The Patrol Commander is responsible for maintaining and scheduling interns. Any injury or noteworthy incident involving the intern shall be documented with an incident report.

405.4 CONTROL OF INTERN

The assigned officer shall maintain control over the intern at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

- (a) The intern will follow the directions of the officer.
- (b) The intern will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment.
- (c) The intern may terminate the ride at any time. Officers will notify the Shift Sergeant, and return them to the station as soon as it is practical to do so.
- (d) The officer will notify the Shift Sergeant if the intern interferes with the performance of the officer's duties, and return them to the station as soon as it is practical to do so.
- (e) Interns may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety.
- (f) Officers will not allow any interns to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen.
- (g) Under no circumstance shall a civilian intern be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure.

406.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure. Hazardous materials are characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

Hazardous chemicals: Any chemical which is a physical or health hazard to employees.

Hazardous substances: Any material that can produce an adverse effect on the health or safety of the person exposed.

Hazardous waste: Any material that is ignitable, corrosive, reactive, or toxic, and which may pose a substantial hazard to human health and safety when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. It is difficult, if not impossible, to detect some hazardous materials. If an officer does not know what a particular material is, then it should be treated as a hazardous material. Officers should remain alert for unknown materials and avoid intentional contact. When employees do come in contact with a suspected hazardous material, certain steps should be considered to protect themselves and citizens:

- (a) Isolate the area. Begin evacuation of the immediate area and surrounding areas dependent on substance. Voluntary evacuation should be considered; however depending on the substance, mandatory evacuation may be necessary.
- (b) Attempt to identify the type of hazardous substance. Identification can be determined by placard, driver's manifest or shipping papers/ MSDS, occupancy or location, container shapes and sizes, markings and colorings, monitoring devices or statements from the person transporting the material.
- (c) Do not walk into, touch or inhale any released materials.
- (d) Notify the Fire Department, and request additional assistance.
- (e) Provide first-aid for injured parties if it can be done safely and without contamination.
- (f) Stay uphill and upwind of the incident.

406.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the

North Riverside Police Department

North Riverside PD Policy Manual

Hazardous Material Response

employee in an employee memorandum that shall be forwarded via chain of command to the Patrol Commander. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

406.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

In the event an employee is exposed to a hazardous material, the supervisor shall notify the Patrol Commander immediately and file a report on the incident prior to the end of his shift.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade Situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Barricaded Suspect - A person who takes a position of cover or concealment or maintains a position in a structure and who resists capture by law enforcement personnel. A barricaded suspect may be armed or suspected of being armed.

Hostage Situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

Hostage - A person held by one party in a conflict as security so that the specified terms will be met by the opposing party.

407.2 POLICY

It is the policy of the North Riverside Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

Until relieved by a supervisor or the Incident Commander has been designated, the first officer on the scene of an actual or potential hostages barricade situation shall assume command and consider the following:

- (a) Attempt to avoid confrontation in favor of controlling and containing the situation until the arrival of trained personnel and/or trained hostage negotiation personnel
- (b) Identify and redirect resources around and/or away from any possible kill zones
- (c) Notification of a NIPAS response or NIPAS ERT activation
- (d) Notification of NIPAS and/or ILEAS car plan for additional personnel resources

Hostage and Barricade Incidents

- (e) Establishment of inner and outer perimeters
- (f) Evacuation of bystanders and injured persons
- (g) Establishment of central command post and appropriate chain of command
- (h) Establishment of staging area for requested ambulance rescue, fire and other public safety equipment
- (i) Authorization for limited news media access and news media policy
- (j) Pursuit/surveillance vehicles and control of travel routes

407.3.1 EMERGENCY COMMUNICATIONS

Should circumstances at the scene permit, Department supervisors or negotiators may promptly contact the Office of the State Attorney for assistance in obtaining an ex parte order to intercept audio communications at the scene (725 ILCS 5/108B-3).

Additionally, Department negotiators or individuals summoned by officers to provide assistance, may use an eavesdropping device, including a camera or audio device, during an ongoing hostage and barricade incident when such use is necessary to protect the safety of officers or members of the general public (720 ILCS 5/14-3(o)).

407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting N.I.P.A.S. Emergency Response Team (ERT) if appropriate and apprising the ERT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.

Hostage and Barricade Incidents

- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the Village during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.
- (i) Identify a media staging area outside the outer perimeter and have the department Chief of Police or a designated temporary media representative provide media access in accordance with the News Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the ERT Commander, whether to deploy the Emergency Response Team during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the ERT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the Emergency Response Team. The Incident Commander and the ERT Commander or the authorized designee shall maintain communications at all times.

407.7 REPORTING

Unless otherwise relieved by a supervisor, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the North Riverside Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When handling an incident involving a suspected explosive device, the following guidelines should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The appropriate bomb squad should be summoned for assistance.
- (b) A minimum perimeter of 300 feet should be established around the location of the device. An access point should be provided for support personnel.
- (c) As much information as is available should be promptly relayed to the Shift Sergeant including:
 - 1. The stated threat.
 - 2. Exact comments.
 - 3. Time of discovery.
 - 4. Exact location of the device.
 - 5. Full description (e.g., size, shape, markings, construction) of the device.
- (d) The device should not be touched or moved except by qualified bomb squad personnel.
- (e) All equipment within 300 feet of the suspected device capable of producing radio frequency energy should be turned off. This includes two-way radios, cell phones and other personal communication devices.
- (f) Consideration should be given to evacuating any buildings near the device.
- (g) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area and a perimeter should be established around any additional suspicious device found.

Explosive or military ordnance of any type should be handled only by the bomb squad.

Response to Bomb Calls

408.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds or additional damage by resulting fires or unstable structures. Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

- Assess the scope of the incident, including the number of victims and extent of injuries.
- Assist with first aid (Fire Department has primary responsibility).
- Assist with evacuation of victims (Fire Department has primary responsibility).
- Identify and take appropriate precautions to mitigate scene hazards such as collapsed structures, blood borne pathogens, hazardous materials and secondary explosive devices.
- Request additional resources as needed.
- Identify witnesses.
- Preserve evidence.

408.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- (a) Chief of Police, Deputy Chief of Police, Patrol Commander.
- (b) Fire Department.
- (c) Bomb Squad.
- (d) Additional officers.
- (e) Shift Supervisor.
- (f) Detective Sergeant or his designee.
- (g) Forensic Science Services through WESTAF.

408.3.2 CROWD CONTROL

Only authorized personnel with a legitimate need shall be permitted access to the scene. Spectators and other unauthorized individuals shall be excluded to a safe distance as is reasonably practicable given the available resources and personnel.

408.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a long distance. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

Response to Bomb Calls

408.4 BOMB THREATS RECEIVED AT POLICE FACILITY

This procedure should be followed should a bomb threat call be received at the police facility.

408.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions should be asked if a bomb threat is received at the Police Department:

- When is the bomb going to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Who are you? (to avoid possible termination of the call this should be the last question asked)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these five basic questions.

During this time, document the following:

- Time of the call.
- Exact words of the person as accurately as possible.
- Estimated age and sex of the caller.
- Speech patterns and/or accents.
- Background noises.

If the incoming call is received at the police facility on a recorded line, steps shall be taken to ensure that the recording is preserved in accordance with current department evidence procedures.

408.4.2 RESPONSIBILITIES

The employee handling the call shall ensure the Shift Sergeant is immediately advised and fully informed of the details. The Shift Sergeant will then direct and assign officers as required for coordinating a general building search or evacuation as he/she deems appropriate.

Civil Commitments

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under a civil commitment (405 ILCS 5/1-100 et seq.).

409.2 POLICY

It is the policy of the North Riverside Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

409.3 AUTHORITY

An officer responding to or handling a call involving a suspected civil commitment may take that person into custody and transport him/her to an approved mental health facility when the officer has reasonable grounds to believe the person is in need of immediate hospitalization to protect him/herself or others from physical harm (405 ILCS 5/3-606).

Upon arrival at the facility, the officer should complete the written petition for involuntary admission, which includes (405 ILCS 5/3-601):

- A detailed statement of the reason for the commitment, including observed signs and symptoms, a description of any acts, threats, other behavior or pattern of behavior, and the time and place of occurrence.
- The name and address of the spouse, parent, guardian, substitute decision-maker, if any, and close relative, or if none, the name and address of a known friend. If this information is unavailable, the officer shall state that diligent inquiry was made.

If the petition is not completed by the officer transporting the person, the transporting officer's name, badge number and department shall be included in the petition (405 ILCS 5/3-606).

409.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

Civil Commitments

409.3.2 MINORS

An officer may take a minor into custody and transport the minor to a mental health facility when there is reasonable grounds to believe that the minor has a mental illness or emotional disturbance of such severity that hospitalization is necessary to protect him/herself or others from physical harm, and that the minor is likely to benefit from inpatient treatment (405 ILCS 5/3-503; 405 ILCS 5/3-504(b)).

Upon arrival at the facility, the officer should complete the written petition for involuntary admission and shall further include (405 ILCS 5/3-503; 405 ILCS 5/3-504(b)):

- A detailed statement of the reason for the commitment, including a description of any acts or significant threats, and the time and place of occurrence.
- The name, address and telephone number of any witness.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for individuals who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

409.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting officer should have the Communications Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Shift Sergeant approval is required before transport commences.

409.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should

Civil Commitments

provide the staff member with the written petition for involuntary admission and remain present to provide clarification of the grounds for detention, upon request (405 ILCS 5/3-606).

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

409.7 DOCUMENTATION

The officer should complete a petition for involuntary admission, provide it to the facility staff member assigned to the individual and retain a copy of the petition for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.7.1 NOTIFICATION TO ILLINOIS STATE POLICE

A member who reasonably determines that a person poses a clear and present danger because he/she has engaged in verbally or physically threatening behavior (e.g., violent, suicidal or assaultive threats or actions), shall ensure this information is reported to the Illinois State Police (ISP) within 24 hours (430 ILCS 65/8.1). The fact that the ISP has been notified and the manner of notification should be documented.

409.8 CRIMINAL OFFENSES

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

409.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon.

North Riverside Police Department

North Riverside PD Policy Manual

Civil Commitments

Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any confiscated firearm or other weapon that has been taken into custody.

409.9.1 RETURN OF CONFISCATED FIREARMS AND WEAPONS

Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer should detail those facts and circumstances in a report. The report should be forwarded to the Investigation Unit, which shall be responsible for contacting the Illinois State Police Firearms Services Bureau.

409.10 TRAINING

This department will endeavor to provide training approved by the Illinois Law Enforcement Training and Standards Board on interaction with mentally disabled persons, civil commitments and crisis intervention.

Notice to Appear or Summons Releases

410.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the North Riverside Police Department with guidance on when to release adults who are suspected offenders on a summons or notice to appear in court for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

410.2 RELEASE

Whenever a peace officer is authorized to arrest a person without a warrant he/she may be released on issuance of a summons or notice to appear (65 ILCS 5/1-2-9; 725 ILCS 5/107-12).

410.3 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

410.4 POLICY

The North Riverside Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a summons or notice to appear when authorized to do so.

If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Rapid Response and Deployment

412.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

412.2 POLICY

The North Riverside Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

412.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.

Rapid Response and Deployment

- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

412.4 TRAINING

The Patrol Commander should include rapid response to critical incidents in the department training plan.

This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

412.5 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

412.6 PLANNING

The Patrol Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.

Rapid Response and Deployment

- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

412.6.1 SCHOOL SAFETY DRILLS

The Patrol Commander should work with the administration of public and private elementary and secondary schools that offer education to persons under 21 to schedule annual on-site drills within 90 days after the first day of the school year to respond to school shooting incidents (105 ILCS 128/15; 105 ILCS 128/20).

Immigration Violations

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the North Riverside Police Department relating to immigration and interacting with federal immigration officials.

414.2 POLICY

It is the policy of the North Riverside Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or Illinois constitutions.

414.4 DETENTIONS

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

Immigration Violations

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

414.4.1 CIVIL VS. CRIMINAL FEDERAL OFFENSES

An individual who enters into the United States illegally has committed a misdemeanor (8 USC § 1325(a)). Generally, an alien who initially made a legal entry into the United States but has remained beyond what is a legal period of time has committed a federal civil offense.

Reasonable suspicion that a criminal immigration violation has occurred shall not be based on race, color, national origin or any other generalization that would cast suspicion on or stigmatize any person, except to the extent permitted by the United States or Illinois Constitutions. Instead, the totality of circumstances shall be used to determine reasonable suspicion, and shall include factors weighing for and against reasonable suspicion.

Factors that may be considered in determining reasonable suspicion that a criminal immigration violation has occurred may include, but are not limited to:

- (a) An admission that the person entered the United States illegally.
- (b) Reason to suspect that the person possesses immigration documentation that is forged, altered or otherwise indicative that the person is not legally present in the United States.
- (c) While a lack of English proficiency may be considered, it should not be the sole factor in establishing reasonable suspicion. When practicable, reasonable effort should be made to accommodate persons with limited English proficiency.
- (d) Other factors based upon training and experience.

414.4.2 IMMIGRATION CHECKS

Immigration status may be determined through any of the following sources:

- (a) A law enforcement officer who is authorized by the federal government under 8 USC § 1357 to verify or ascertain an alien's immigration status (sometimes referred to as a 287(g) certified officer)
- (b) Immigration and Customs Enforcement (ICE)
- (c) U.S. Customs and Border Protection (CBP)

An officer shall verify from a 287(g) certified officer, ICE or CBP whether a person's presence in the United States relates to a federal civil violation or a criminal violation.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request ICE or CBP to respond to the location to take custody of the detained person. In addition, the officer should notify a supervisor as soon as practicable. No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

Immigration Violations

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities or the potential to obstruct a separate investigation outweigh the need for the detention.

414.4.3 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

414.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

414.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

414.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; 5 ILCS 805/5):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

414.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 or any other hold request unless the person has been charged with a federal crime or the detainer is accompanied by a judicial warrant. Notification to the federal authority issuing the detainer should be made prior to the release (5 ILCS 805/15).

414.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). The

North Riverside Police Department

North Riverside PD Policy Manual

Immigration Violations

Investigation Unit supervisor is designated to complete the law enforcement certification for a U visa.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). The Investigation Unit supervisor is designated to complete a law enforcement declaration for a T visa (5 ILCS 825/10).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigation Unit supervisor assigned to oversee the handling of any related case. The Investigation Unit supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
 - 2. The certification form should be completed within 90 business days of the request unless (5 ILCS 825/10):
 - (a) There is a written agreement with the victim or the victim's representative extending the time to complete the certification form.
 - (b) The victim is eligible for expedited completion of the certification form.
 - 3. Complete and reissue a certification form within 90 days of a request to reissue by a victim unless the circumstances of the victim require that the completion and reissuance of the certification form be expedited (5 ILCS 825/10).
- (d) Provide written notice to the victim or the victim's representative if it cannot be determined based on the evidence that the victim is qualified for a U visa or T visa (5 ILCS 825/10).
- (e) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

414.8.1 NON-DISCLOSURE OF IMMIGRATION STATUS

No member shall disclose the immigration status of the victim or the person requesting the certification form unless authorized in writing by the individual or as required by law (5 ILCS 825/10).

414.8.2 PUBLICATION OF DECLARATION AND CERTIFICATION FORM PROCESS

The Investigation Unit supervisor should make the department's procedures for certification requests publicly available for victims and their representatives (5 ILCS 825/10).

Immigration Violations

414.9 TRAINING

The Patrol Commander should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Emergency Utility Service

415.1 PURPOSE AND SCOPE

The Village Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

415.1.1 BROKEN WATER LINES

The Village's responsibility ends at the water shut-off valve (commonly referred to as a buffalo or "b-box") usually located in the parkway. Any break or malfunction in the water system from the shut-off valve to the citizen's residence or business is the customer's responsibility. Public Works may use the shut off valve to turn water off at the meter. This shut-off cannot normally be accomplished by the resident.

In the event a water main break and is creating unsafe conditions, either on the roadway, public sidewalk, public park, etc., Department personnel should use traffic cones, traffic barricades, police tape or other available means to secure the area and warn the public of possible danger.

If a break occurs on the Village side of the meter including a break in the water main, emergency personnel should be called as soon as practical by the Communications Center.

415.1.2 ELECTRICAL LINES

Village Public works does not maintain electrical lines to streetlight poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by the power lines. The fire department should be notified immediately of the downed power lines per their procedure along with Commonwealth Edison/Exelon (utility company) and Public Works.

415.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the public water equipment and may maintain other municipal utility equipment as well. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

415.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by the Communications Center.

415.2 TRAFFIC SIGNAL MAINTENANCE

The Village of North Riverside contracts with Meade Electric Co. to furnish maintenance for all traffic signals within the Village, other than those maintained by the Illinois Department of Transportation or other unit of government.

North Riverside Police Department

North Riverside PD Policy Manual

Emergency Utility Service

415.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the the Communications Center of the location and problem with the signal. The telecommunicator should make the necessary notification to the proper maintenance agency.

417.2 FIELD TRAINING OFFICER - SELECTION AND TRAINING

417.5.1 FIELD TRAINING MANUAL

Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the North Riverside Police Department. The manual is not intended to cover every contingency, but will be periodically reviewed and adjusted as appropriate. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations enacted by the North Riverside Police Department.

417.6 EVALUATIONS

Evaluations are an important component of the training process and shall be completed as outlined below.

North Riverside Police Department

North Riverside PD Policy Manual

Field Training Officer Program

417.6.1 FIELD TRAINING OFFICER

The FTO will be responsible for the following:

- (a) Complete and submit a written Daily Observation Report (DOR) on the performance of his/her assigned trainee to the FTO program supervisor on a daily basis.
- (b) Review the Daily Observation Reports with the trainee each day.

If the trainee's level of proficiency and performance is not concurrent with his/her phase of training, the FTO program supervisor shall provide the Patrol Commander with a plan to address the trainee's performance deficiencies.

417.6.4 TRAINEE

At the completion of the Field Training Program, the trainee shall submit a confidential performance evaluation on each of their FTOs and on the Field Training Program.

417.7 DOCUMENTATION

Obtaining Helicopter Assistance

418.1 PURPOSE AND SCOPE

The use of a law enforcement helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

418.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or incident commander determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

418.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Shift Sergeant, or his/her designee, will call the closest agency having helicopter support available. The Shift Sergeant on duty will apprise that agency of the specific details of the incident prompting the request.

418.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law Enforcement helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard.
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits.

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

419.2 POLICY

The North Riverside Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Contacts and Temporary Detentions

419.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the North Riverside Police Department to strengthen community involvement, community awareness, and problem identification.

419.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

419.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

419.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

419.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

419.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

419.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Sergeant with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Sergeant should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Sergeant will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records.

Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

419.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

419.6 STOP RECEIPTS

Whenever an officer stops a person in a public place and pat-down searches the person or the person's property, the officer should issue a stop receipt providing the reason for the stop and containing the member's name and badge number (725 ILCS 5/107-14).

419.7 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the North Riverside Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

420.2 POLICY

The North Riverside Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

420.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records. Any supporting documentation

Criminal Organizations

for an entry shall be retained by the Records in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records are appropriately marked as intelligence information. The Telecommunications Supervisor may not purge such documents without the approval of the designated supervisor.

420.3.2 SWORD SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information into the Statewide Organized Criminal Gang Database (SWORD) criminal intelligence system (20 ILCS 2605/2605-305). Entries into such a database should be based upon on reasonable suspicion of criminal activity or actual criminal activity, and should be supported by documentation, where documentation is available.

The designated supervisor may approve creation or submission of information into the SWORD criminal intelligence system when the individual has been arrested and there is a reasonable belief that the individual is a member or affiliate of an organized gang. The designated supervisor may notify the appropriate prosecutor of the individual's alleged gang membership or gang affiliate status (20 ILCS 2640/15).

420.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records or Property and Evidence Office, but should be copies of, or references to, retained documents such as copies of reports, field interviews (FI) forms, the Communications Center records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

Criminal Organizations

- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

420.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

420.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Patrol Commander to train members to identify information that may be particularly relevant for inclusion.

420.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

420.7 CRIMINAL STREET GANGS

The Investigation Unit supervisor should ensure that there are an appropriate number of department members who can:

Criminal Organizations

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

420.8 TRAINING

The Patrol Commander should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Sergeants

421.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant is in command of each watch.

421.2 DESIGNATION AS ACTING SHIFT SERGEANT

When a Sergeant is unavailable for duty as Shift Sergeant, in most instances the shift's assigned corporal shall be designated as acting Shift Sergeant. When a shift's assigned corporal is unavailable for duty the senior corporal shall be designated as acting shift sergeant. This policy does not preclude designating a less senior corporal as an acting Shift Sergeant when operational needs require or training permits. For purposes of this Policy Manual acting shift sergeants may be referred to as shift supervisor or supervisor.

Mobile Audio/Video

422.1 PURPOSE AND SCOPE

The North Riverside Police Department has equipped marked patrol cars with Mobile Video Recording Systems (MVRS) to provide records of events and assist uniformed officers in the performance of their duties by providing a visual and/or audio record of patrol-related activities when permitted by law (720 ILCS 5/14-3(h)). This policy provides guidance on the use of these systems.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MVRS system to transmit or store video or audio data in an active mode.

In-car video and Mobile Video Recording System (MVRS) -Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MVRS Coordinator - Personnel certified or trained in the operational use of MVRS duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded and digitally stored on a storage device or portable media.

422.2 OFFICER RESPONSIBILITIES

Prior to going the service, each officer will ensure that the MVRS is functioning properly. Officers shall test the MVRS system by recording his/her name, squad unit number and the current date and time at the start, and again at the end of each shift. If the system is malfunctioning, the officers shall take the vehicle out of service unless a shift sergeant requests the vehicle remain in service. Officers should complete the *Equipment Out of Service/Damage Report* to document the malfunction and/or problem with MVRS providing as much specific information as possible regarding the problem then submit it to the Shift Sergeant for approval.

422.3 ACTIVATION OF THE MVRS

The MVRS system is designed to turn on whenever the units emergency lights are activated or the vehicle reaches a designated speed set by the Chief of Police, but it may also be activated manually. The system remains on until turned off manually. The audio portion must be activated manually by each officer and is independent of the video; however when audio is being recorded the video will also record.

422.3.1 REQUIRED ACTIVATION OF THE MVRS

This policy is not intended to describe every possible situation in which the MVRS system may be used, although there are many situations where its use is appropriate. An officer may activate the

North Riverside Police Department

North Riverside PD Policy Manual

Mobile Audio/Video

system any time the officer believes it would be appropriate or valuable to document an incident. In some circumstances it is not possible to capture images of the incident, due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MVRs. The MVRs system should be activated as soon as practicable in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct, within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian stops
 - 9. DWI/DUI investigations including field sobriety tests
 - 10. Crimes in progress
 - 11. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify the Communications Center
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic violence calls
 - 2. Disturbance of peace calls
 - 3. Offenses involving violence or weapons
- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

422.3.2 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MVRs system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

Mobile Audio/Video

Absent legal cause or lawful order, no member of this department may surreptitiously record a conversation of any other member of this department without the expressed knowledge and consent of all parties.

422.3.3 SUPERVISORS RESPONSIBILITIES

A vehicle with a non-functioning MVRs system should only be used if a vehicle with a functioning MVRs is not available and police coverage would otherwise be compromised. Supervisors should determine if vehicles with non-functioning MVRs systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of the Communications Center.

At reasonable intervals, supervisors should validate that officers are following the beginning and end-of-shift recording procedures as outlined by Policy Manual §.446.2 Officer Responsibilities. The operation of MVRs systems by probationary police officers should be assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the MVRs coordinator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

422.4 ACTIVATION OF THE MAV

Recordings may be reviewed in any of the following situations:

- (a) By a member of the command staff investigating a specific act of officer conduct
- (b) By a member of the command staff who is participating in an official investigation, such as a personnel complaint, administrative inquiry or the detective sergeant when conducting a criminal investigation
- (c) By court personnel through proper process or with permission of the chief of police or his/her designee
- (d) Recordings may be shown for the purposes of training value. If an involved officer objects to the showing of the recording, his/her objection will be submitted to the Command Staff to determine if the training value outweighs the officer's objection for not showing the recording
- (e) As part of a documented random review by the Patrol Commander as part of his/her designated responsibilities

In no event shall any recording be used or shown for the purpose of ridicule or embarrassing any employee.

Any unauthorized dissemination of a MVRs recording is expressly prohibited.

Mobile Audio/Video

422.5 REVIEW OF MAV RECORDINGS

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

422.6 DOCUMENTING MAV USE

All recorded media shall be transferred via secure wireless connection from the patrol squads to the secure networked storage and workstation and may be queried as necessary by authorized personnel. All MVRs recordings will be retained for a minimum of 90 days after which time they will be deleted unless they are deemed as evidence in any criminal, civil or administrative proceeding, in which the case recordings will only be deleted in accordance with current retention laws (720 ILCS 5/15-3(h-15))

422.6.1 COPIES OF RECORDINGS

There will be a charge for copies of recordings retained by the North Riverside Police Department. The list of charges are as follows:

- Copy of MVRs system recording: \$40.00
- Detention/booking room video footage: \$40.00
- Emergency 911 phone/radio transmissions: \$20.00

Copies of MVRs recordings will only be released to attorneys upon proper presentation of a valid subpoena issued by the court having jurisdiction. The MVRs Coordinator in conjunction with the Records Division and the Evidence Custodian in accordance with department policy will handle requests for and the release of MVRs copies.

The following agencies will not be charged for copies of MVRs recordings:

- Any County States Attorney's Office in Illinois
- Any County Public Defender in Illinois

Filling requests for copies of MVRs recordings shall be handled in the same manner as requests for copies of police reports.

422.6.2 MVRs RECORDINGS AS EVIDENCE

Tapes that contain information on incidents such as arrests, physical or verbal altercations, pursuits, assaults or any other incident the officer feels will be helpful to an investigation will be treated as evidence. The officer who was operating the squad car with the MVRs system that contains such a recording is responsible for notifying the MVRs coordinator of this fact by using the MVRs copy request form.

Upon receipt of the officer's request the MVRs coordinator will copy the MVRs recording and enter its creation into the property report portion of the RMS system. Afterwards the MVRs coordinator will secure the MVRs copy and corresponding documentation with the property and evidence custodian.

Mobile Audio/Video

422.7 ACTIVATION OF THE MAV

The MAV system shall be activated continuously throughout the officer's shift (50 ILCS 707/15).

422.8 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of the Communications Center.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 - 1. The tracking number of the MAV system media.
 - 2. The date it was issued.
 - 3. The law enforcement operator or the vehicle to which it was issued.
 - 4. The date it was submitted.
 - 5. Law enforcement operators submitting the media.
 - 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

Mobile Data Terminal Use

423.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center.

423.2 POLICY

North Riverside Police Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

423.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

423.4 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Shift Sergeants.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

423.4.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Mobile Data Terminal Use

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Sergeant or other department-established protocol, all calls for service assigned by a [dispatcher] should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a [dispatcher].
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

423.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDT system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT when the vehicle is not in motion.

423.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Sergeant are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

423.6 EQUIPMENT CONSIDERATIONS

423.6.1 MALFUNCTIONING

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify the Communications Center. It shall be the responsibility of the [dispatcher] to document all information that will then be transmitted verbally over the police radio.

423.6.2 BOMB CALLS

Medical Marijuana

424.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of cannabis under the Illinois Compassionate Use of Medical Cannabis Program Act (the Act) (410 ILCS 130/1 et seq.).

424.1.1 DEFINITIONS

Definitions related to this policy include (410 ILCS 130/10):

Authorized amount - No more than 2.5 ounces of usable cannabis unless the person has a Department of Public Health-approved quantity waiver for more than 2.5 ounces. The pre-mixed weight of cannabis used in making cannabis-infused products shall apply toward the authorized amount of cannabis.

Cardholder - A person who has been issued a valid registry identification card or valid provisional registration by the Department of Public Health (410 ILCS 130/55).

Dispensary - An organization or business that is registered by the Department of Financial and Professional Regulation to acquire medical cannabis from a registered cultivation center for the purpose of dispensing cannabis, paraphernalia, or related supplies and educational materials to cardholders.

Medical use of cannabis - The acquisition, administration, delivery, possession, transfer, transportation, or use of cannabis to treat or alleviate a person's debilitating medical condition or symptoms associated with the debilitating medical condition.

Qualifying patient - A person who has been diagnosed by a physician, an advanced practice registered nurse, or a physician assistant as having a debilitating medical condition listed in 410 ILCS 130/10(h).

Registered designated caregiver - A person who has a valid registry identification card to assist a qualifying patient with the medical use of cannabis.

Registry identification card - A document issued by the Department of Public Health that identifies a person as a registered qualifying patient or registered designated caregiver.

Usable cannabis - The seeds, leaves, buds, and flowers of the cannabis plant. It does not include the stalks and roots of the plant or the weight of any non-cannabis ingredients combined with cannabis, such as ingredients added to prepare a topical administration, food, or drink.

424.2 POLICY

It is the policy of the North Riverside Police Department to prioritize resources to avoid making arrests related to cannabis that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Medical Marijuana

Illinois medical cannabis laws are intended to provide protection from arrest and prosecution to those who comply with the registration requirements of the law and who use, possess or provide care to mitigate the symptoms of certain chronic or debilitating medical conditions, or produce or deliver cannabis. However, Illinois medical cannabis laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of cannabis. The North Riverside Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Illinois law and the resources of the Department.

424.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of cannabis generally fall into one of two categories:

- (a) Investigations when no person makes a medicinal claim
- (b) Investigations when a medicinal claim is made by a cardholder

424.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production, or use of cannabis or drug paraphernalia where no person claims that the cannabis is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use of marijuana (410 ILCS 705/10-5). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the cannabis was possessed or produced for medicinal purposes.

424.3.2 INVESTIGATIONS INVOLVING A CARDHOLDER

No enforcement action should be taken when a person is in possession of, delivers, or uses cannabis or cannabis paraphernalia when the following amounts of cannabis are not exceeded (410 ILCS 130/25; 410 ILCS 130/10; 410 ILCS 705/10-5):

- (a) 2.5 ounces of cannabis obtained from a dispensary
- (b) More than 2.5 ounces of cannabis obtained from a dispensary if the person has a Department of Public Health-approved quantity waiver
- (c) Five plants more than 5 inches tall (unless properly licensed to possess more plants under a special license)

The total amount possessed between the patient and caregiver shall not exceed the patient's adequate supply.

Despite the existence of a valid registry identification card, if there is evidence that the conduct related to cannabis was not for the purpose of treating or alleviating the qualifying patient's medical condition or symptoms associated with the medical condition, a criminal investigation should occur (410 ILCS 130/25(a)-(d)).

Registered qualifying patients and their designated caregivers are required to possess their registry identification cards at all times when engaging in the medical use of cannabis (410 ILCS

Medical Marijuana

130/70). However, officers who reasonably believe that a person who does not have a registry identification card in his/her possession has been issued a card may treat the investigation as if the person has the card in his/her possession.

424.3.3 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving cannabis possession, delivery, production, or use (410 ILCS 130/25):

- (a) No person may be arrested solely for:
 - 1. Selling cannabis paraphernalia to a cardholder, if the person is employed and registered as a dispensing agent of a dispensary.
 - 2. Being in the presence or vicinity of the medical use of cannabis.
 - 3. Assisting a qualifying patient in possession of a registry identification card with the act of administering cannabis.
- (b) Cannabis, cannabis paraphernalia, illegal property, or interest in legal property that is possessed, owned, or used in connection with the medical use of cannabis may not be seized or forfeited. However, nothing in this policy prohibits cannabis exceeding the authorized amounts or unrelated to any cannabis that is possessed, manufactured, transferred, or used under the Act from being seized or forfeited
- (c) Possession of, or application for, a registry identification card or registration certificate does not itself constitute reasonable suspicion or probable cause to search, nor does it preclude the existence of other independent probable cause.
- (d) Because enforcement of medical cannabis laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.
 - 2. The case would benefit from review by a person with expertise in medical cannabis investigations.
 - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 - 4. There are any other relevant factors, such as available department resources and time constraints.
- (e) Registered cultivation centers and dispensaries, as well as their officers, agents, and employees, may not be searched or seized solely because they are a cultivation center or dispensary, or are officers, agents, or employees of such facilities.
- (f) Before proceeding with enforcement related to a cultivation center, officers should consider conferring with appropriate legal counsel or the medical department of the state police (410 ILCS 705/15-135).

North Riverside Police Department

North Riverside PD Policy Manual

- (g) Allows another person who is not allowed to use cannabis under the Act to use cannabis that a cardholder is allowed to possess.
- (h) Transfers cannabis to any person contrary to the provisions of the Act
- (i) Drives any vehicle in violation of Section 11-503 of the Illinois Vehicle Code (reckless driving).

Medical Marijuana

424.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a cannabis investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

424.5 PROPERTY AND EVIDENCE OFFICE SUPERVISOR RESPONSIBILITIES

The Property and Evidence Office supervisor should ensure that cannabis, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical cannabis is not destroyed. The Property and Evidence Office supervisor is not responsible for caring for live cannabis plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Office supervisor should return to the person from whom it was seized any useable cannabis, plants, drug paraphernalia or other related property.

The Property and Evidence Office supervisor should not destroy cannabis that was alleged to be for medical purposes except upon receipt of a court order.

The Property and Evidence Office supervisor may release cannabis to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigation Unit supervisor.

Bicycle Patrol Unit

425.1 PURPOSE AND SCOPE

The North Riverside Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

425.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Patrol Commander.

425.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a training request form to their sergeant who will then submit a recommendation to the Patrol Commander. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as it pertains to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

425.3.1 BICYCLE PATROL UNIT SUPERVISOR

The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Patrol Commander

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

- (a) Organizing bicycle patrol training.
- (b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
- (c) Scheduling maintenance and repairs.
- (d) Evaluating performance of bicycle officers.
- (e) Coordinating activities with the Patrol Division.
- (f) Other activities as required to maintain the efficient operation of the Bicycle Patrol Unit.

Bicycle Patrol Unit

425.4 TRAINING

Participants in the program must complete an initial Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

425.5 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches and department-approved bicycle patrol pants or shorts.

Optional equipment includes jacket in colder weather, turtleneck shirts or sweaters when worn under the uniform shirt, and a radio head set and microphone.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

425.6 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in with a Police decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors front lights and a siren/horn satisfying the requirements of the Illinois Vehicle Code (625 ILCS 5/11-1507). A bicycle is a police vehicle as authorized by 625 ILCS 5/1-162.3.

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

North Riverside Police Department

North Riverside PD Policy Manual

Bicycle Patrol Unit

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and use manuals. These items are to remain with/on the bicycle at all times.

Each bicycle shall be equipped with an oscillating, rotating or flashing red and/or blue warning light that is visible from the front, sides, or rear of the bicycle (625 ILCS 5/12-215).

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to ensure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

425.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers operating an authorized emergency vehicle may park or stand, irrespective of the provisions of the Illinois Vehicle Code (625 ILCS); proceed past a red or stop signal or stop sign, but only after slowing down as may be required and necessary for safe operation; exceed the maximum speed limits so long as he/she does not endanger life or property; disregard regulations governing direction of movement or turning in specified directions (625 ILCS 5/11-205).

The driver of an authorized emergency vehicle is not relieved from the duty of driving with due regard for the safety of all persons, nor do such provisions protect the driver from the consequences of his/her reckless disregard for the safety of others (625 ILCS 5/11-205(e)).

Citation Dismissal, Correction, and Voiding

426.1 PURPOSE AND SCOPE

This policy outlines the responsibility for citations, the procedure for dismissal, correction, and voiding of citations.

426.2 RESPONSIBILITIES

The Telecommunications Supervisor shall be responsible for the development and design of all Department citations in compliance with County standards, state law, or the Illinois Supreme Court.

The Telecommunications Supervisor shall be responsible for the supply and accounting of all citations issued to employees of this department.

426.3 DISMISSAL OF CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued.

Should an officer determine during a court proceeding that a citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the prosecutor to dismiss the citation. Upon dismissal of the citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required.

426.4 VOIDING CITATIONS

Voiding a citation may occur when a citation has not been completed or where it is completed, but not issued. The officer will write an explanation to the Patrol Commander documenting the reason why the citation needs be voided and submit the citation and correspondence to the Patrol Commander for his approval.

426.5 CORRECTION OF CITATIONS

When a citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her Shift Sergeant. The citation and letter shall then be forwarded to Records. Records shall prepare a letter of correction to the States Attorney's Office. The officer will be responsible for contacting the recipient of the citation to advise them of any corrections if necessary.

426.6 DISPOSITION OF CITATIONS

The court and file copies of all personal issue traffic complaint citations issued by members of this department shall be included with accompanying paperwork and dropped into the records safe. The court and file copies of violation notice citations issued by members of this department shall be forwarded directly to Records.

Upon separation from employment with this department, all employees issued citations books shall return any unused citations to Records.

Foot Pursuits

427.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue a pursuit of suspects on foot.

427.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

427.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances present at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.

Foot Pursuits

- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

427.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the [dispatcher] or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm, radio, or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

Foot Pursuits

- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

427.5 RESPONSIBILITIES IN FOOT PURSUITS

427.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the [dispatcher] of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

427.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

427.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible;

North Riverside Police Department

North Riverside PD Policy Manual

Foot Pursuits

the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

427.5.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the [dispatcher] is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Sergeant as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

427.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

North Riverside Police Department

North Riverside PD Policy Manual

Foot Pursuits

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Homeless Persons

428.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The North Riverside Police Department recognizes that members of the homeless community are often in need of special protection and services. It is the goal of the North Riverside Police Department to address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

428.1.1 POLICY

It is the policy of the North Riverside Police Department to provide law enforcement services and to protect the rights, dignity and private property of all members of the community, regardless of their socioeconomic status. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

428.2 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. However, nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

428.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so proceed in accordance with the Adult Abuse Policy.

Homeless Persons

- (f) Arrange for transportation for investigation related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

428.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of homeless persons.

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable efforts to permit the person to find a way to lawfully secure his/her personal property for safekeeping.

If the homeless person is unable to find accommodations for their personal property the officer may collect and transport the property to the station and secure it with the evidence custodian for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, the property should be photographed and measures should be taken to contact the appropriate social service agency for assistance.

428.4 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (See Policy § 418).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

428.5 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to our environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Any personal property of homeless persons deemed to be a Bio-Hazard in accordance with Policy Manual §412.1.1 (Hazardous Material Defined) shall be treated accordingly. Depending on the severity of the Bio-Hazard the fire department or Aftermath should be contacted for the clean up. Officers should not attempt to clean up any Bio-Hazardous or suspected Bio-Hazardous property on their own.

Firearm Concealed Carry

429.1 PURPOSE AND SCOPE

This policy provides guidance for responding to situations involving individuals who possess concealed carry handgun licenses under the provisions of the Illinois Firearm Concealed Carry Act (430 ILCS 66/1 et seq.).

429.2 POLICY

The North Riverside Police Department respects the rights of individuals to carry concealed handguns in compliance with the Illinois Firearm Concealed Carry Act.

It is the policy of the North Riverside Police Department to not unreasonably interfere with or discriminate against individuals who lawfully carry concealed handguns.

429.3 OFFICER RESPONSIBILITY

When an officer initiates an investigative stop, including a traffic stop, and determines that any persons contacted, including passengers, are in possession of concealed firearms and are license holders, the duration of the contact may only be extended by the amount of time reasonably necessary to verify the validity of the license or to verify that possession of the weapon is lawful, absent reasonable suspicion of other criminal activity.

If an officer reasonably believes a person is a clear and present danger because the person has engaged in verbally or physically threatening behavior (e.g., violent, suicidal or assaultive threats or actions), the officer shall report this information to the Illinois State Police (ISP) within 24 hours (430 ILCS 65/8.1). The fact that ISP has been notified and the manner of notification should be documented.

The officer should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent). Officers are cautioned that a search warrant may be needed before seizing weapons or entering a residence or other place to search, unless a lawful, warrantless entry has already been made (e.g., exigent circumstances, consent).

429.3.1 OFFICER SAFETY

If an officer reasonably believes it is necessary for the safety of anyone present, the officer may secure a firearm or direct that it be secured during any contact with a licensee lawfully carrying a firearm or non-resident lawfully transporting a firearm in a vehicle. The officer shall return the firearm to the person after it is determined he/she is not a threat to the safety of any person present unless he/she is being transported to another location for treatment, in which case the officer shall proceed as provided in the Firearms in Non-Custody Situations section of this policy (430 ILCS 66/10(h-1)).

Firearm Concealed Carry

429.4 FIREARMS IN CUSTODY SITUATIONS

No person shall be transported in a department vehicle or be brought into a department facility or other prohibited facility while armed. If no other reasonable accommodation for the firearm is available, officers should take possession of the firearm, safely secure it during transport and retain possession until the person is released. If the person is not released, the firearm will be submitted to the Property and Evidence Office as evidence or for safekeeping.

If a licensee's vehicle is towed and his/her firearm is in the vehicle, officers should handle the vehicle inventory in a manner that is consistent with the Vehicle Towing Policy. The officer should remove any firearms and submit them to the Property and Evidence Office for either safekeeping or evidence, whichever is appropriate for the circumstances.

If the firearm is locked in a storage container inside the vehicle and is not considered evidence, officers should ask the licensee whether he/she prefers to have the firearm secured for safekeeping in the Property and Evidence Office or left with the vehicle. If the licensee chooses to leave the firearm with the vehicle, his/her decision should be documented in the incident report or towed vehicle report.

The handling officer should provide a receipt, along with instructions for regaining possession of the firearm. Any firearm retained and stored for safekeeping shall be returned to the lawful owner, without fees, in accordance with the Property and Evidence Office Policy.

429.5 FIREARMS IN NON-CUSTODY SITUATIONS

If a licensee who is in lawful possession of a firearm is encountered under circumstances where he/she cannot adequately secure the firearm, (i.e., is incapacitated or being transported to the hospital for medical reasons), the firearm shall be retained and submitted to the Property and Evidence Office for safekeeping.

The handling officer should provide a receipt documenting the make, model, caliber and serial number of the firearm, along with instructions for regaining possession of the firearm. Any firearm retained and stored for safekeeping shall be returned to the lawful owner, without fees, in accordance with the Property and Evidence Office Policy (430 ILCS 66/10(h-1)).

429.6 OBJECTIONS TO LICENSE APPLICATIONS

State law allows law enforcement agencies to file an objection to a license applicant when there is reasonable suspicion that the applicant is a danger to him/herself or others, or poses a threat to public safety (430 ILCS 66/15(a)). Any member who becomes aware of a license applicant who the member reasonably suspects is a danger to him/herself or others, or who poses a threat to public safety should promptly forward an incident report or a memorandum, as appropriate, to the Chief of Police or the authorized designee for approval and forwarding to ISP.

429.7 SURRENDER OR SEIZURE OF LICENSES

Members receiving a concealed carry license that has been voluntarily surrendered to the department because it has been revoked, suspended or denied shall provide the individual

North Riverside Police Department

North Riverside PD Policy Manual

Firearm Concealed Carry

surrendering the license with a receipt and ensure that the license is forwarded to ISP (430 ILCS 66/70).

Officers should seize concealed carry licenses when the officer serves an order of protection and the person served is known to possess a concealed carry license. A notification of the order and the license must be forwarded to ISP within seven days of the date the order was served (430 ILCS 66/70).

It is a misdemeanor for a person to fail to surrender a concealed carry license within 48 hours of receiving notice of the revocation, denial or suspension of the license. Officers observing a license in the possession of a person whose license has been revoked, suspended or denied should consider seizing the license as evidence, if there are articulable facts that establish the person was aware of the revocation, suspension or denial. If the license is seized as evidence, ISP should be notified as soon as practicable. A copy of the report should be forwarded to ISP.

Public Recording of Law Enforcement Activity

430.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence (50 ILCS 706/10-20).

430.2 POLICY

The North Riverside Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

430.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (720 ILCS 5/14-2; 50 ILCS 706/10-20).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to (50 ILCS 706/10-20):
 - 1. Inciting others to violate the law.
 - 2. Being so close to the activity as to present a clear safety hazard to the officers.
 - 3. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
 - 4. Engaging in any other action that could interfere with an officer's ability to maintain safety and control, secure crime scenes and accident sites, protect the integrity and confidentiality of investigations or protect the public safety and order.

430.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Public Recording of Law Enforcement Activity

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

430.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

430.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.

North Riverside Police Department

North Riverside PD Policy Manual

Public Recording of Law Enforcement Activity

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Office Policy.

430.7 DISCIPLINE

Departmental discipline consistent with the Personnel Complaints Policy and criminal prosecution may result from unlawful confiscation or destruction of a public recording of law enforcement activity (50 ILCS 706/10-20).

Civil Disputes

431.1 PURPOSE AND SCOPE

This policy provides members of the North Riverside Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Illinois law.

431.2 POLICY

The North Riverside Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

431.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Civil Disputes

431.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

431.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

431.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

431.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

North Riverside PD Policy Manual

Civil Disputes

Crisis Intervention Incidents

432.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

432.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

432.2 POLICY

The North Riverside Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

432.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

432.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Patrol Commander will collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

432.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Crisis Intervention Incidents

432.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

432.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the [dispatcher] provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

432.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

Crisis Intervention Incidents

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Deputy Chief.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

432.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

432.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

432.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

432.11

North Riverside Police Department

North Riverside PD Policy Manual

Crisis Intervention Incidents

432.12 TRAINING

Subject to available resources, the Department will provide training to department members to enable them to effectively interact with persons in crisis.

Training may include the ILETSB's training on crisis response (50 ILCS 705/10.17).

Aircraft Accidents

433.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

433.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

433.2 POLICY

It is the policy of the North Riverside Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

433.3 DOCUMENTATION

All aircraft accidents occurring within the Village of North Riverside shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of NRPD members deployed to assist; other Village resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

433.3.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.

Aircraft Accidents

- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

433.3.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

433.4 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

433.5 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

433.6 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and

Aircraft Accidents

the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

433.7 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

433.8 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.
- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

433.9 MEDIA RELATIONS

The Chief of Police (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community.

North Riverside Police Department

North Riverside PD Policy Manual

Aircraft Accidents

Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Portable Audio/Video Recorders

434.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties (50 ILCS 706/10-20). Portable audio/video recording devices include all recording systems whether body-worn, hand-held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any North Riverside Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

434.1.1 DEFINITIONS

Definitions related to this policy include (50 ILCS 706/10-10):

Body-worn camera or camera - An electronic camera system for creating, generating, sending, receiving, storing, displaying and processing audiovisual recordings that may be worn about the person of a law enforcement officer.

Law enforcement-related activities - Activities in which the member is enforcing the law, including traffic or pedestrian stops, arrests, searches, interrogations, investigations, pursuits, crowd and traffic control. It does not include tasks unrelated to the investigation of a crime such as participating in town halls or other community outreach; helping a child find his/her parents; providing death notifications; performing in-home or hospital well-being checks on the sick, elderly or persons presumed missing; or completing paperwork while alone or only in the presence of another law enforcement officer.

Portable recorder or recorder - Either an audio-only recording device or a body-worn camera.

434.2 POLICY

The North Riverside Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

434.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

434.4 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in

Portable Audio/Video Recorders

good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable (50 ILCS 706/10-20). Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, NRPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

434.5 ACTIVATION OF THE AUDIO/VIDEO RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

Members wearing body-worn cameras and any clothing or any indication they are law enforcement shall have the body-worn camera turned on at all times while they are on-duty and are responding to calls for service or engaged in law enforcement-related activities (50 ILCS 706/10-20).

Other portable recorders should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which an officer would normally notify the Communications Center
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

If exigent circumstances prevent an officer from turning on a body-worn camera when required, the camera shall be turned on as soon as practicable (50 ILCS 706/10-20).

North Riverside Police Department

North Riverside PD Policy Manual

Portable Audio/Video Recorders

Members shall not record interactions with confidential informants unless exigent circumstances exist or the informant has or is committing a crime (50 ILCS 706/10-20).

Members should remain sensitive to the dignity of all individuals being recorded and unless recording with a body-worn camera is required, exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

434.5.1 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Body-worn cameras shall be turned off when a victim, witness or community member reporting a crime requests that the camera be turned off. The request should be captured on the recording. However, an officer may continue to record or resume recording a victim or witness if exigent circumstances exist or the officer has a reasonable articulable suspicion that the victim or witness has committed or is in the process of committing a crime. Under these circumstances, the officer should indicate on the recording the reason for continuing to record despite the request of the victim or witness (50 ILCS 706/10-20).

Officers are permitted to turn off body-worn cameras while inside a patrol car equipped with Mobile Audio/Video (MAV). Cameras may also be turned off when the officer is not engaged in law enforcement-related activities or when completing paperwork alone or while only in the presence of another member (50 ILCS 706/10-20).

434.5.2 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Illinois law prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation is private or confidential (720 ILCS 5/14-2).

However, officers using body-worn cameras are not prohibited from recording a private conversation if the person is provided notice of the recording and proof of that notice is captured on the recording. If exigent circumstances exist that prevent the officer from providing notice, notice must be provided as soon as practicable (50 ILCS 706/10-20).

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

North Riverside Police Department

North Riverside PD Policy Manual

Portable Audio/Video Recorders

434.5.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

434.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Sergeant. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, intimidation or ridicule.

434.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.
- (g) The recording or portions of the recording may be protected under the Freedom of Information Act or the Law Enforcement Officer-Worn Body Camera Act (5 ILCS 140/7.5; 50 ILCS 706/10-20).

Portable Audio/Video Recorders

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

434.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

434.8.1 DOCUMENTING REVIEW OF RECORDINGS

Members who review recordings prior to completing incident reports or other documentation shall disclose that fact in the report or other documentation (50 ILCS 706/10-20).

434.9 BODY-WORN CAMERA COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for (50 ILCS 706/10-20):

- (a) Identifying members who are assigned body-worn cameras.
- (b) Identifying members permitted to access recordings in order to redact, label or duplicate recordings.
- (c) Ensuring body-worn cameras acquired on or after July 1, 2015, are equipped with pre-event recording of least the 30 seconds prior to camera activation and are capable of recording for a period of at least 10 hours.

Portable Audio/Video Recorders

- (d) Establishing procedures for:
 - 1. The care and maintenance of body-worn cameras, including reasonable efforts to be made by supervisors to correct or repair body-worn camera equipment upon notice from a member experiencing technical difficulties, failures or problems with the equipment.
 - 2. Compliance with the Law Enforcement Officer-Worn Body Camera Act and guidelines established by the Illinois Law Enforcement Training and Standards Board (ILETSB) for the use of body-worn cameras.
 - 3. Security of recordings including access controls.
 - 4. Redacting, labeling and duplicating recordings.
 - 5. Supervisor and member review of recordings.
- (e) Providing an annual report to the ILETSB pursuant to 50 ILCS 706/10-25.
- (f) Ensuring the Department uses authorized body-worn camera recording media (50 ILCS 706/10-10).

434.10 RETENTION OF RECORDINGS

All recordings other than those made with body-worn cameras shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 90 days unless the recordings are made a part of an arrest or the recordings are deemed evidence in any criminal, civil, or administrative proceeding and then the recordings must only be destroyed upon a final disposition and an order from the court (720 ILCS 5/14-3(h-15)).

434.10.1 RETENTION REQUIREMENTS FOR BODY-WORN CAMERA RECORDINGS

Recordings made on body-worn cameras shall be retained for 90 days. Recordings shall not be altered, erased or destroyed prior to the expiration of the 90-day storage period (50 ILCS 706/10-20).

After the 90-day storage period, recordings must be destroyed unless any of the following occur (50 ILCS 706/10-20):

- (a) A formal or informal complaint has been filed
- (b) The officer discharged his/her firearm or used force during the encounter
- (c) Death or great bodily harm occurred to any person in the recording
- (d) The encounter resulted in a detention or arrest other than a traffic stop resulting in only a minor traffic offense or a petty offense with a fine of more than \$1,000
- (e) The officer is the subject of an internal investigation or otherwise being investigated for possible misconduct
- (f) The supervisor of the officer, prosecutor, defendant or court determines that the encounter has evidentiary value in a criminal prosecution

North Riverside Police Department

North Riverside PD Policy Manual

Portable Audio/Video Recorders

- (g) The recording officer requests that the video be retained for official purposes related to his/her official duties

Under these circumstances, the recording of the encounter shall not be altered or destroyed for two years. If the recording is used in a criminal, civil or administrative proceeding, the recording shall not be destroyed except upon a final disposition and order from the court.

Recordings may be retained anytime a supervisor designates the recording for training purposes and may be viewed by officers, in the presence of a supervisor or training instructor, for the purposes of instruction, training or ensuring compliance with department policies.

434.10.2 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

Suspicious Activity Reporting

435.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

435.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Race, ethnicity, national origin or religious affiliation should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include, but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

435.2 POLICY

The North Riverside Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism, and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

435.3 RESPONSIBILITIES

The Patrol Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

435.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any civilian member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

435.5 HANDLING INFORMATION

The Records will forward copies of SARs, in a timely manner, to the following:

- Investigation Unit supervisor
-
- Other authorized designees

Medical Aid and Response

436.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

436.2 POLICY

It is the policy of the North Riverside Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

436.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Medical Aid and Response

436.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

436.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

436.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Medical Aid and Response

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

436.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

436.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Deputy Chief should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.

Medical Aid and Response

- Ensure that no one smokes near the aircraft.

436.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member should use an AED only after he/she has successfully completed a course of instruction in accordance with the standards of a nationally recognized organization or rules existing under the AED Act, 410 ILCS 4/20.

436.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Patrol Commander who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member using an AED shall notify the Communications Center as soon as possible and request response by EMS (410 ILCS 4/20).

436.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

436.8.3 AED TRAINING AND MAINTENANCE

The Patrol Commander shall ensure that the North Riverside Police Department is equipped with at least one operational and functional AED and that all AED are appropriately maintained and tested (55 ILCS 5/3-6040; 65 ILCS 5/11-1-13; 410 ILCS 4/20).

Records of all maintenance and testing should be maintained in accordance with the established records retention schedule.

The Patrol Commander shall ensure that an adequate number of members receive training in the use of an AED (55 ILCS 5/3-6040; 65 ILCS 5/11-1-13; 410 ILCS 4/20).

436.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

The Patrol Commander shall maintain written procedures to manage the department's acquisition, storage, transportation, training and administration of opioid overdose medication (20 ILCS 301/5-23).

Members who have received training may administer opioid overdose medication in accordance with protocol specified by the health care professional who prescribed the overdose medication for use by the member (20 ILCS 301/5-23).

436.9.1 PURPOSE

To establish guidelines and regulations governing utilization of the intramuscular Evzio (Naloxone) administered by the North Riverside Police Department. The objective is to treat and reduce fatalities due to opioid overdoses.

North Riverside Police Department

North Riverside PD Policy Manual

Medical Aid and Response

436.9.2 POLICY

It is the policy of the North Riverside Police Department that officers may administer Evzio (Naloxone) in accordance within the mandated training guidelines as determined and provided by the Cook County Overdose Prevention Program. This is a recognized program by the Illinois Department of Human Services-Division of Alcoholism and Substance Abuse and pursuant to 20 ILCS 301/5-23 (Public Act 096-0361).

436.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Patrol Commander should ensure training is provided to members authorized to administer opioid overdose medication that includes information and training on drug overdose prevention, recognition, the administration of an overdose medication and care for the person after administration of the medication as provided in 20 ILCS 301/5-23.

436.10 SECTION TITLE

436.11 ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS

The Patrol Commander shall create and maintain procedures for the acquisition, storage, transportation, administration and disposal of epinephrine auto-injectors (50 ILCS 705/10.19(e)).

Members who have successfully completed ILETSB-approved training program to recognize and respond to anaphylaxis and administer an epinephrine auto-injector may carry and administer an epinephrine auto-injector for suspected anaphylaxis (50 ILCS 705/10.19(d)).

436.11.1 EPINEPHRINE USER RESPONSIBILITIES

Members who are qualified to carry and administer epinephrine should handle, store and administer epinephrine auto-injectors consistent with their training, any protocol specified by the health care professional who prescribed epinephrine auto-injectors to the North Riverside Police Department and department procedures.

Members should check the auto-injectors at the beginning of their shift to ensure they are not expired. Any expired medication should be removed from service and given to the Patrol Commander or disposed of in accordance with department procedures.

Any member who administers epinephrine should contact the Communications Center as soon as possible and request response by EMS.

436.11.2 EPINEPHRINE REPORTING

Any member who administers epinephrine should detail its use in an appropriate report.

436.11.3 EPINEPHRINE TRAINING

The Patrol Commander should ensure that members authorized to administer an epinephrine auto-injector are provided with initial and refresher training that meets the requirements of 50 ILCS 705/10.19(c).

North Riverside Police Department

Medical Aid and Response

436.12 FIRST AID TRAINING

Subject to available resources, the Patrol Commander should ensure officers receive periodic first aid training appropriate for their position.

First Amendment Assemblies

437.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

437.2 POLICY

The North Riverside Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

437.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, loitering and disorderly conduct. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

North Riverside Police Department

North Riverside PD Policy Manual

First Amendment Assemblies

437.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

Care should be taken to ensure that any simultaneous audio recording does not violate the Illinois Eavesdropping Act (720 ILCS 5/14-2; 720 ILCS 5/14-3).

437.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

437.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

437.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.

North Riverside Police Department

North Riverside PD Policy Manual

First Amendment Assemblies

- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

437.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with Village government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.

First Amendment Assemblies

- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

437.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

437.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

437.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

North Riverside Police Department

North Riverside PD Policy Manual

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

437.8 ARRESTS

The North Riverside Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see Cite and Release Policy).

437.9 MEDIA RELATIONS

The Chief of Police should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

437.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

First Amendment Assemblies

437.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, the Communications Center records/tapes
- (g) Media accounts (print and broadcast media)

437.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with Village legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

437.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the North Riverside Police Department. Traffic crash information provided by the Illinois Department of Transportation is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Traffic enforcement will be consistent with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas. The number of citations issued by any officer shall not be used as criterion for evaluating officer overall performance, but the number of traffic stops completed, arrests, written warnings, and crime prevention measures are appropriate evaluation criterion (55 ILCS 5/5-1136; 65 ILCS 5/11-1-12).

Several methods are effective in the reduction of collisions:

North Riverside Police Department

North Riverside PD Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Criminal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Reckless homicide.
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs.
- (c) Felony or misdemeanor hit-and-run.
- (d) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to 625 ILCS 5/6-303.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples

North Riverside Police Department

North Riverside PD Policy Manual

Traffic Function and Responsibility

of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VEST

High-visibility vests will be provided to each officer, and shall be carried with them while on patrol. The vest shall be maintained by the officer in servicable condition to ensure high-visibility in emergency situations that require them.

The Patrol Commander should promptly be notified whenever a vest is unserviceable, damaged or needs replacement.

500.6 STOP RECEIPTS

Whenever an officer stops a motorist under 725 ILCS 5/107-14 and pat-down searches the person or the person's property, the officer should issue a stop receipt providing the reason for the stop and containing the member's name and badge number.

500.7 SEIZURE OF ITEMS

Officers who reasonably believe that any certificate of title, registration card, permit, license, registration plate, license plate, disability license plate, parking decal or device, or registration sticker is fictitious, expired, revoked, cancelled, suspended or unlawfully issued shall seize such items for return of the items to the Secretary of State (625 ILCS 5/2-111).

Traffic Crash Reporting

501.1 PURPOSE AND SCOPE

The North Riverside Police Department prepares traffic crash reports in compliance with the Illinois Department of Transportation, Division of Traffic Safety Illinois Traffic Crash Report (Form SR1050) Manual and as a public service makes traffic crash reports available to the community with some exceptions.

501.2 RESPONSIBILITY

The Shift Sergeant will be responsible for distribution of the Illinois Traffic Crash Report Manual. The Shift Sergeant will receive all changes in the state manual and ensure conformity with this policy.

501.3 TRAFFIC CRASH REPORTING

All traffic crash reports taken by members of this department shall be forwarded to the Traffic Bureau for approval and data entry into the Records Management System. The Shift Sergeant will be responsible for monthly and quarterly reports on traffic crash statistics to be forwarded to the Patrol Deputy Chief, or other persons as required.

501.4 REPORTING SITUATIONS

501.4.1 TRAFFIC CRASHES INVOLVING VILLAGE VEHICLES

A Case report and Traffic crash investigation report shall be completed by the on-duty Shift Sergeant when a Village-owned vehicle is involved in a traffic crash upon a roadway, highway or on private property when any contact, damage or injury results. The case report shall include at minimum:

- (a) Personal information of all parties involved;
- (b) Documentation of any injuries;
- (c) Paramedics names, Ambulance jurisdiction(s) and number, whether injured parties refused medical assistance (RMA) or chose to go to the hospital;
- (d) Hospital name(s) where any injured parties are transported;
- (e) Indicate how the accident occurred based on involved party and witness testimony as well as physical evidence available at the scene;
- (f) Detail damage to all vehicles;
- (g) List of citations issued to all at fault parties for all applicable violations of traffic laws leading up to the time of the accident.

The on-duty shift sergeant will photograph the vehicles, scene and any contributory elements that led up to the accident. In all cases the driver's license and insurance card of any motorist(s)

North Riverside Police Department

North Riverside PD Policy Manual

Traffic Crash Reporting

involved in an accident with a Village-owned vehicle will be photocopied and included with the case report. The on-duty Shift Sergeant shall determine if citations will be issued to the motorist for Damage to Village Property as outlined in Village Ordinance 9.03.050.

In all cases the on-duty Shift Sergeant will make duplicate copies of all reports, photographs and citations and forward those copies to the Chief of Police before the end of the shift.

501.4.2 TRAFFIC CRASHES WITH POLICE DEPARTMENT EMPLOYEES

The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a towed and/or stored vehicle shall be submitted in person, writing, or by telephone within ten days of the date appearing on the notice. The Deputy Chief will generally serve as the hearing officer; another agency member may be assigned by the Chief of Police or a Deputy Chief. The person requesting the hearing may record the hearing at his/her own expense.

The vehicle storage/towing hearing officer shall consider all information provided and determine the validity of the towing and/or storage of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of period the vehicle is impounded.

If a decision is made that the vehicle was properly towed and/or stored within the law and department policy, and that mitigating circumstances are not a factor, the hearing officer shall so advise the inquiring party.

A decision that the vehicle was not towed and/or stored in a lawful manner or within department policy will require that the vehicle in storage be released immediately and any or all towing and storage fees will be waived.

If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage, or assessment of fees as warranted.

If a decision is made that the vehicle was not towed and/or stored in a lawful manner or within department policy, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Deputy Chief. The hearing officer will

The tow report form shall be submitted to the Communications/Records immediately following the storage of the vehicle. It shall be Communications/Records responsibility to enter the vehicle into LEADS without delay.

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of a Police Service Aide assigned by the Patrol Commander, to determine the names and addresses of any individuals having an interest in the vehicle. Notice to all such individuals shall be sent certified mail.

Roadside Safety Checks

508.1 SET UP PROCEDURES

The safety check supervisor will ensure the following are in place prior to the start:

- Location weather conditions must be favorable and not present a hazard to the member/motorist.
- Uniformed officers and fully marked police vehicles in sufficient quantity and visibility to show the presence of legal authority.
- Nearby bonding location is established at a designated command post
- Necessary equipment for the safety-check operation. These shall include but not limited to: warning signs, fuses or similar devices, safety cones or similar devices, and permanent or portable lighting.

Other considerations prior to startup:

- The use, placement and type of traffic control devices must comply with Federal, State, and local transportation codes.
- All detail personnel will be required to bring appropriate personal issue equipment to the safety check.
- A briefing shall be conducted by the supervisor of the safety check prior to the setup of the safety check. Assignments and responsibilities for each involved member shall be made at this time.
- The safety check detail shall then move to the safety check location, set up the operation according to guidelines, and immediately begin the safety check operation.

508.2 SAFETY CHECK OPERATION PROCEDURES

The safety check supervisor and all other personnel and equipment will be in the proper place and ready to go before the first subject vehicle is stopped.

Vehicles must be systematically selected by type (truck or passenger vehicle) and/or number (all vehicles, every third vehicle, every tenth vehicle). Number of detail members, volume of traffic flow, and location are some of the factors that will determine the system of selection. There must be no unnecessary delays to detained motorists.

Assigned officers do not have the authority to change the operational plan. Officer discretion will not be used in adjusting the plan, with the exception of the safety check supervisor, who will document the reason for any adjustments. By utilizing a predetermined systematic process for selection, individual officer discretion is eliminated. This is consistent with Supreme Court rulings.

Safety checks shall be conducted off the main traveled portion of the roadway.

When intermittent traffic conditions cause traffic backup, which creates unnecessary roadway hazards, operation will be temporarily discontinued by the safety check supervisor until such time

Roadside Safety Checks

as it can be resumed safely. When resumed, the system of counting vehicles will again begin at zero.

508.3 SCREENING FOR VIOLATIONS

The actual screening in the safety check should be thorough, yet brief, causing minimum delay to the motorist.

A displayed driver's license that appears valid will be considered as prima facia proof that the license is valid. A check of the Secretary of State driver's license files will not be made unless the officer has a significant reason or grounds to believe that a violation has been or being committed.

If initial inspection of the vehicle and driver indicates probable cause that the driver of a vehicle is in violation of the law, the driver should be directed to a secondary inspection area and appropriate enforcement action taken.

If, in connection with the roadside safety check, an officer detects a violation or acquires probable cause to believe an offense has been committed or observes contraband in plain view, the appropriate enforcement action will be taken.

When speaking with the driver of the vehicle, the officer will listen for speech difficulties and will look for any signs that may indicate intoxication. If there is an indication of possible intoxication, the officer will direct the person to the secondary area, if feasible, to conduct field sobriety testing.

If this is not possible, the test may be conducted at the place the vehicle is stopped.

If a subject is found to be intoxicated, the officer placing the subject under arrest will transport the individual back to the Police Department, where they will be processed.

Drivers that are obviously attempting to evade the safety check establish sufficient probable cause for the officers to stop and check that particular vehicle.

508.4 POST SAFETY CHECK REQUIREMENTS

At the conclusion of the safety check detail, the safety check supervisor shall be responsible for the following items:

- Take down the safety check site.
- Accounting for and storage of the safety check site equipment.
- Completion of any other necessary details associated with the safety check operation.
- Accurate completion of the safety check summary. This report will be forwarded to the Deputy Chief of Police.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

When assigned to a case for initial or follow-up investigation, detectives shall proceed with due diligence in evaluating and preparing the case for appropriate clearance or presentation to a prosecutor for filing of criminal charges.

600.2 MODIFICATION OF CHARGES FILED

Employees are not authorized to recommend to the State's Attorney, prosecutor, or to any other official of the court that charges on a pending case be altered or the case dismissed. In all cases resulting in court prosecution, any request to modify the charges filed or to recommend dismissal of charges in a pending case shall be made to the State's Attorney or prosecutor only as authorized by a Deputy Chief or the Chief of Police.

600.3 CUSTODIAL INTERROGATION REQUIREMENTS

All custodial interrogations at the North Riverside Police Department of suspects in investigations of offenses listed in 725 ILCS 5/103-2.1 shall be electronically recorded in their entirety (motion picture, audiotape or videotape or digital recording) (725 ILCS 5/103-2.1).

Interrogations of juvenile suspects at the North Riverside Police Department shall be recorded if, at the time of the commission of the offense, they could be charged with the offenses listed in 705 ILCS 405/5-401.5.

Electronic recording of investigations is not a violation of the eavesdropping statute (720 ILCS 5/14-3).

Any custodial interrogation of a person who is suspected of having committed any violent felony offense or felony sexual offense should be, whenever feasible, electronically recorded in its entirety with proper consent or an exception to the eavesdropping laws (720 ILCS 5/14-3).

Officers should also consider electronically recording a custodial interrogation, or any investigative interview, for any other offense when the officer reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of an interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigation Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or different format provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes. No recording of an interrogation shall be destroyed before all appeals are final or the prosecution is barred by law (725 ILCS 5/103-2.1(c); 705 ILCS 405/5-401.5(c)).

Officers should continue to prepare written summaries of custodial questioning and investigative interviews and continue to obtain written statements from suspects when applicable.

North Riverside Police Department

North Riverside PD Policy Manual

Investigation and Prosecution

600.4 POLICY

It is the policy of the North Riverside Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.5

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

Investigation and Prosecution

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.9 CELL SITE SIMULATOR USE

A member may only use a cell site simulator device for the purpose of locating, tracking or identifying a communications device and only after obtaining a warrant unless an exception exists as provided by 725 ILCS 168/15 (725 ILCS 137/10).

North Riverside Police Department

North Riverside PD Policy Manual

Investigation and Prosecution

The member shall delete non-target data that is obtained no later than once every 24 hours if a cell site simulator device is used to locate or track a known communications device, and no later than within 72 hours of the time that the unknown communications device is identified if a cell site simulator device is used to identify an unknown communication device (725 ILCS 137/15).

Seizure - The act of law enforcement officials taking property, cash, or assets that have been used in connection with or acquired by specified illegal activities.

601.2 POLICY

The North Riverside Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the North Riverside Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

601.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

601.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Property that is subject to forfeiture because it constitutes evidence of a crime and may be legally seized as part of a criminal investigation, search warrant or by other court order.
- (b) Property seized without a court order when there is probable cause to believe that the property is subject to forfeiture, the property is seized under circumstances in which a warrantless seizure or arrest would be reasonable (i.e., property would be lost without immediate seizure), and the seizure is authorized by statute, as in:
 - 1. Seizure of vessels, vehicles, and aircraft under the Criminal Code of 2012 (720 ILCS 5/36-1.1).
 - 2. Money laundering (720 ILCS 5/29B-6).
 - 3. The Illinois Controlled Substances Act (725 ILCS 150/3.1).
 - 4. The Cannabis Control Act (725 ILCS 150/3.1).
 - 5. The Illinois Food, Drug and Cosmetic Act (410 § 620/3.23; 725 ILCS 150/3.1).
 - 6. The Methamphetamine Control and Community Protection Act (725 ILCS 150/3.1).

Officers may request the Attorney General or any state attorney seek a court order to seize property when there is probable cause to believe that it may be subject to forfeiture upon a successful criminal prosecution (725 ILCS 5/124B-805; 725 ILCS 5/124B-150).

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method.

North Riverside Police Department

North Riverside PD Policy Manual

Asset Forfeiture

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

601.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the statutory or state attorney's current minimum forfeiture thresholds.
- (b) If reasonably known to the officer, property held by a person known as an "innocent owner" or a "lender" who did not have knowledge or intent that would reasonably justify a seizure (720 ILCS 5/29B-17; 725 ILCS 5/124B-130; 725 ILCS 150/8)
- (c) Property that the officer reasonably believes would be excessive as it relates to the offense in question (720 ILCS 5/36-3.1; 725 ILCS 150/9.5)

601.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following (720 ILCS 5/36-1.2; 725 ILCS 150/3.2):

- (a) Complete the applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry, and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

601.5 MAINTAINING SEIZED PROPERTY

The Property and Evidence Office supervisor is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition (720 ILCS 5/36-1.3; 725 ILCS 150/3.3).

5. Any other information that may be required for reporting under 5 ILCS 810/10.
- (g) Ensuring that those who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. - (i) Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
- (j) Ensuring that the process of selling or adding forfeited property to the department's regular inventory is in accordance with all applicable laws and consistent with the department's use and disposition of similar property.

- The level of risk taken by the informant.

The Unit/Task Force Supervisor will discuss the above factors with the Deputy Chief and arrive at a recommended level of payment that will be subject to the approval of the Chief of Police. The amount of payment will be based on a percentage of the current market price for the drugs or other contraband being sought, not to exceed 15-percent.

Informants

602.5.2 CASH DISBURSEMENT POLICY

The following establishes a cash disbursement policy for confidential informants. No informant will be told in advance or given an exact amount or percentage for services rendered.

- (a) When both assets and drugs have been seized, the confidential informant shall receive payment based upon overall value and the purchase price of the drugs seized not to exceed a maximum of \$150,000.
- (b) A confidential informant may receive a cash amount for each quantity of drugs seized whether or not assets are also seized, not to exceed a maximum of \$30,000.

602.5.3 PAYMENT PROCESS

A check shall be requested, payable to the case agent. The case number shall be recorded justifying the payment. The Chief of Police and the Village Administrator's signatures are required for disbursements over \$500. Payments \$500 and under may be paid in cash out of the Investigations Buy/Expense Fund. The Unit/Task Force Supervisor will be required to sign the voucher for amounts under \$500.

To complete the transaction with the confidential informant the case agent shall have the confidential informant initial the cash transfer form. The confidential informant will sign the form indicating the amount received, the date, and that the confidential informant is receiving funds in payment for information voluntarily rendered in the case. The North Riverside Police Department case number shall be recorded on the cash transfer form. The form will be kept in the confidential informant's file.

If the payment amount exceeds \$500.00, a complete written statement of the confidential informant's involvement in the case shall be placed in the confidential informant's file. This statement shall be signed by the confidential informant verifying the statement as a true summary of his/her actions in the case(s).

Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income.

602.5.4 REPORTING OF PAYMENTS

Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the payment to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the confidential informant should be provided IRS Form 1099 (26 CFR § 1.6041-1). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR § 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the confidential informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.

Felony Investigation Discovery

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for proper management of discovery issues in homicide and “non-homicide felony” investigations as mandated by 725 ILCS 5/114-13.

603.2 INVESTIGATIVE MATERIALS

In every homicide investigation and “non-homicide felony” investigation conducted by the department, or when the Department participates in an investigation of a homicide or “non-homicide felony,” the Department shall exercise due diligence to provide to the State’s Attorney’s Office all investigative materials that have been generated or come into the possession of the department concerning the homicide or “non-homicide felony.”

Investigative materials include, but are not limited to, reports and memoranda. In homicide investigations, investigative materials also include field notes.

603.3 COMPLIANCE

The Investigation Deputy Chief shall implement appropriate procedures, including the periodic review of all homicide and “non-homicide felony” case files to ensure that all investigative materials and exculpatory evidence has been provided to the State’s Attorney’s Office.

All department personnel shall document in writing the tendering of investigative materials to the State’s Attorney’s Office and include the date, description of materials transmitted and to whom the materials were tendered.

The Department shall cooperate with all requests for investigative materials made by the State’s Attorney in a timely and efficient manner.

603.4 CONTINUING OBLIGATIONS

The duty to disclose exculpatory information under this policy continues throughout the course of the prosecution of the case, remains after a defendant’s conviction and until the fact finding proceedings, or the possibility of further proceedings, have ended.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (725 ILCS 5/107A-2).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The North Riverside Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigation Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (725 ILCS 5/107A-2):

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

North Riverside Police Department

North Riverside PD Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) Notice that if an audio/video recording of the lineup is made it will be of the persons in the lineup and the witness.
- (j) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (k) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary to ensure compliance with 725 ILCS 5/107A-2 and applicable judicial decisions. The Investigation Unit supervisor shall prepare written guidelines setting forth when simultaneous lineups may be conducted rather than sequential lineups.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses shall view suspects or a lineup individually and outside the presence of other witnesses (725 ILCS 5/107A-2). Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses. Witnesses should be separated or monitored and the lineup administrator shall ensure that all eyewitnesses are monitored to prevent them from conferring with one another while waiting to view the lineup and during the lineup (725 ILCS 5/107A-2).

Whenever feasible, the eyewitness identification procedure shall be audio and/or video recorded and the recording should be retained according to current evidence procedures. If the witness

Eyewitness Identification

refuses to allow a recording of the process, the refusal shall be recorded and the member shall document in the report that no recording was made and the reason (725 ILCS 5/107A-2).

604.5.1 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the person composing the lineup and the person presenting the lineup should not be directly involved in the investigation of the case. When this is not possible, the member presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

When practicable, the employee presenting a lineup to a witness should not know which photograph or person is the suspect.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

The order of the suspect or the photos and the fillers should be randomized before being presented to each witness.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

604.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 1. The length of time the witness observed the suspect.
 2. The distance between the witness and the suspect.
 3. Whether the witness could view the suspect's face.
 4. The quality of the lighting when the suspect was observed by the witness.
 5. Whether there were distracting noises or activity during the observation.

Eyewitness Identification

6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
 - (d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
 - (e) A person should not be shown to the same witness more than once.
 - (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
 - (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
 - (h) If a witness positively identifies an individual as the perpetrator, officers should not conduct any further field identifications with other witnesses for that suspect. In such instances officers should document the contact information for any additional witnesses for follow up, if necessary.

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification shall be documented in the case report (725 ILCS 5/107A-2). If practicable, an audio or video recording of the witness statements shall be made.

If a photographic lineup is utilized, the actual photographic lineup presented to the witness shall be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report. If a live lineup is utilized, a photograph or other visual recording shall be included in the case report (725 ILCS 5/107A-2).

If an automated computer process or other similar device is used to conduct a photographic lineup, the results of that lineup, including the photographs displayed, will be saved in a manner that permits the process to be repeated and shall be made part of the case report.

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information - Information known or possessed by the North Riverside Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The North Riverside Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the North Riverside Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

North Riverside Police Department

North Riverside PD Policy Manual

Brady Material Disclosure

605.4 DISCLOSURE OF PERSONNEL INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in camera review by the court.
 - 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

605.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Sexual Assault Investigations

606.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims (725 ILCS 203/15).

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

606.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any of the following (725 ILCS 203/10):

- (a) Any crime or attempted crime defined in 720 ILCS 5/11-1.20 through 720 ILCS 5/11-1.60 of the Criminal Code of 2012
- (b) Any crime or attempted crime defined in sections 720 ILCS 5/12-13 through 720 ILCS 5/12-16 of the Criminal Code of 1961
- (c) Any act of nonconsensual sexual conduct or sexual penetration as defined in 720 ILCS 5/11-0.1 of the Criminal Code of 2012
- (d) Any act of nonconsensual sexual conduct or sexual penetration as defined in 720 ILCS 5/12-12 of the Criminal Code of 1961

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

606.2 POLICY

It is the policy of the North Riverside Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

606.2.1 WRITTEN GUIDELINES

The Investigation Unit supervisor should ensure that written procedures are in place for members responding to reports of sexual assaults or assigned to these investigations. These procedures shall be consistent with the Illinois Attorney General guidelines on response to, and investigation of, sexual assaults (725 ILCS 203/15).

606.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

Sexual Assault Investigations

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations (50 ILCS 705/10.21).
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable.

606.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

606.4.1 REPORTING REQUIREMENTS

Written reports shall include to the extent reasonably known to the reporting member the following (725 ILCS 203/20):

- (a) The victim's name or other identifier
- (b) The victim's contact information
- (c) The time, date and location of the offense
- (d) Information provided by the victim
- (e) The suspect's description and name, if known
- (f) The names of persons with information relevant to the time before, during or after the offense, and their contact information
- (g) The names of medical professionals who conducted a medical forensic examination of the victim, and any information provided about the offense
- (h) Whether an Illinois State Police Sexual Assault Evidence Collection Kit was completed, the name and contact information for the hospital, and whether the victim consented to testing of the Evidence Collection Kit by law enforcement
- (i) Whether a urine or blood sample was collected and whether the victim consented to testing of a toxicology screen by law enforcement
- (j) Information the victim related to medical professionals during a medical forensic examination and which the victim consented to disclose to law enforcement
- (k) Other relevant information

Sexual Assault Investigations

606.4.2 THIRD-PARTY COMPLAINTS

A written report shall be completed even if the information regarding a sexual assault or sexual abuse is reported by a third party, unless the third party fails to provide the following (725 ILCS 203/22):

- (a) His/her name and contact information
- (b) Affirmation that the victim of the sexual assault or sexual abuse gave consent to the third party to provide information about the sexual assault or sexual abuse

606.4.3 JURISDICTIONAL ISSUES

If the sexual assault investigation determines that the sexual assault occurred outside the jurisdiction of North Riverside, the Shift Sergeant should ensure that the report is forwarded to the appropriate agency within 24 hours by fax or email (725 ILCS 203/20).

Within 24 hours of receiving a report from a law enforcement agency in another jurisdiction regarding a sexual assault that occurred in our jurisdiction, the Shift Sergeant should ensure that a written confirmation or receipt is sent by fax or email or delivered in person. The written confirmation shall contain the name and identifier of the officer who is confirming receipt of the report and a name and contact phone number that will be given to the victim (725 ILCS 203/20).

In all reported or suspected cases of sexual assault that may have occurred in another jurisdiction, a report should still be written and forwarded to the appropriate law enforcement agency within 24 hours unless the other agency promptly responds to the location of the initiating interview and takes responsibility for the investigation (725 ILCS 203/20). If an agency from the other jurisdiction responds to take responsibility for the investigation, the North Riverside member who initially responded should report any statements obtained up until that point, relevant observations and the name and contact information of the member of the agency that is taking responsibility for the investigation.

606.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigation Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

606.6 TRAINING

Training will be provided to (725 ILCS 203/20; 50 ILCS 705/10.21):

- (a) Members who are first responders. This includes:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.

Sexual Assault Investigations

4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 1. Interviewing sexual assault victims.
 2. SART.
 3. Medical and legal aspects of sexual assault investigations.
 4. Serial crimes investigations.
 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 6. Techniques for communication with victims to minimize trauma.

606.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

No victim shall be compelled or required to submit to an interview (725 ILCS 203/20).

Victims shall not be asked or required to take a polygraph examination or any form of a mechanical or electrical lie detector test (34 USC § 10451; 725 ILCS 200/1).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

606.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. Victims should be permitted to have an advocate present during the medical evidentiary and physical examination whenever reasonably practicable. Victims may also have an additional person present for support during the examination (725 ILCS 120/4.6).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

Sexual Assault Investigations

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be collected.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should still be collected and stored appropriately.

606.8.1 MEMBER RESPONSIBILITIES

Members investigating sexual assaults or handling related evidence are further required to do the following (725 ILCS 203/30; 725 ILCS 202/10):

- (a) Take custody of sexual assault evidence as soon as practicable. Sexual assault evidence collected from a forensic examination shall be collected within five days after the completion of the exam.
- (b) Document the date and time the sexual assault evidence is picked up from a hospital and the date and time the sexual assault evidence was sent to a lab.
- (c) Prior to submitting forensic examination evidence for testing, obtain the appropriate written consent from the victim or authorized representative (410 ILCS 70/6.5(a)).
- (d) Document the date when consent was given by a victim to have his/her forensic examination evidence tested.
- (e) Submit any sexual assault evidence for testing within 10 business days of the consent of the victim or authorized representative.
- (f) Not be present in the examination room during a medical examination, unless summoned in an emergency (77 Ill. Adm. Code 545.60).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Office Policy.

606.8.2 RELEASE PROTOCOL

The Investigation Unit supervisor shall ensure that a procedure is in place for responding to a victim who wants to sign a consent form for the release of sexual assault evidence for testing (725 ILCS 203/30).

606.8.3 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of the status and results of any DNA test (725 ILCS 203/35).

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available

Sexual Assault Investigations

information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assault cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

606.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigation Unit supervisor.

Classification of a sexual assault case as unfounded requires the Investigation Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

606.10 CASE REVIEW

The Investigation Unit supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

606.10.1 INVENTORY REPORT

The Investigation Unit supervisor or the authorized designee is responsible for ensuring an annual inventory is conducted of all sexual assault cases in the custody of the North Riverside Police Department and that a written report of the findings is submitted to the local State's Attorney's office (725 ILCS 202/20).

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

It is the policy of the North Riverside Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence

Warrant Service

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

607.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched (numerical address, location relative to other buildings, color, unique identifying features, etc.), including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

607.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is video-recorded when practicable and legal to do so under 720 ILCS 5/26-4. The warrant service may be audio-recorded if done in an open and conspicuous manner or with the consent of all parties (720 ILCS 5/14-2).

Warrant Service

- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

607.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members

North Riverside Police Department

North Riverside PD Policy Manual

Warrant Service

- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the North Riverside Police Department are utilized appropriately. Any concerns regarding the requested use of North Riverside Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Sergeant should assume this role.

If officers intend to serve a warrant outside North Riverside Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the North Riverside Police Department when assisting outside agencies or serving a warrant outside North Riverside Police Department jurisdiction.

607.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.12 TRAINING

The Patrol Commander should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

608.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

608.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

608.2 POLICY

It is the policy of the North Riverside Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

608.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

608.4 RISK ASSESSMENT

608.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

North Riverside Police Department

North Riverside PD Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

608.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

608.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Crisis Response Unit (CRU)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation
 - 7. Additional surveillance

Operations Planning and Deconfliction

8. Canines
 9. Property and Evidence Office or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

608.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

608.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

Operations Planning and Deconfliction

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
- 3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
- 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
 - 1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
 - 1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 - 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

608.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

608.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

Operations Planning and Deconfliction

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that the Communications Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by the Communications Center, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

608.8 CRU PARTICIPATION

If the operations director determines that CRU participation is appropriate, the director and the CRU supervisor shall work together to develop a written plan. The CRU supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the CRU supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

608.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

608.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any CRU debriefing.

608.11 TRAINING

The Patrol Commander should ensure officers and CRU team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Chapter 7 - Equipment

Department Owned and Personal Property

700.1 PURPOSE AND SCOPE

Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY

Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

- (a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.
- (b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.
- (d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.
- (e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.3 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage or loss of personal property must be properly documented by submitting an interdepartmental memo to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage including a copy of the calls for service report from which the damage or loss occurred.

The supervisor shall direct a memo to the Patrol Commander, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Department Owned and Personal Property

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance Department.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT

A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER

Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, regardless of jurisdiction, shall report it as provided below.

- (a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.
- (b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY

If employees of another jurisdiction cause damage to real or personal property belonging to the Village, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Deputy Chief.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The North Riverside Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCDs issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

701.4 DEPARTMENT-ISSUED OR FUNDED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

North Riverside Police Department

North Riverside PD Policy Manual

Personal Communication Devices

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to the provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.
- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the North Riverside Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate

North Riverside Police Department

compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (f) Members will not access social networking sites for any purpose that is not official department business.
- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.
 - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.

Personal Communication Devices

2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles while performing official duties should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (625 ILCS 5/12-610.2). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

701.9 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

Vehicle Maintenance

702.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that department vehicles are appropriately maintained.

702.2 DEFECTIVE VEHICLES

When a department vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service. Proper documentation shall be promptly completed by the member who becomes aware of the defective condition and forwarded for action.

Documents describing the correction of the safety issue shall be promptly filed with the vehicle history.

702.2.1 DAMAGE OR POOR PERFORMANCE

Vehicles that may have been damaged or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

702.2.2 SEVERE USE

Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer's parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

702.2.3 REMOVAL OF WEAPONS

All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

702.3 VEHICLE EQUIPMENT

Certain items shall be maintained in all department vehicles.

702.3.1 PATROL VEHICLES

Officers shall inspect the patrol vehicle at the beginning of the shift for damage.

702.4 VEHICLE REFUELING

Absent emergency conditions or supervisor approval, patrol vehicles shall not be placed into service with less than one-quarter tank of fuel. Patrol vehicles shall only be refueled at the authorized location.

702.5 WASHING OF VEHICLES

Vehicles shall be kept clean at all times and, weather conditions permitting, shall be washed as necessary to maintain the professional appearance of the department.

Patrol officers shall obtain clearance from the before going to the car wash. Only one patrol vehicle should be at the car wash at a time unless otherwise approved by a supervisor.

North Riverside Police Department

North Riverside PD Policy Manual

Vehicle Maintenance

Members using a vehicle shall remove any trash or debris at the end of their shifts. Confidential material should be placed in a designated receptacle provided for shredding this material.

702.6 POLICY

The North Riverside Police Department will service department vehicles to ensure they remain operational and maintain their appearance, as resources allow.

702.7 GENERAL DUTIES

Members are responsible for assisting in maintaining department vehicles so that they are properly equipped, properly maintained and properly refueled and present a clean appearance.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the Village of North Riverside to provide assigned take-home vehicles.

703.2 POLICY

The North Riverside Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, tactical deployments and other considerations.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES

The Shift Sergeant shall ensure a copy of the shift assignment roster, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

703.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Shift Sergeant. A notation will be made on the shift roster indicating the member's name and vehicle number.

This subsection does not apply to those who are assigned to transport vehicles to and from the maintenance yard or car wash.

703.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

North Riverside Police Department

North Riverside PD Policy Manual

Vehicle Use

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

703.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.5 MOBILE DATA TERMINAL

Members assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty. If the vehicle is not equipped with a working MDT, the member shall notify the Communications Center. Use of the MDT is governed by the Mobile Data Terminal Use Policy.

703.3.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Deputy Chief approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

703.3.7 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command.

703.3.10 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

703.4.3 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence; the nature of the member's duties, job description and essential functions; and the member's employment or appointment status. Residence in the Village of North Riverside is a prime consideration for assignment of a take-home vehicle. Members who reside outside the Village of North Riverside may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a Village vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Deputy Chief gives authorization.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.

- (e) The two-way communications radio, MDT and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.
- (f) Unattended vehicles are to be locked and secured at all times.
1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).
 2. All weapons shall be secured while the vehicle is unattended.
 3. All department identification, portable radios and equipment should be secured.
- (g) Vehicles are to be parked off-street at the member's residence unless prior arrangements have been made with the Chief of Police or the authorized designee. Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

North Riverside Police Department

North Riverside PD Policy Manual

Vehicle Use

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

703.4.5 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.

703.5 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic crash or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic crash report shall be filed with the agency having jurisdiction (see the Traffic Crash Reporting Policy).

Damage to any department vehicle that was not caused by a traffic crash shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Shift Sergeant. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

703.6 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

Personal Protective Equipment

704.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

704.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

704.2 POLICY

The North Riverside Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

704.3 OFFICER RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

704.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 29 CFR 1910.95, 820 ILCS 219/25 and 56 Ill. Adm. Code 350.700.

704.5 EYE PROTECTION

Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the

North Riverside Police Department

North Riverside PD Policy Manual

prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

The Range Officer shall ensure eye protection meets or exceeds the requirements provided in 29 CFR 1910.133, 820 ILCS 219/25 and 56 Ill. Adm. Code 350.

704.6 HEAD AND BODY PROTECTION

Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

704.7 RESPIRATORY PROTECTION

The Administration Deputy Chief is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (29 CFR 1910.134; 820 ILCS 219/25; 56 Ill. Adm. Code 350.700):

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.
- (e) PPE issuance and replacement.
- (f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.
- (g) Regularly reviewing the PPE plan.
- (h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

704.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall

North Riverside Police Department

North Riverside PD Policy Manual

Personal Protective Equipment

reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; 820 ILCS 219/25; 56 Ill. Adm. Code 350.700):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

704.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134; 820 ILCS 219/25; 56 Ill. Adm. Code 350.700):

- (a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

704.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; 820 ILCS 219/25; 56 Ill. Adm. Code 350.700).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.

North Riverside Police Department

North Riverside PD Policy Manual

Personal Protective Equipment

- (b) They experience difficulty breathing due to filter loading.
- (c) The cartridges or filters become wet.
- (d) The expiration date on the cartridges or canisters has been reached.

704.7.4 SELF-CONTAINED BREATHING APPARATUS

Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

704.7.5 RESPIRATOR FIT TESTING

No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134; 820 ILCS 219/25; 56 Ill. Adm. Code 350.700).

After initial testing, fit testing for respiratory PPE shall be repeated (29 CFR 1910.134; 820 ILCS 219/25; 56 Ill. Adm. Code 350.700):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

704.7.6 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE

No member shall be issued respiratory protection that forms a complete seal around the face until (29 CFR 1910.134; 820 ILCS 219/25; 56 Ill. Adm. Code 350.700):

- (a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.
- (b) A physician or other licensed health care professional has reviewed the questionnaire.
- (c) The member has completed any physical examination recommended by the reviewing physician or health care professional.

704.8 RECORDS

The Patrol Commander is responsible for maintaining records of all:

Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (29 CFR 1910.132; 820 ILCS 219/25; 56 Ill. Adm. Code 350.700).

Members issued respiratory PPE shall attend annual training on the proper use of respiratory protection devices (29 CFR 1910.134; 820 ILCS 219/25; 56 Ill. Adm. Code 350.700).

800.5 CALL HANDLING

This Department provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the [dispatcher] will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the [dispatcher] determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the [dispatcher] determines that the caller is a limited English proficiency (LEP) individual, the [dispatcher] should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known

North Riverside Police Department

North Riverside PD Policy Manual

the Communications Center

and a language-appropriate authorized interpreter is available in the Communications Center, the [dispatcher] should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the [dispatcher] is unable to identify the caller's language, the [dispatcher] will contact the contracted telephonic interpretation service and establish a three-party call connecting the [dispatcher], the LEP individual and the interpreter.

Telecommunicators should be courteous, patient and respectful when dealing with the public.

800.5.1 EMERGENCY CALLS

A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the [dispatcher] has obtained all necessary information to ensure the safety of the responding department members and affected individuals.

Emergency calls should be dispatched immediately. The Shift Sergeant shall be notified of pending emergency calls for service when department members are unavailable for dispatch.

800.5.2 NON-EMERGENCY CALLS

A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the [dispatcher] to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the [dispatcher] returning to the telephone line or when there will be a delay in the response for service.

800.6 RADIO COMMUNICATIONS

The police radio system is for official use only, to be used by [dispatcher]s to communicate with department members in the field. North Riverside Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and requirements.

800.6.2 RADIO IDENTIFICATION

Radio call signs are assigned to department members based on factors such as duty assignment, uniformed patrol assignment and/or member identification number. Telecommunicators shall identify themselves on the radio with the appropriate station name or number, and identify the department member by his/her call sign. Members should use their call signs when initiating communication with the [dispatcher]. The use of the call sign allows for a brief pause so that the [dispatcher] can acknowledge the appropriate department member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the department station name or number.

800.7 DOCUMENTATION

It shall be the responsibility of the Communications Center to document all relevant information on calls for service or self-initiated activity. Telecommunicators shall attempt to elicit, document and relay as much information as possible to enhance the safety of the member and assist in anticipating conditions that may be encountered at the scene. Protected information may be released only to authorized recipients who have both a right to know and a need to know (20 Ill. Adm. Code 1240.50; 20 Ill. Adm. Code 1240.80).

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Telecommunications Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

805.5.1 AUTHORIZED LEADS RECIPIENTS

The computer site and/or terminal area must have adequate physical security to protect against any unauthorized personnel gaining access to the computer equipment or to any of the stored data (20 Illinois Administrative Code 1240.50).

805.6 SECURITY OF PROTECTED INFORMATION

The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

Computers and Digital Evidence

806.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

806.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and whenever possible only those trained/authorized should physically handle the device. For those not authorized/trained, evidence collection on the devices should be limited to observation, photographing, and documenting. When others must seize a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 - 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 - 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 - 1. Where the computer was located and whether or not it was in operation.

Computers and Digital Evidence

2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture or they are capable of storing data.

806.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

806.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

806.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CDs, DVDs, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Office to copy the contents to an appropriate form of storage media.

Computers and Digital Evidence

- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

806.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

806.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

806.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

806.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Office as soon as possible for submission into evidence.

Computers and Digital Evidence

- (b) Officers are not authorized to review or copy memory cards. Evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.
- (c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a zip-lock type baggie. The camera operator shall write their name and the related case number on the outside of the baggie before placing in the film drop box along with the evidence form.
- (d) Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.
- (e) Officers requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

806.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

806.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Animal Control

807.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

807.2 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to the public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
- (f) This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
- (g) With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
- (h) If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

807.2.1 ANIMAL CRUELTY COMPLAINTS

Officers shall conduct a preliminary investigation on all reports of animal cruelty and forward the information to the ACO for follow-up. Officers shall not hesitate to take any immediate actions deemed necessary. The assistance of an animal control officer may be requested to assist with the investigation when appropriate for the purpose of handling the disposition of any animal(s) associated with the case (510 ILCS 70/10).

807.2.2 STRAY DOGS

If the dog or cat has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog or cat should be released to the owner and a citation may be issued if appropriate. If a dog or cat is taken into custody, it shall be transported to the

North Riverside Police Department

North Riverside PD Policy Manual

Animal Control

Animal Care League in Oak Park, IL. Once a dog or cat has been taken into custody, all releases should be handled by the Animal Care League.

807.2.3 ANIMAL BITE REPORTS

Officers shall obtain as much information as possible for forwarding to the ACO for follow-up. Officers shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property until contacted by the ACO. If the animal is a stray, then every effort shall be made to capture and impound the animal immediately (510 ILCS 5/13).

807.2.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Officers shall obtain as much information as possible regarding the nature of the complaint, complaining person, owner information (if possible), location of problem, etc. Officers will also document any actions taken, citation(s) issued, related report numbers, etc.

807.3 DECEASED ANIMALS

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

807.4 INJURED ANIMALS

When any injured domesticated animal is brought to the attention of a member of this agency, all reasonable attempts shall be made to contact the owner or responsible handler. When the owner or responsible handler cannot be located and the animal is not an immediate danger to the community, it shall be taken directly to a licensed veterinarian for necessary medical services (510 ILCS 70/12).

- (a) During normal business hours, the animal should be taken to the Animal Care League
- (b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency and Critical Care Services Clinic.
- (c) The only exception to the above is when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.
 - 1. When the need to kill a seriously injured or dangerous animal is necessary, the Firearms and Qualification Policy shall be followed. The decision to dispose of a seriously injured animal will rest with the on-duty Shift Sergeant.
- (d) Injured wildlife should be referred to one of several locations as applicable and depending upon available resources and type of animal: A local Rehabilitator, preserve or wildlife care center; a shelter by the Anti-Cruelty Society, Illinois Society for

The North Riverside Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

1002.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

In matters concerning the employee's collective bargaining agreement, the exclusive representative will be notified to attend any conference or settlement even if not requested by the employee (5 ILCS 315/6(b)).

1002.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administration for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the Village Administrator's office to monitor the grievance process. A third copy will be maintained in the personnel file of the individual grievant (820 ILCS 40/1 et seq. and 820 ILCS 40/4)

Anti-Retaliation

1003.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1003.2 POLICY

The North Riverside Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1003.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1003.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the Village Administrator.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1003.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Anti-Retaliation

1003.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1003.7 WHISTLE-BLOWING

The Illinois Whistleblower Act protects an employee who, with reasonable cause to believe the information communicated discloses a violation of a law, rule, or regulation (740 ILCS 174/1 et seq.):

- (a) Provides information to a government or law enforcement agency, in a judicial or administrative hearing, or testifies before a legislative body.
- (b) Refuses to participate in an activity that would result in a violation of a law, rule, or regulation.
- (c) Engages in any other act or omission if the employee is disclosing or attempting to disclose public corruption or wrongdoing.

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Deputy Chief for investigation pursuant to the Personnel Complaints Policy.

1003.8 RECORDS RETENTION AND RELEASE

The Telecommunications Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1003.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Employee Convictions

1004.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties; therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1004.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Illinois and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; 720 ILCS 5/24-1.1).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

Officers are prohibited from carrying a firearm if they are currently the subject of a domestic violence protection order (750 ILCS 60/214).

1004.3 OTHER CRIMINAL CONVICTIONS

Any person convicted of a felony is prohibited from being a peace officer in the State of Illinois (50 ILCS 705/6.1). Any person who has been convicted of a felony is prohibited from possessing a firearm (720 ILCS 5/24-1.1. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty plea or nolo contendere plea.

Convictions of certain state or federal violations, including other provisions, such as probation or conditions of bail may place restrictions on an employee's ability to fully perform the duties of the job or restrict possessing firearms (720 ILCS 550/10; 725 ILCS 5/110-10).

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1004.4 REPORTING PROCEDURE

All employees of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All employees and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired

North Riverside Police Department

officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

Any employee whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination.

Any employee failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1004.4.1 ILLINOIS LAW ENFORCEMENT TRAINING AND STANDARDS BOARD (ILETSB) NOTIFICATION

In the event of an arrest or conviction of any of the specified sections in 50 ILCS 705/6.1, the Chief of Police shall report such arrest or conviction to the Illinois Law Enforcement Training and Standards Board (ILETSB).

It is the duty and responsibility of every full-time and part-time police officer to report to both the ILETSB within 30 days and also to the officer's Chief of Police of his/her arrest or conviction for an offense identified in 50 ILCS 705/6.1. Any full-time or part-time police officer who knowingly makes, submits, causes to be submitted, or files a false or untruthful report to ILETSB must have his/her certificate or waiver either immediately decertified or revoked.

Drug- and Alcohol-Free Workplace

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1005.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1005.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Employees who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Sergeant or appropriate supervisor as soon as the employee is aware that he/she will not be able to report to work. If the employee is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the employee is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1005.3.1 USE OF MEDICATIONS

Employees should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No employee shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1005.4 MEMBER RESPONSIBILITIES

Employees shall report for work in an appropriate mental and physical condition. Employees are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Employees who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Drug- and Alcohol-Free Workplace

Employees shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Employees are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1005.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Village Administration, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1005.6 WORK RESTRICTIONS

If a employee informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the employee may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a employee is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1005.7 REQUESTING SCREENING TESTS

A supervisor may request an employee to submit to a screening test under the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.
- (c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1005.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.

Drug- and Alcohol-Free Workplace

- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1005.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates any provisions of this policy.

1005.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a employee, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the employee to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1005.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its employee. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the employee involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

Sick Leave

1006.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the Village personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) or the Illinois Employee Sick Leave Act (820 ILCS 191/1 et seq.).

1006.2 POLICY

It is the policy of the North Riverside Police Department to provide eligible employees with a sick leave benefit.

1006.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1006.3.1 NOTIFICATION

All members should notify the North Riverside Police Telecommunications Desk as soon as they are aware that they will not be able to report to work. Notification should not be less than one hour before the start of their scheduled shifts. The desk will then advise the working Shift Sergeant or Corporal of the sick call. If, due to an emergency, a member is unable to contact the desk, every effort should be made to have a representative for the member contact the police department.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1006.4 EXTENDED ABSENCE

North Riverside Police Department

North Riverside PD Policy Manual

Sick Leave

Members absent from duty for more than three consecutive days shall be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work unless they are excused from obtaining one by a member of the administration.

When a member is able to return to work after an absence of more than three consecutive days, or after experiencing an injury that would prevent them from being able to perform the full duties and responsibilities as a police officer that member will obtain a note from their health care provider that affirms they are fit for full duty and the date on which they may return to work and submit it to administration as soon as possible.

It will be the right of the administration to determine whether any illness or injury, regardless of how long it persists, prevents a member from being able to fulfill his or her duties.

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days.

1006.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Village Administration as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

Communicable Diseases

1007.1 PURPOSE AND SCOPE

This policy is intended to provide information and guidelines for department personnel to assist in minimizing the risk of contracting and/or spreading communicable diseases and to minimize the incidence of illness and injury as required by state and federal guidelines (820 ILCS 225/3; 29 CFR 1910.1030(a)). The policy will offer direction in achieving the following goals:

- (a) To identify, inform and train all department employees regarding the communicable disease risks to which they may be exposed while performing their specific job assignments.
- (b) To manage the risks associated with bloodborne pathogens (BBP), aerosol transmissible diseases and other potentially infectious substances.
- (c) To assist department personnel in making decisions concerning the selection, use, maintenance, limitations, storage and disposal of personal protective equipment (PPE).
- (d) To protect the privacy rights of all department personnel who may be exposed to or contract a communicable disease during the course of their duties.
- (e) To provide appropriate testing, treatment and counseling should an employee be exposed to a communicable disease.

1007.1.1 DEFINITIONS

Definitions related to this policy include (820 ILCS 225/4.1):

Biohazard or bloodborne pathogen - Pathogenic microorganisms that are present in human blood and can cause disease in humans (29 CFR 1910.1030(b)). These pathogens include, but are not limited to, hepatitis B virus (HBV) and human immunodeficiency virus (HIV).

Communicable disease - An illness caused by an agent or its toxic products that arises through the transmission of that agent or its products to a susceptible host, either directly or indirectly.

Exposure incident - A specific eye, mouth, other mucous membrane, non-intact skin, or parental contact with blood or other potentially infectious materials that results from the performance of a department member's duties (29 CFR 1910.1030(b)).

Other potentially infectious materials - Includes human body fluids, such as semen, vaginal secretions, cerebrospinal fluid, synovial fluid, pleural fluid, pericardial fluid, peritoneal fluid, amniotic fluid, saliva in dental procedures, any bodily fluid that is visibly contaminated with blood, and all bodily fluids in situations where it is difficult or impossible to differentiate between bodily fluids^{1/2}^{3/4} any unfixed tissue or organ (other than intact skin) from a human (living or dead) and HIV-containing cell or tissue cultures, organ cultures and HIV or HBV-containing culture medium or other solutions^{1/2}^{3/4} and blood, organs, or other tissues from experimental animals infected with HIV or HBV (29 CFR 1910.1030(b)).

North Riverside PD Policy Manual

Communicable Diseases

1007.2 PROCEDURES FOR CONTACT WITH BLOOD OR BODILY FLUIDS

All department personnel who may be involved in providing emergency medical care or who come in contact with another person's blood or bodily fluids (e.g., during an altercation or while attending to any injured person) shall follow these procedures and guidelines.

1007.2.1 UNIVERSAL PRECAUTIONS

All human blood and bodily fluids such as saliva, urine, semen and vaginal secretions, are to be treated as if they are known to be infectious. Where it is not possible to distinguish between bodily fluid types, all bodily fluids are to be assumed potentially infectious.

1007.2.2 PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment is the last line of defense against communicable disease. Therefore, the following equipment is provided for all personnel to assist in the protection against such exposures:

- Not less than two pair of disposable latex/nitrile gloves; keeping a box in the car is recommended
- Safety glasses or goggles
- NIOSH N95 particulate respirator with a one-way valve
- Alcohol, or similar substance, to flush skin at emergency site
- Alcohol hand wipes

The protective equipment is to be kept in each police vehicle. It should be inspected at the start of each shift and replaced immediately upon returning to the station if it has been used or damaged during the shift, or is otherwise in need of replacement.

1007.2.3 IMMUNIZATIONS

All department personnel who, in the line of duty, respond to emergency medical calls or may be exposed to or have contact with a communicable disease shall be offered appropriate treatment immunization (29 CFR 1910.1030(f)).

1007.2.4 WORK PRACTICES

All personnel shall use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or bodily fluid is anticipated.

Disposable gloves shall be worn on all medical emergency responses. Disposable gloves shall be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other bodily fluids. Should one's disposable gloves become contaminated with blood or other bodily fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.

North Riverside Police Department

North Riverside PD Policy Manual

Communicable Diseases

All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying, or otherwise generating droplets of those materials.

Eating, drinking, smoking, applying lip balm, and handling contact lenses shall be prohibited in areas where a potential for an exposure exists.

1007.2.5 INFORMATION AND TRAINING

All employees shall participate in occupational exposure training commensurate with the requirements of his/her position. The training shall be provided:

- (a) At least annually after the initial training
- (b) The occupational exposure training should meet the minimum standards set by state and federal regulations (29 CFR 1910.1030(g)(2)(vii)).

1007.3 DISPOSAL AND DECONTAMINATION

The following procedures will apply to the disposal and decontamination of equipment or personnel after responding to an event that involved contact with a person's blood or bodily fluids.

1007.3.1 USE OF WASTE CONTAINERS

Officers shall dispose of biohazards with the on-scene fire response vehicle or ambulance at the attending clinic or hospital, with its approval or in an appropriately marked biohazard waste container immediately upon arrival.

The biohazard waste container shall be collapsible, leakproof, red and appropriately labeled with a biohazard warning, and routinely emptied.

1007.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall immediately wash their hands either while on-scene or as soon as practicable following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap and warm water and/or an approved hospital strength disinfectant wash or rinse, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant wash or rinse. If large areas of the employee's skin are contaminated, the employee shall shower as soon as reasonably possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

1007.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (e.g., needles, blades) unless they are needed to assist a paramedic or are being collected for evidence. Unless required for evidentiary reasons

North Riverside Police Department

North Riverside PD Policy Manual

Communicable Diseases

related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, when practicable, shall be into a puncture-proof biohazard container.

All sharps and items that cut or puncture (e.g., broken glass, razors and knives) shall be treated cautiously to avoid cutting, stabbing or puncturing one's self or any other person.

If a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Use a device, such as tongs or a broom and a dustpan, to clean up debris. If the material must be hand held, protective gloves must be worn.

1007.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (e.g., gloves, dressings, CPR mask) shall be transported with the patient or suspect in the ambulance or police vehicle. The waste material shall then be disposed of in a biohazard waste container at the hospital or police station. Disposable gloves are to be worn while placing the waste into the waste biohazard container, placing the gloves in with the waste when through.

1007.3.5 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT

After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is non-reusable (e.g., disposable gloves), it shall be discarded in a biohazard waste container as described in this policy.

Any personal protective equipment that becomes punctured, torn, or loses its integrity, shall be removed as soon as feasible. The employee shall wash up and replace the personal protective equipment if the task has not been completed. If any failure of personal protective equipment results in a contaminated non-intact skin event, decontamination as described in this policy shall be implemented.

Contaminated reusable personal protective equipment that must be transported prior to cleaning it shall be placed into a biohazard waste bag and transported in the ambulance, paramedic truck or police vehicle. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container, and then included in with the waste.

1007.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT

Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, and portable radio) shall be decontaminated as soon as reasonably practicable. If it is to be transported, it shall be done by first placing it into a biohazard waste bag.

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station, or police station for proper cleaning and disinfecting. Porous surfaces such as nylon bags and straps, shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed, and allowed to dry. Delicate equipment

North Riverside Police Department

North Riverside PD Policy Manual

Communicable Diseases

(e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by Environmental Protection Agency (EPA).

While cleaning equipment, pay close attention to handles, controls, crevices, portable radios, and external microphones. Equipment cleaning shall not be done in the kitchen, bathrooms, or other areas not designated as the cleaning/decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach (one-quarter cup of bleach per one gallon of water) while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces and blood clots should first be removed (e.g., using a disposable towel or other means to prevent direct contact) and then properly disposed.

1007.3.7 DECONTAMINATION OF CLOTHING

Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry cleaned, place it into a biohazard waste bag and give it to the Exposure Control Officer. The ECO will secure a dry cleaner that is capable of cleaning contaminated clothing and will inform them of the potential contamination. This dry cleaning will be done at the Department's expense.

Contaminated leather footwear shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the footwear, the footwear shall be discarded.

1007.3.8 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components such as the seats, radios and doors, shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible.

1007.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and ensure the best protection and care for the employee.

1007.4.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE

In order to provide appropriate and timely treatment should exposure occur, all employees shall verbally report the exposure to their immediate supervisor and complete a written exposure report as soon as possible following the exposure or suspected exposure. The report shall be submitted to the employee's immediate supervisor. Employees should document in the exposure report whether they would like the person who was the source of the exposure to be tested for communicable diseases.

Additionally if the exposure involves contact with the bodily fluids of an individual who has been arrested the employee must also comply with reporting requirements.

1007.4.2 SUPERVISOR REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure that occurs as soon as reasonably practicable following the incident, while gathering the following information:

North Riverside Police Department

North Riverside PD Policy Manual

Communicable Diseases

- (a) Name and social security number of the employee exposed
- (b) Date and time of incident
- (c) Location of incident
- (d) The potentially infectious materials involved
- (e) Source of material or person
- (f) Current location of material or person
- (g) Work being done during exposure
- (h) How the incident occurred or was caused

No employee shall smoke, even if out of public view in any public place, child/adult day care center, health care facility or within 15 feet of any entrance or any other location described under the Smoke Free Illinois Act (410 ILCS 82/15).

Personnel Complaints

1009.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the North Riverside Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1009.1.1 PERSONNEL COMPLAINTS DEFINED

Personnel complaints consist of any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law.

Inquiries about employee conduct which, even if true, would not qualify as a personnel complaint may be handled informally by a department supervisor and shall not be considered complaints.

Personnel Complaints shall be classified in one of the following categories:

Informal - A matter in which the complaining party is satisfied that appropriate action has been taken by a department supervisor of rank greater than the accused employee. Informal complaints need not be documented on a personnel complaint form and the responsible supervisor shall have the discretion to handle the complaint in any manner consistent with this policy.

Formal - A matter in which the complaining party requests further investigation or which a department supervisor determines that further action is warranted. Such complaints may be investigated by a department supervisor of rank greater than the accused employee or referred to the Deputy Chief depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Deputy Chief, such matters need not be documented as personnel complaints, but may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1009.2 POLICY

The North Riverside Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report alleged misconduct without concern for reprisal or retaliation.

North Riverside PD Policy Manual

Personnel Complaints

1009.2.1 ACCEPTANCE OF COMPLAINTS

A complaint may be filed in person, in writing, electronically, or by telephoning the Department. Although not required, every effort should be made to have the complainant appear in person. The following should be considered before taking a complaint:

- (a) Complaints shall not be prepared unless the alleged misconduct or job performance is of a nature which, if true, would normally result in disciplinary action.
- (b) When an uninvolved supervisor or the Shift Sergeant determines that the reporting person is satisfied that their complaint required nothing more than an explanation regarding the proper/improper implementation of department policy or procedure, a complaint need not be taken.
- (c) When the complainant is intoxicated or otherwise incapacitated to the point where his/her credibility appears to be unreliable, identifying information should be obtained and the person should be provided with a Personnel Complaint form.
- (d) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with their parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint.

1009.2.2 COMPLAINT DOCUMENTATION

Formal complaints of alleged misconduct shall be documented in writing by a sworn affidavit by the person making the complaint. (50 ILCS 725/3.8 (b)). If the Department provides a particular form for this purpose this is the preferred method of submitting a complaint however no complaint should be declined because it is not written on the Department form. The supervisor accepting the complaint shall report and document the receipt of the complaint and shall ensure that the nature of the complaint is defined as clearly as possible.

A supervisor may elect to document informal complaints as a supervisor or Shift Sergeant log entry.

When a Personnel Complaint form is completed in person, the complainant should legibly write a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to ensure accuracy in any complaint, it is recommended that a recorded statement be obtained from the reporting party. A refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint. Whether handwritten or dictated, the complainant's signature should be obtained at the conclusion of the statement. If the Department form for this purpose is not used, the receiving supervisor shall ensure that the document includes a sworn affidavit as required by 50 ILCS 725/3.8 (b). The complainant should be provided with a copy of his or her own original complaint.

Should the sworn affidavit be found to contain knowingly false material information, the matter shall be brought to the attention of the appropriate State's Attorney for determination of prosecution (50 ILCS 725/3.8 (b)).

If the nature of the allegations dictate that confidentiality is necessary to maintain the integrity of the investigation, the involved employee(s) need not be notified of the pending investigation unless and until the employee is interviewed or formally charged.

If the complaining party is charged with a criminal offense associated with this investigation, then the investigation may be suspended until the completion of the criminal proceedings.

Upon completion, the report should be forwarded through the chain of command to the commanding officer of the involved employee(s) and to the Chief of Police.

Once received, the Chief of Police may accept or modify the classification and recommendation for disciplinary action contained in the report.

Within 30 days of the final review by the Chief of Police, written notice of the findings shall be sent to the complaining party. This notice shall indicate the findings, however, will not disclose the amount of discipline, if any imposed. The complaining party should also be provided with a copy of his/her own original complaint.

Any complaining party who is not satisfied with the findings of the Department concerning their complaint may contact the Chief of Police to discuss the matter further.

1009.8.1 CONFIDENTIALITY OF PERSONNEL FILES

All investigations of personnel complaints shall be considered confidential personnel files. The contents of such files shall not be revealed to anyone other than the involved employee or authorized personnel except pursuant to lawful process.

In the event that an accused employee (or the representative of such employee) knowingly makes false representations regarding any internal investigation and such false representations are communicated to any media source, the Department may disclose sufficient information from the employee's personnel file to refute such false representations.

Unless otherwise limited, all formal personnel complaints shall be maintained for a period of no less than five years. All non-citizen (e.g., those that originate internally) initiated complaints shall be maintained no less than two years.

Sustained complaints shall be maintained in the employee's personnel file. Complaints which are unfounded, exonerated or not sustained shall be maintained by the Deputy Chief apart from the employee's personnel file.

Seat Belts

1010.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1010.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 and 625 ILCS 25/4.

1010.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1010.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1010.4 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

North Riverside PD Policy Manual

Seat Belts

1010.5 POLICY

It is the policy of the North Riverside Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle crash.

1010.6 TRANSPORTING CHILDREN

Child passengers shall be transported using an approved child restraint system in compliance with 625 ILCS 25/4.

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1010.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1010.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1011.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1011.2 POLICY

It is the policy of the North Riverside Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1011.3 ISSUANCE OF BODY ARMOR

The Deputy Chief shall ensure that body armor is issued to all officers when the officer begins service at the North Riverside Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Deputy Chief shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to this schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1011.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1011.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation. Officers are individually responsible for the body armor's fit, cleanliness, and signs of damage or wear.

Body Armor

1011.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1011.3.4 WARRANTY PERIODS

All body armor shall be replaced before or at the expiration of the warranty at the Department's expense (50 ILCS 712/10).

1011.4 RANGE OFFICER RESPONSIBILITIES

The Range Officer should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates officers about the safety benefits of wearing body armor.

1011.5 FUNDING

The Range Officer should coordinate with other North Riverside officials as appropriate to ensure grant funding is sought as appropriate (50 ILCS 712/10). The Range Officer should also ensure that Department procedures are not in conflict with the terms of any applicable grant.

 - 2. Any member response shall be attached to and retained with the original adverse comment (820 ILCS 40/6).
 - 3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment. Such a refusal, however, shall not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file.
- (g) Commendations and awards.
- (h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1012.3 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS

Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files twice in a calendar year or as otherwise provided in a collective bargaining agreement. North Riverside Police Department

North Riverside PD Policy Manual

Any member seeking the removal or correction of any item from his/her personnel records shall file a written request to the Chief of Police through the chain of command. The Department may remove or correct any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member's request and the written response from the Department shall be retained with the contested item in the member's corresponding personnel record as long as the contested item is a part of the file (820 ILCS 40/6).

Members may obtain a copy of the information or part of the information contained in their file (820 ILCS 40/3).

- (g) Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.
- (h) Records relevant to any other pending claim between the Department and the member that may be discovered in a judicial proceeding.

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

North Riverside Police Department

North Riverside PD Policy Manual

Personnel Records

- (a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.
- (b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.
- (c) If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

Meal Periods, Breaks, Restricted Leave

1015.1 PURPOSE AND SCOPE

This policy regarding meals and breaks is superseded by the affected employee's collective bargaining agreement. If not covered in the employee's collective bargaining agreement, this policy shall conform to and be guided by the policy governing all Village employees that has been established by the Village Administrator (820 ILCS 140/3).

1015.1.1 MEAL PERIODS

Sworn employees, telecommunicators, and custody personnel shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

All employees will receive an appropriate meal period not more than five hours from the start of the work period absent emergency situations (820 ILCS 140/3).

Uniformed patrol shall request clearance from the Shift Sergeant prior to taking a meal period. Uniformed officers shall take their breaks within the Village limits unless on assignment outside of the Village.

The time spent for the meal period shall not exceed the authorized time allowed.

1015.1.2 BREAKS

Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Communications Center. Exceptions require supervisor approval.

The time spent for the break period shall not exceed the authorized time allowed.

1015.1.3 RESTRICTED LEAVE

Employees upon request may use up to one hour of paid leave or more if authorized by the collective bargaining agreement to donate blood every 56 days (820 ILCS 149/10).

Employees with the approval of a supervisor are entitled to take up to two hours of paid leave to vote (10 ILCS 5/7-15).

Lactation Break Policy

1016.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for reasonable accommodations for members desiring to express breast milk for the member's infant child as outlined in the Nursing Mothers in the Workplace Act (820 ILCS 260/10; 29 USC § 207).

1016.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for her infant nursing child up to one year after the child's birth (820 ILCS 260/10; 29 USC § 207).

1016.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods.

Members desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would unduly disrupt department operations (820 ILCS 260/10; 775 ILCS 5/2-102).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1016.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall (820 ILCS 260/15). The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

Members occupying such private areas shall either secure the door or otherwise make it clear that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Temporary Modified-Duty Assignments

1024.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for assigning employees to modified duty. Temporary modified-duty assignments may be available to employees who have incurred a duty-related illness or injury and, due to restrictions or limitations, are unable to perform their regular assigned duties. Eligibility for modified-duty assignments is subject to the approval of the Chief of Police or his/her designee.

Non-duty related illnesses or injuries shall not be considered eligible in accordance with this policy.

The Department will engage in a good faith interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability.

1024.2 POLICY

Modified Duty - Means a temporary, limited-term assignment not requiring performance of the full range of duties associated with the regular job classification. Modified duty also may be termed as light-duty assignments.

1024.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA), Victims' Economic Security and Safety Act, or the Illinois Human Rights Act (820 ILCS 180/5; 775 ILCS 5/1-101 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the North Riverside Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

Temporary Modified-Duty Assignments

1024.4 PROCEDURE

Employees may request assignment to modified duty by providing a signed statement from their health care provider describing their restrictions, limitations and expected duration to their Deputy Chief or his/her designee. The statement must also indicate if the employee requires any workplace accommodations, mobility aids or medical devices.

The Chief of Police will determine what modified-duty assignments may be available based on the needs of the Department, limitations of the employee and suitability of the employee to work a particular assignment. Requests for a modified-duty assignment of 20 hours or less may be approved and facilitated by the Chief of Police or his/her designee. Assignments of longer duration are subject to the approval of the Chief of Police or his/her designee.

1024.4.1 MODIFIED-DUTY SCHEDULES

The schedules of employees assigned to modified duty may be adjusted to suit medical appointments or Department needs at the discretion of the Chief of Police or the Deputy Chief.

The employee and his/her supervisors should be informed in writing of the schedule, assignment and limitations and restrictions as determined by the employee's health care provider.

1024.4.2 ACCOUNTABILITY

The Patrol Commander shall coordinate efforts to ensure proper time accountability and assignments. Employees on modified duty are responsible for coordinating required doctor visits and physical therapy appointments in advance with the Patrol Commander to appropriately account for any duty time taken. Doctor visits and appointments for treatment of injuries or illnesses that are not work related shall be arranged during off-duty time or otherwise charged to the employee's sick leave.

- (a) Employees shall promptly submit a status report for each visit to their treating health care provider and shall immediately notify the Chief of Police or his/her designee of any change in restrictions or limitations as determined by their health care provider. An employee assigned to a modified-duty assignment shall provide a duty status report to the Chief of Police or his/her designee no less than once every 30 days while the employee is on modified duty.
- (b) The Deputy Chief shall keep the Chief of Police apprised of the employee's status and ability to perform the modified-duty assignment. Modified-duty assignments that extend beyond 60 days will require a written status report and a request for an extension to the Deputy Chief with an update of the employee's current status and anticipated date of return to regular duty. Extensions require approval of the Chief of Police.
- (c) When it is determined that an employee on modified duty will return to regular duty, the Deputy Chief will notify the Chief of Police and advise the Patrol Commander. All training and certification necessary for return to duty shall be reviewed and updated as necessary.

The Department reserves the right to require, prior to returning to full-duty status, a fitness-for-duty examination of any employee assigned to a modified-duty assignment or of any employee having been on such assignment. Such examinations shall be at the expense of the Department.

Prior to returning to full-duty status, employees shall be required to provide a statement signed by their health care provider indicating that they are medically cleared to perform the basic and essential job functions of their assignment without restriction or limitation.

1024.4.4 PREGNANCY

It is the policy of the Department to reassign employees who are pregnant upon request by the employee or when deemed necessary by the Department to temporary assignments that will not routinely expose the employee to potentially hazardous environments or activities.

1024.4.5 EMPLOYEE NOTIFICATION

The employee must inform the Department of her intent regarding reassignment, job accommodations and anticipated leave for the pregnancy or prenatal care. The employee shall also submit a statement from her health care provider of any job restrictions or limitations she may have.

1024.4.6 SUPERVISOR'S RESPONSIBILITY

Upon receiving the medical verification of the pregnancy and a request for job accommodation, reassignment or leave, the supervisor shall notify the Deputy Chief, who will consider assigning the employee to an available temporary modified-duty assignment if it is deemed appropriate by the Department or medically necessary by the employee's health care provider.

If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted consistent with the Village's Personnel Rules and Regulations regarding Family and Medical Care Leave.

1024.5 PROBATIONARY EMPLOYEES

Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to the employee's assignment to modified duty or long-term medical leave of absence.

1024.6 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided the certification, training or qualifications are not in conflict with any limitations or restrictions. Such certification, training and qualification requirements shall be met prior to return to full duty. Employees who are assigned to modified duty shall inform their supervisor of any inability to maintain any certification, training or qualifications.

Employee Speech, Expression and Social Networking

1025.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1025.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file sharing sites.

1025.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the North Riverside Police Department will carefully balance the individual employee's rights against the department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1025.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the North Riverside Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the North Riverside Police Department or its employees.

- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the North Riverside Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the North Riverside Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1025.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the North Riverside Police Department or identify themselves in any way that could be reasonably perceived as representing the North Riverside Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized

bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502)).

1025.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service or web site requires a user name or password will not create an expectation of privacy if it is accessed through department computers or networks.

1025.5.1 PERSONAL ONLINE ACCOUNTS

The Department shall not request, require or coerce any applicant or employee to divulge any username, password or related account information in order to gain access to the applicant or employee's personal online account, nor shall the Department demand access in any manner to an applicant or employee's account or profile on a personal online account (820 ILCS 55/10).

Members may be required to share specific content that has been reported to the Department, without requesting or requiring members to provide access to their personal online account, as set forth in 820 ILCS 55/10.

1025.6 CONSIDERATIONS

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1028.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1028.2 POLICY

It is the policy of the North Riverside Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1028.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Sergeant and the Communications Center.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Chief of Police section of this policy).
- (b) The Shift Sergeant should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Shift Sergeant or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

North Riverside Police Department

North Riverside PD Policy Manual

Line-of-Duty Deaths

- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1028.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Shift Sergeant or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.

North Riverside Police Department

North Riverside PD Policy Manual

Line-of-Duty Deaths

- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other North Riverside Police Department members may be apprised that survivor notifications are complete.

1028.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1028.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

1028.6.1 DEPARTMENT LIAISON

- (e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.
- (f) If applicable, explain to the survivors why an autopsy may be needed.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.

North Riverside Police Department

North Riverside PD Policy Manual

Line-of-Duty Deaths

The Survivor Support Liaison should be selected by the deceased member's Deputy Chief. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.
- (b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.

- (d) Providing assistance with travel and lodging arrangements for out-of-town survivors.
- (e) Returning the deceased member's personal effects from the Department and the hospital to the survivors. The following should be considered when returning the personal effects:
 - 1. Items should not be delivered to the survivors until they are ready to receive the items.
 - 2. Items not retained as evidence should be delivered in a clean, unmarked box.
 - 3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
 - 4. The return of some personal effects may be delayed due to ongoing investigations.
- (f) Assisting with the return of department-issued equipment that may be at the deceased member's residence.

- (l) Maintaining long-term contact with survivors and taking measures to sustain a supportive relationship (e.g., follow-up visits, phone calls, cards on special occasions, special support during holidays).
- (m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1028.6.4 CRITICAL INCIDENT STRESS MANAGEMENT COORDINATOR

- (b) Ensuring that members who were involved in or witnessed the incident are relieved of department responsibilities until they can receive CISM support as appropriate and possible.
- (c) Ensuring that CISM and counseling resources (e.g., peer support, debriefing, grief counselors) are available to members as soon as reasonably practicable following the line-of-duty death.
